BOARD OF SUPERVISORS  
COUNTY OF LOS ANGELES

64 April 9, 2024

JEFF LEVINSON  
INTERIM EXECUTIVE OFFICER

April 9, 2024

The Honorable Board of Supervisors  
County of Los Angeles  
383 Kenneth Hahn Hall of Administration  
500 West Temple Street  
Los Angeles, CA 90012

Dear Supervisors:

**LOS ANGELES COUNTY AREA AGENCY ON AGING (AAA)  
PLANNING AND SERVICE AREA 19  
AND  
LOS ANGELES CITY AREA AGENCY ON AGING (AAA)  
PLANNING AND SERVICE AREA 25  
2024-2028 JOINT AREA PLAN**

**(ALL SUPERVISORIAL DISTRICTS) (3 VOTES)**

**SUBJECT**

The Los Angeles County Aging & Disabilities Department (AD) seeks your Board's approval for the FY 2024-2028 Joint Area Plan for the Los Angeles County and Los Angeles City Area Agency on Aging (AAA). This four-year Area Plan is required by the California Department of Aging (CDA) for all AAAs in California. The Four-Year Joint Area Plan outlines a strategy for creating coordinated, accessible home and community-based care systems. This strategy is focused on addressing the needs of the community and on developing specific services for older adults, adults with disabilities, and their caregivers.

Included in the Joint Area Plan is a needs assessment and strategies to address these identified needs. Furthermore, the plan aligns with the Purposeful Aging Los Angeles (PALA) initiative to establish age-friendly communities across the Los Angeles Region. Please see attached 2024-2028 Joint Area Plan Executive Summary (Attachment I).

**IT IS RECOMMENDED THAT YOUR BOARD**

1. Approve the Los Angeles County and Los Angeles City, Joint Area Plan for FY 2024-2028 (Attachment II).
2. Authorize the Director of AD, or designee, to sign the Letter of Transmittal on behalf of the Chair of the Board and submit the FY 2024-2028 Joint Area Plan to CDA.

**PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

The California Department of Aging (CDA) has designated AD as the AAA for Los Angeles County, Planning and Service Area 19, and Los Angeles City Department of Aging (LADOA) as the AAA Planning and Service Area 25. Accordingly, AD and LADOA are responsible for administering programs and services funded by the Older Americans Act to county and city residents.

Los Angeles is the only Planning Service Area in the nation where two (2) AAAs operate serving residents based on their geographical location. Having two AAAs in the Los Angeles Region has resulted in underserving communities, delayed service delivery, and duplication of efforts to serve the most vulnerable. It should not matter where an older adult lives to receive vital services; what matters is the need for services and support to be provided seamlessly and equitably. To maximize resources and enhance service delivery to older adults in the County and the City of Los Angeles, AD and LADOA requested approval from CDA to join forces, work collaboratively, and achieve efficiency by creating a Joint Area Plan that will address the needs of the Los Angeles Region. Based on the approval granted by the CDA, a Joint Area Plan is being submitted to ensure equity for all older adults in the Los Angeles region.

In preparation for the new four-year area plan, CDA conducted a needs assessment for all thirty-three (33) AAAs throughout California. Upon review of the assessments for both AAAs, the results were consistent with the Joint Area Plan goals and objectives, validating the need for integration to improve service delivery to older adults across the Los Angeles region.

The vision of Los Angeles County and Los Angeles City Area Agency on Aging is for the Los Angeles Region to be the best place in America to age with dignity and independence. Both AAAs are committed to fostering the development and execution of a comprehensive, coordinated system of care that enables older adults, adults with disabilities, and their caregivers to live in a community-based setting; advocate for the needs of these population groups and encourage stakeholder involvement in the planning process, as well as in the delivery of services.

The Older Americans Act (OAA) and Older Californians Act funded programs include Congregate and Home-Delivered Meals, Supportive Services, Legal Assistance, Nutrition Education, Family Caregiver Support Program, Disease Prevention and Health

Promotion Services, Long-Term Care Ombudsman programs, and Health Insurance Counseling and Advocacy Program (HICAP). The OAA requires that all AAAs have an Area Plan that identifies the needs of the community and outlines strategies for meeting these needs through comprehensive services.

The two (2) AAAs have developed the FY 2024-2028 Joint Area Plan which supports a regional vision by outlining a plan for how to support older adults (and their caregivers) to live and age gracefully in their homes and communities. The Joint Area Plan is developed based on an extensive stakeholder engagement process that included six (6) Public Hearings in collaboration with LADOA. In addition, the Los Angeles County Commission for Older Adults established a committee to provide guidance on the Joint Area Plan and served as hearing officers for the Public Hearings.

CDA conducted a survey of 1,056 respondents from the Los Angeles region of randomly selected persons over the age of 55. The survey/needs assessment identified that housing, employment, independent living, and information on services were the most pressing areas needing improvement. These insights will be used to guide service development, policymaking, and advocacy efforts to enhance the livability and quality of life for older adults in the Los Angeles region.

### **Implementation of Strategic Plan Goals**

The activities identified in the Joint Area Plan support the County's Strategic Plan Goal I: Make Investments That Transform Lives, specifically, Strategy I.1 Increasing Our Focus on Prevention Initiatives and Strategy I.2. Enhancing Our Delivery of Comprehensive Interventions; and Goal II Foster Vibrant and Resilient Communities, specifically, Strategy II.2 Supporting the Wellness of Our Communities.

### **Performance Measures**

The Joint Area Plan incorporates State and federal performance targets, which include proposed Units of Service for all AAA services.

### **FISCAL IMPACT/FINANCING**

The activities described in the Joint Area Plan are financed by federal OAA, State, and local County funds. No additional County funds are requested as part of the recommended actions.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

The recommended actions are necessary to allow AD to submit the Joint Area Plan to CDA for approval. CDA approval of the Joint Area Plan is a required condition of the State's agreement with both AAAs. County Counsel has reviewed and approved the Joint Area Plan.

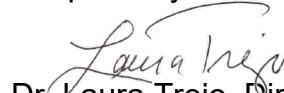

### **IMPACT ON CURRENT SERVICES**

Approval of the Joint Area Plan will enable the AAAs to continue to provide home and community-based long-term care initiatives and programs. These programs provide opportunities for functionally impaired and older adults to live their lives with maximum independence and dignity in their own homes and communities.

### **CONCLUSION**

Upon your approval of the recommended actions, AD will submit the Joint Area Plan to CDA for approval. Should you have any questions, you may contact me directly, or your staff may contact Ashley Liang, Executive Assistant, at [aliang@ad.lacounty.gov](mailto:aliang@ad.lacounty.gov).

Respectfully submitted,

  
Dr. Laura Trejo, Director

## **REQUEST FOR APPROVAL OF THE LOS ANGELES DEPARTMENT OF AGING'S FOUR-YEAR REGIONAL AREA PLAN ON AGING FOR FISCAL YEAR 2024-2028**

The General Manager of the Los Angeles Department of Aging (LADOA) respectfully submits this transmittal for your review and approval. As required by the California Department of Aging (CDA) and the Older Americans Act (OAA), LADOA has prepared its goals and objectives for the next four-years as part of the Four-Year Regional Area Plan on Aging 2024-2028 (Regional Area Plan).

### **RECOMMENDATIONS**

The General Manager of the LADOA requests that the City Council, subject to the approval of the Mayor:

1. APPROVE the Department's senior service programs proposed in the 2024-2028 Four Year Regional Area Plan.
2. AUTHORIZE the General Manager of LADOA, or designee, to execute the Letter of Transmittal and the Area Plan documents to the California Department of Aging.

### **BACKGROUND**

The 2024-2028 Area Plan is a Four-Year strategic plan that describes the goals and objectives for the delivery of services to older adults and their family caregivers. The first year of the plan establishes and lists the priorities developed by the Department that were gathered from older adults and their family caregivers during the Public Hearings, which are held annually for the purpose of listening and gathering information from older adults and their family caregivers about their experiences and what they believe to be services their community needs. These priorities include, but are not limited to the following service areas: Title III B (Social Services), Title III C (Nutrition Services), Title III D (Disease Prevention/Health Promotion), Title III E (Family Caregiver

***Area Plan Goals and Objectives:***

The goals and objectives of the Joint Area Plan are developed on the eight (8) age-friendly livability domains. The Joint Area Plan outlines eight (8) priorities and outcomes for addressing the needs identified by older adults in our communities. Our key priorities are:

1. Promote Safe, Sustainable, Accessible Outdoor Spaces & Buildings,
2. Promote Accessible and Affordable Transportation Options for Older Adults and Adults with Disabilities,
3. Address Issues of Homelessness and Promoting Affordable Housing
4. Promote Social Participation of Older Adults
5. Encourage Civic Participation & Employment
6. Communication & Information
7. Promote Community & Health Services
8. Promoting Emergency Preparedness & Resilience Efforts

To implement these priorities and address the needs identified by older adults, Aging & Disabilities and the City Department of Aging are employing the full-range of Older Americans Act (OAA) programs and services that include Congregate and Home-Delivered Meals, Supportive Services, Legal Assistance, Nutrition Education, Family Caregiver Support Program, Disease Prevention and Health Promotion Services, and Long-Term Care Ombudsman programs.

In addition to OAA funded programs, AD and DOA will also provide the LA FOUND Program, the APS Home Safe Program, and New Freedom Transportation program to expand services and supports to older, dependent and disabled adults.

Following approval by the Board of Supervisors, AD will submit the Joint Area Plan to the California Department of Aging. Implementation of the Joint Area Plan will begin as soon as the California Department of Aging approves the joint area plan.

## **JOINT AREA PLAN: INTRODUCTION**

In December 2020, the City of Los Angeles Department of Aging (LADOA) and the Los Angeles County Aging & Disabilities Department (AD) (formerly Workforce Development, Aging, and Community Services) submitted a joint letter to the California Department of Aging (CDA), outlining their desire to provide a more regional approach to the delivery of comprehensive services to older adults. In particular, LADOA and AD requested approval for a joint area plan. On July 19, 2021, in consultation with the Federal Administration on Community on Living, the CDA provided a formal response that provided acknowledgment of and concurrence with our proposal to improve services and supports for older adults. The CDA's response addressed the following required topics while providing guidance or approval:

### **Joint Area Plan**

Proposed single Area Plan for the County and the City of Los Angeles: Area Agency on Aging (AAAs) are required to complete Area Plans every four (4) years and submit annual updates. The State indicated willingness to review a proposed joint plan if it demonstrates that each AAA independently satisfies applicable regulations regarding the development and submission of an Area Plan to be executed with the FY 2024-2028 Area Plan.

### **Procurement**

Joint Procurement and Contracting: The CDA indicated they are “not aware of any impediment to a joint procurement or contracting endeavor” and identified several possible options for local consideration, including a three-way contract (i.e., an agreement between AAAs and the vendor) and a two-way contract (agreement between one AAA and the vendor who services both AAAs). The County and City have agreed to establish and have started to convene a working group to explore the viability of these and other collaborative efforts that can work within County and City requirements. CDA also indicated willingness to work with the City and County for CDA to monitor at the same time, where applicable, contractors performing the same services to both entities, rather than separate monitoring as is currently done.

### **Data Sharing**

The CDA indicated that the County and City may adopt shared performance metrics and data management systems if the two agencies are able to continue submitting distinct performance and fiscal data for each AAA.

### **Stakeholder Engagement**

Advisory Council/Commissions Summit: Provide an opportunity for community leaders/stakeholder/service utilizers to develop a shared vision and advocacy agenda for the region.

### **Provider Engagement**

Convene the Aging Network, consisting of community-based organizations across the region, as well as cities, to identify shared priorities, challenges, and opportunities for enhanced collaboration.

## **SECTION 1. MISSION STATEMENT (PSA 19 & 25)**

To provide leadership in addressing issues that relate to older Californians; to develop community-based systems of care that provide services which support independence within California's interdependent society, and which protect quality of life of older persons and persons with functional impairments; and to promote citizen involvement in the planning and delivery of services.

### ***Los Angeles County Aging & Disabilities Department (PSA 19)***

To improve lives and support self-determination for older adults, adults with disabilities, and communities.

### ***City of Los Angeles Department of Aging (PSA 25)***

To improve the quality of life, independence, health, and dignity of the City's older adult population by managing community-based programs that are comprehensive, coordinated, accessible, and to advocate for the needs of older citizens and their family caregivers.

APPROVED

## **SECTION 2. DESCRIPTION OF THE PLANNING AND SERVICE AREA (PSA 19 & 25)**

### **GOVERNMENT**

The County of Los Angeles was established February 18, 1850, as one of the 27 original counties in the State of California. With more than 10 million people calling Los Angeles County home, it is the largest and most diverse County in the nation. The County government is comprised of 38 departments and approximately 200 committees and commissions. The County has an annual budget of over 43 billion dollars and more than 112,000 budgeted positions to serve its diverse population.

The five (5)-member Board of Supervisors is the governing body of the County of Los Angeles and was created by the State Legislature in 1852. The Board has executive, legislative, and quasi-judicial roles. Members are elected by voters in their respective Districts and are limited to three four-year terms. Below are current Board members.

The County is charged with providing numerous services that affect the lives of all residents, including law enforcement, property assessment, tax collection, public health protection, public social services, elections, and flood control. There are 88 cities within the County, each with its own city council. All the cities, to varying degrees, contract with the County to provide municipal services. The area that is not part of these cities is the unincorporated County territory. The Board of Supervisors and County Departments provide municipal services to approximately 140 unincorporated areas. More than 65 percent of the County geographic area, 2,649 square miles, is unincorporated.

The City of Los Angeles has a Mayor-Council-Commission form of government where the Mayor serves as the executive branch and the Council as the legislative branch. The City Council consists

*Mayor Karen Bass  
City of Los Angeles*

of 15 Council members representing 15 districts (below are the 15 Council members). The Council is the governing body of the City and is responsible for ordering elections, levying taxes, authorizing public improvement, approving contracts, and adopting traffic regulations. All of the Council's actions are subject to the approval of the Mayor. The Mayor can veto actions approved by the City Council, and a two-thirds vote of the Council can override the Mayor's veto. The Chief Legislative Analyst Office provides technical assistance to the City Council. The city government consists of 43 departments and bureaus headed by General Managers, Commissions, or Boards, some of which are advisory in nature. The City's Department of Aging is headed by a General Manager. The LADOA serves as the AAA administrator over programs and services to serve older adults and their family caregivers in the City in its function as an AAA. LADOA

also has an advisory board, referred to as the Council on Aging, consisting of older adults throughout the City that provides updates and feedback to the department. In 2016, both Los Angeles County and Los Angeles City applied and were approved as Age-Friendly Communities.

## LOCATION

The County's Planning and Service Area encompasses an area of more than 4,000 square miles. Altitudes vary from nine feet below sea level in Wilmington to 10,080 feet above sea level at Mt. San Antonio. There are 72 miles of beaches, which represents nearly nine percent of California's 840-mile coastline. The County of Los Angeles includes the islands of San Clemente and Santa Catalina. It is bordered on the east by Orange and San Bernardino Counties, on the north by Kern County, on the west by Ventura County, and on the south by the Pacific Ocean.

The City of Los Angeles is an incorporated city within the County of Los Angeles. The City of Los Angeles is the second most populous city in the United States and the largest municipality in the State of California. City of Los Angeles spans 473 square miles, comprising approximately 11% of Los Angeles County's geographic area, and runs 44 miles north/south, 29 miles east/west and the length of the City boundary is 342 miles. The City has diverse urban and suburban communities with the Pacific Ocean bordering on the West and three mountain ranges in the North and East. Despite the City only comprising of approximately 11% of the County's geographic area, its dense population makes up nearly 28% of the population density in the region and 37% of the older adult population.

For the purposes of the FY 2024-2028 Joint Area Plan, the Los Angeles Region shall be defined to be inclusive of Los Angeles County (PSA 19) and City of Los Angeles (PSA 25).

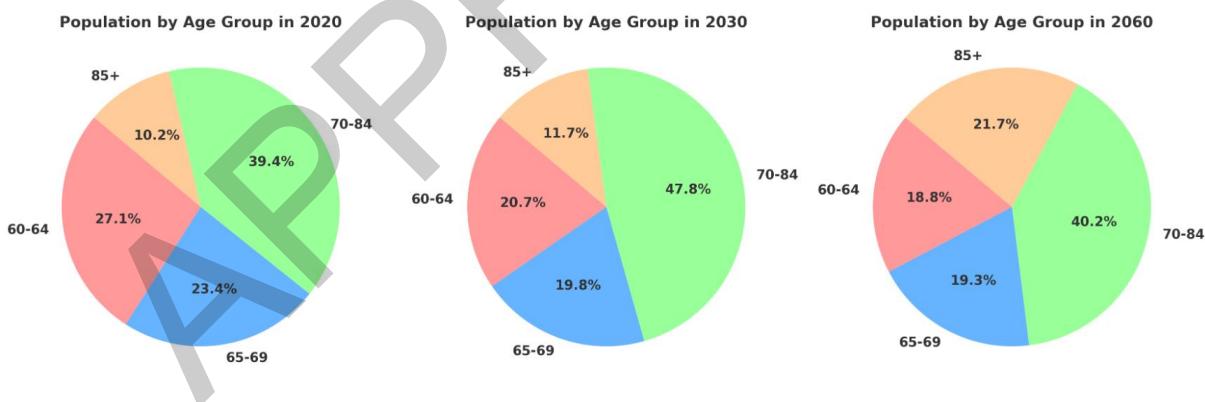

## **DEMOGRAPHICS**

The Los Angeles Region that is served by both PSA 19 and PSA 25, is characterized by its diverse and expanding population of older adults, is undergoing a significant demographic transition. According to the California Department of Finance, Demographic Research Unit, the population of older adults in the Los Angeles Region was approximately 2.3 million in 2023, constituting 23% of the total population of 9.8 million. Projections indicate a continual increase, with older adults expected to comprise 25% of the population by 2030 and 30% by 2050. For the population of older adults in the City, there were approximately 771,266 in 2022, constituting 20% of the total population of 3.8 million city residents. Based on an interpretation of the 2022 ACS 1-year Estimates, it can be projected that the older adult population in the City of Los Angeles will experience approximately a 60% increase in the older adult population age 60+ by 2030, and by 2050 the older adult population age 60+ will nearly double in size.

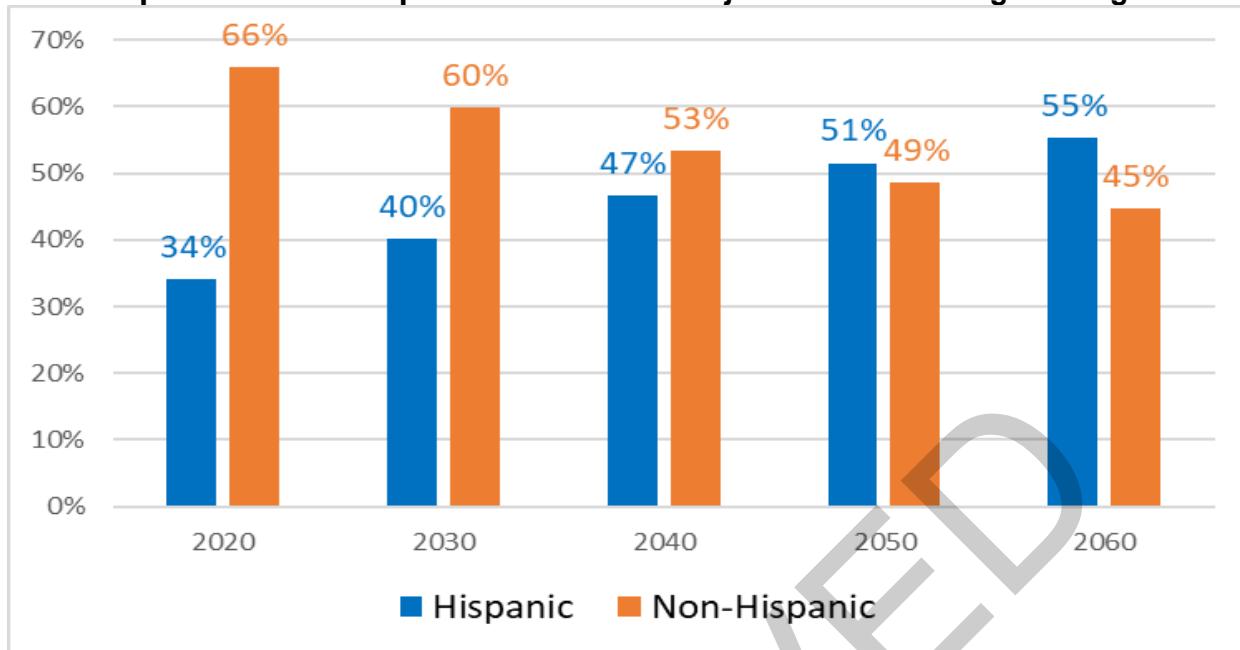

Additionally, these projections suggest an increase in life expectancy, with a notable rise in the proportion of the population aged 85 and older - from 10% in 2020 to 12% in 2030, and further to 22% by 2060. This positive trend in longevity underscores the need for the Los Angeles Region and communities to provide financial stability and age-friendly environments for older adults.

The trend is also reflected in changes in the racial and ethnic composition of the older adult population. A steady increase in the Hispanic older adult population brings both opportunities and challenges, particularly in the realms of healthcare, housing, social services, and community engagement. This shift is delineated in subsequent demographic charts.

**Los Angeles Region Older Adult Population by Decade**

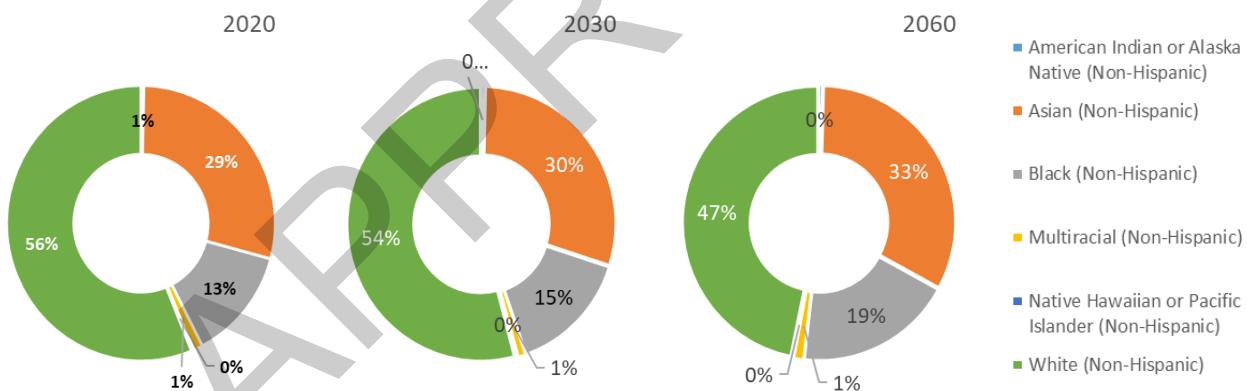

## Hispanic vs Non-Hispanic Older Adult Projections for Los Angeles Region

Source: California Department of Finance. Demographic Research Unit. [Report P-3: Population Projections](#), California, 2020-2060 (Baseline 2019 Population Projections; Vintage 2023 Release). Sacramento: California. July 2023

## Los Angeles Region Racial and Ethnic Composition Projections

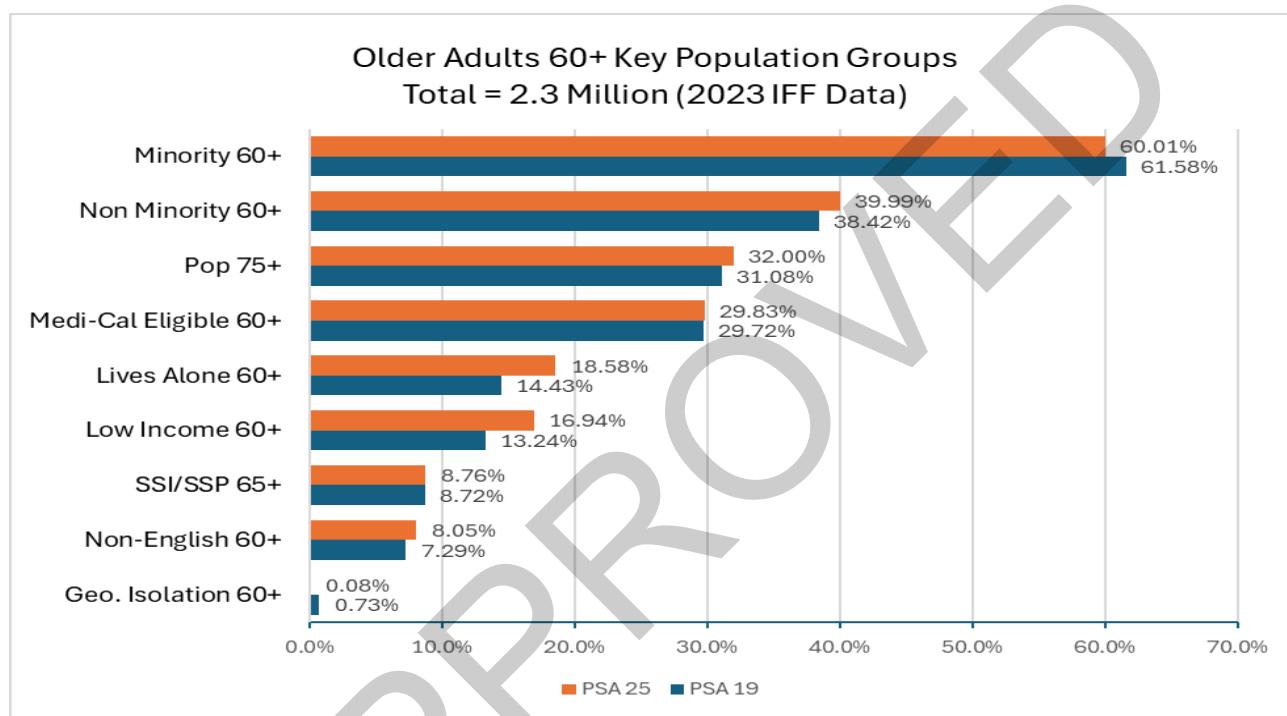

Source: California Department of Finance. Demographic Research Unit. [Report P-3: Population Projections, California, 2020-2060](#) (Baseline 2019 Population Projections; Vintage 2023 Release). Sacramento: California. July 2023.

The diverse needs and challenges of the older adult population in Los Angeles Region are multifaceted, including:

1. Older adults from minority racial and ethnic backgrounds, such as Black and Latino/a/x individuals, who often confront compounded challenges of ageism and racial discrimination. This group particularly faces barriers in accessing healthcare and social services.

2. Older adults living with chronic health conditions, including physical disabilities and mental health issues, necessitating personalized healthcare and support services.
3. Low-income older adults, who are especially vulnerable to economic instability and housing insecurity amid escalating living costs.
4. Older adults lacking robust family or community support networks, placing them at an increased risk of social isolation and consequent health issues.

In the Los Angeles Region, including the City and County, the following chart provides data for key subgroups.

Source: 2023 [California Department of Aging \(CDA\) Population Demographic Projections by County and PSA for Intrastate Funding Formula \(IFF\)](#)

Caregivers play a significant role in providing unpaid care to frail older adults, friends, or neighbors who needed help to live independently.<sup>1</sup> More than two-thirds of caregivers in the County reported caring for someone 65 years of age or older. As the aging population increases, this number will also rise rapidly. Grandparent caregivers represent a vulnerable segment of the older adult population as they are the primary family caregiver of a child whose biological or adoptive parents are no longer able to provide care. According to the 2022 American Community Survey, 1.4% of the County's age 60 years and over population is responsible for at least one grandchild, and 1.3% of the City's aged 60 years and over populations responsible for at least one grandchild.<sup>2</sup>

<sup>1</sup> UCLA School of Public Health, 2011, Informal Caregiving in Los Angeles County

<sup>2</sup> U.S. Census Bureau, American Community Survey 1-year estimates, 2022, Los Angeles County.

## **Language**

More than half of the Los Angeles Region residents speak a language other than English at home, and they are more likely to have been born abroad than the U.S. average.<sup>3</sup> Asian and Latino residents are more likely than other residents to face language barriers; 48% of Latinos and 43% of Asians in Los Angeles Region speak English “less than very well”.<sup>4</sup> In the City of Los Angeles 45.6% of older adults (aged 60+) speak English only, 54.4% speak a language other than English, and 38.0% speak English less than very well.<sup>5</sup> The prevalence of individuals with limited English is consistent with the growth in the U.S. foreign-born population.<sup>6</sup> These numbers are consistent with observations of the aging community in Los Angeles County. In the greater Los Angeles Metropolitan Area, the top languages spoken in households are English, Spanish, Chinese, Tagalog, Korean, Armenian, Vietnamese, Farsi, Japanese, and Russian.

## **Disability and Health**

Older adults in the Los Angeles Region face rising health care costs as illness and disability rates increase with age. In the Los Angeles Region, 23.8% of individuals of the civilian non-institutionalized population age 65-74 years are living with a disability, which rises to 49.4% for those 75 and over. Of the older adults (65 and over) who are living with a disability, approximately 23.7% reported living with an ambulatory difficulty, 18.7% reported living with an independent living difficulty, 11.5% reported living with a hearing difficulty, 11.2% reported living with a self-care difficulty, 10.3% reported living with a cognitive difficulty, and 6.6% reported living with a vision difficulty.<sup>7</sup>

According to the 2022 U.S Census American Community Survey 1-Year Estimates for the City of Los Angeles, 31.6% (or 239,155 individuals), of the civilian noninstitutionalized population aged 60+ reported living with a disability, while 68.4% do not live with a disability. Of the older adults (aged 65+) who are living with a disability, 24.7% reported living with an ambulatory difficulty, 20.3% reported living with an independent living difficulty, 11.8% reported living with a hearing difficulty, 12.4% reported living with a self-care difficulty, 11.0% reported living with a cognitive difficulty and 7.2% reported living with a vision difficulty.<sup>8</sup>

In the 2018 LA County Health Survey, more than 27% of Angelinos 65 and older rated their health as fair or poor. In that survey, 23.3% older people reported having been diagnosed as diabetic at some point.<sup>9</sup> In an analysis of data in 2015, USC researchers found Hispanic older adults almost twice as likely to report having been diagnosed with diabetes as non-Hispanic white residents.<sup>10</sup> Chronic diseases and risk factors affected a large share of the older population in Los Angeles: 23% were obese, 53.1% had previously been diagnosed with

<sup>7</sup> U.S. Census, 2022 American Community Survey 1-year Estimates

<sup>8</sup> U.S. Census Bureau. "Disability Characteristics." American Community Survey, ACS 1-Year Estimates Subject Tables, Table S1810, 2022, Los Angeles City, California.

<sup>9</sup> Los Angeles County Health Survey, 2018.

<sup>10</sup> USC School of Social Work, Los Angeles Healthy Aging Report 2015.

hypertension, 47.5% had been diagnosed with high cholesterol, 10.7% had been diagnosed with asthma and 14.8% had been diagnosed with depression.

Cognitive decline also contributes to poor health and can place significant demands on family caregivers. One estimate puts the number of Californians living with Alzheimer's Disease at 690,000 in 2023, with that number expected to continue to rise to over 1.5 million by 2040.<sup>11</sup> People living with Alzheimer's or Dementia may be physically able to complete activities of daily living, but still face difficulties in caring for themselves without support. The California Department of Public Health reported that in 2022, Alzheimer's disease was the leading cause of death for older adults aged 85 and older and was the second leading cause of overall deaths in the state.<sup>12</sup>

The growing prevalence of individuals with disabilities and functional limitations due to various health reasons increases the number of individuals at risk for institutional placement. The health of family caregivers is just as important as the health of the older family members or friends they support. Family caregivers are often busy caring for their loved ones, and they tend to neglect their own emotional and physical health, resulting in family caregiver burnout.

### ***Income/Poverty***

Many older adults rely on Social Security as a primary source of income that proves insufficient to the recent inflation and inflated cost of living in the Los Angeles Region. In 2022, the number of older adults at or below the poverty level grew to 16.7% in the City of Los Angeles and 14% in the County. Some try to find employment to supplement their income, but the share of people in the labor force declines as people age, dropping more for those aged 75 years and older.

Most beneficiaries have other sources of income, but for approximately two-thirds of elderly beneficiaries, Social Security provides at least half of their total income. Social Security makes up at least 90% of total income for 21% of married elderly couples and about 45% of unmarried elderly beneficiaries.<sup>13</sup>

Supplemental Security Income (SSI) is a source of income for some of the most vulnerable populations. SSI provides cash to help older individuals aged 65 and over, individuals who are blind, and individuals with a disability, who have little or no income, meet basic needs for food, clothing, and shelter. In 2022, 205,664 Angelinos aged 65 and older received SSI to help them cover basic living costs, and close to 60,000 only received SSI with no Social Security (Old Age, Survivors and Disability Insurance) income.<sup>14</sup> In December 2022, the average monthly SSI payment was \$741, equating to an average of approximately \$8,900 annually.<sup>15</sup> The maximum monthly SSI payment for an eligible individual was \$943 and for an eligible couple, \$1,415 in 2023.<sup>16</sup>

In the City of Los Angeles, the average Social Security income increased from \$19,707 in

2021 to \$21,290 in 2022, an increase of 8.03%. Also, 19.9% of PSA 25's older adult households receive food stamp/SNAP benefits while 4.5% receive cash public assistance income.<sup>17</sup>

Of the 431,819 older adult households in the City of Los Angeles, 57.7% had earnings from wages, salaries and self-employment income, with average earnings of \$105,020. 62.6% percent of older adults' households had income from social security. 13.0% received income from supplemental social security. The percentage of older adults with retirement income was 32.6%, with average retirement income being \$39,611.<sup>18</sup>

The economic security of family caregivers must also be considered. It is common to attribute family caregiver services as being "free;" however, the value of the services family caregivers provide is estimated at \$470 billion a year.<sup>19</sup> That is more than all out-of-pocket healthcare expenses in the U.S. (\$366 billion), and increasingly incorporates more complex care. In a 2021 Caregiving Out-of-Pocket Costs Study from AARP, the typical out-of-pocket costs for caregivers was approximately \$7,000 annually, and family caregivers spend about 26% of their income on caregiving activities.<sup>20</sup> Caregiving can affect economic opportunity, a Harvard Business School study found that a third of workers reported having to quit a job because of their caregiving responsibilities at some point in their career.<sup>21</sup>

In addition, older adults who usually become the primary family caregivers of their grandchildren after an unexpected event are further faced with the financial challenge of having an additional dependent without additional income. A study conducted by the UCLA Center for Health Policy Research estimated that older adults need about twice the median Social Security income to support themselves and their grandchildren.<sup>22</sup>

## ***Housing***

The Los Angeles Region housing market is unaffordable to many, especially for residents who are low income and rent burdened. According to the Housing Urban Development Department, cost-burdened families, spending more than 30% of household income on rent/owner costs is an indicator that residents may have difficulty affording basic necessities of life, such as food, clothing, transportation, or medical care.

In the City, of the 431,819 older adult (60+) households, 53.9% owned their own home and 46.1% of older adult households rented their housing unit.<sup>23</sup> Of those who rented their housing unit it is estimated that 60.4% spent more than 30% of their household income on gross rent/owner cost, while those who were homeowners it was estimated 39.6% spent more than

30% of their household income on gross rent/owner cost.<sup>24</sup>

### **Migration**

The Los Angeles Region is one of the major immigrant gateways in the nation. Of the 60+ older adults who reside in the Los Angeles Region, over 54% are foreign born. Major immigrant gateways report that foreign-born population speaks English “less than very well”. Language and cultural barriers can present major challenges to immigrants, impeding access to crucial services such as healthcare.

The multiple languages spoken in the region, the different cultural networks and norms affect how information is disseminated and what messages will resonate with older adults and their family caregivers. It also affects what meals and supportive services will appeal to potential clients, and the context in which people seek out and are willing to accept assistance. Trust in government institutions may also vary based on previous personal and community interactions with law enforcement, immigration officials and other government agencies. The need for cultural competency to serve a particular community can affect which providers are most effective at reaching and serving them, and the geographic dispersion of community members can create barriers to access. This is also true for other target populations, including the LGBT community.

While support programs can help, many use the Federal Poverty Guidelines (FPG) to determine eligibility. The problem is that the FPG is the same dollar amount across the country and does not reflect the local cost of living. Older individuals in the Los Angeles Region are struggling with increasing costs of living, fixed incomes, and rising inflation. Older individuals living below the Elder Index often make difficult decisions between basic needs such as nutritious food, prescription medications, or adequate heating or cooling during winter and summer months. Many older adults and family caregivers in the Los Angeles Region may be living above the poverty level but may still lack economic security and opportunities for economic upward mobility.

Baby Boomers are turning 65 years old at a rate of about 10,000 a day. The Pew Research Center estimates that all Baby Boomers will be 65 years old by the year 2030, representing 18% of the nation’s entire population.<sup>25</sup> These startling numbers translate to increased strain on healthcare, transportation, housing, and public service systems.

The increased aging population coupled with rising housing costs has created a significant increase in the demand for AAA programs and services. Older Americans Act funding was recently temporarily increased in response to the pandemic, however, the demand for services continues to increase.

Per the 2022 U.S. Census data, of the 771,266 older adults aged 60+ that reside in the City of Los Angeles, 353,935 (or 45.9%) are native born, while 417,331 (or 54.1%) are foreign born.<sup>26</sup> As of 2022, 5.5% of foreign-born older adults entered the City populous in 2010 or

---

<sup>26</sup> U.S. Census Bureau. "Population 60 Years and Over in the United States." American Community Survey, ACS 1-Year Estimates Subject Tables, Table S0102, 2022, Los Angeles City, California.

later, 7.9% entered from 2000 to 2009 and 86.6% entered before 2000. Also as of 2022, 74.5% of the foreign born older adult population are naturalized U.S. citizens, while 25.5% are currently not U.S. citizens.

## **CONSTRAINTS**

The physical characteristics of the Los Angeles Region range from seaside areas to some of the highest mountains and most densely populated areas in the nation. Because the area is so vast, this presents multiple challenges in delivering services, including long travel times and jurisdictional complexity. It is the nation's most populous region and serving a very diverse older adult population, family caregivers, and adults with disabilities who often experience multiple and complex challenges and are spread out throughout this vast region is daunting.

## **RESOURCES**

Resources for older individuals, their family caregivers, and adults with disabilities remain limited; thus, the AAAs and their aging network that include county and city departments, local universities, community-based organizations, private, and non-profit service providers, collaborate to maximize services to serve older adults, and family caregivers. These partnerships were established at the onset of the Purposeful Aging Los Angeles (PALA) Initiative.

The PALA initiative was created in May 2016, when both Los Angeles County and the City of Los Angeles joined the international network of age-friendly cities and communities. PALA was created to respond to the increase in older adult population and increase for service demands that ultimately has led to this joint Area Plan.

In addition to comprehensive and collaborative planning efforts with a wealth of community stakeholders, the Los Angeles AAAs work closely with their respective advisory councils to ensure the community's input and feedback as they design programs and activities.

## **SERVICE SYSTEM**

The Los Angeles Regional AAAs offer numerous programs and services in collaboration with private, non-profit, and other organizations to meet the growing needs of the older adult population. Realizing that programs and services should reflect the needs and preferences of each unique community, the AAAs either provide direct services or contract with community-based organizations to provide essential services. For instance, the AAAs contract with community Service Providers to provide Title IIIC Nutrition Services. These Service Providers deliver over 2.5 million meals to congregate meals and homebound older adults combined. Additionally, both AAAs administer over 150 congregate meal sites throughout the Los Angeles region, where they can also provide socialization opportunities to older adults and offer culturally sensitive meals.

### **SECTION 3. DESCRIPTION OF THE AREA AGENCY ON AGING (AAA) (PSA 19 & 25)**

The Los Angeles County AAA is under the umbrella of the Los Angeles County Aging & Disabilities (AD) Department. AD is governed by a five (5)-member County Board of Supervisors, representing five (5) Supervisorial Districts. The City of Los Angeles Department of Aging is governed by the Mayor and City Council (made up of 15 Council Members) and was formed in 1983. The only City department in California that is designated as an AAA as it is tasked to serve one of the most diverse and densely populated areas in the region.

Both AAAs are responsible for the administration of their respective programs, services, and activities that serve older adults and family caregivers that are funded by the Older Americans Act and Older Californians Act. The LADOA also receives City General Fund dollars and is the recipient of services from other City departments including transportation (vehicles and servicing); access to public access television (Channel 35) for broadcast services; benefits and retirement funding for staff; legal advice and representation; information management; telecommunication services; and printing services.

Each AAA maintains their respective advisory board which makes recommendations on all matters related to planning and delivery of services to older adults and their family caregivers living in the Los Angeles Region. Both advisory boards are composed of senior volunteers and serve to advocate for the unique needs of older adults, adults with disabilities, and family caregivers.

Each AAA also collaborates with local County departments such as the Department of Public Social Services, the Department of Public Health, the Department of Mental Health, the Department of Veterans and Military Affairs, the Office of the Public Defender and other related County Departments to refer older adults to programs such as CalFresh, In Home Supportive Services (IHSS) and wellness initiatives for older adults. These strong partnerships with local County Departments enable us to address the diverse needs of the population. While these efforts are well-established, the AAAs are also currently in the process of engaging local health plans including the Veterans Administration to strengthen collaboration further. These efforts aim to foster a multidisciplinary approach to care, support integrated service delivery, and enhance access to healthcare and supportive services for older adults within the community.

#### ***AAA Leadership Role***

The AAA's role is to provide leadership and continued support to meet the needs of older adults, informal family caregivers, and adults with disabilities by advocating, planning, developing, and implementing a comprehensive system of care built upon the values of:

- Maximizing independence and healthy aging,
- Ensuring a safety net for older adults,
- Developing inclusive opportunities for civic engagement of older adults, adults with disabilities, and their family caregivers, and
- Creating and sustaining a system of care that values diversity and whose programs/services are culturally competent and socially inclusive.

These leadership roles will be met by reaching out to a broad spectrum of community leaders in the aging field, at the local, regional, state, and federal levels; community-based organizations; and other public entities. The Los Angeles Region will continue to seek resources and expand opportunities to strengthen the system of care to the most in need, promote healthy aging, and engage older adults and their family caregivers.

Both AAAs contract out most services through their network of service providers that include the following programs by funding:

- **Programs Funded by Older Americans Act:** Title IIIB Supportive Services, Title III C1 Congregate Nutrition, Title III C2 Home Delivered Meals, Title IID Disease Prevention/Health Promotion, Title III E Family Caregiver, Title V<sup>27</sup> Senior Community Service Employment Program, Title VII A Ombudsman, Title VII B Elder Abuse Prevention, and Legal Services.
- **Programs Funded by Older Californians Act:** Health Insurance Counseling Advocacy Program (HICAP) and the Medicare Improvements for Patients and Providers (MIPPA) Program.
- **Programs Funded by Community Development Block Grant Programs (CDBG):** Evidence Based Programs (EBP<sup>28</sup>), Emergency Response Alert System (EARS<sup>29</sup>), and Nutrition<sup>30</sup>. The EBP and EARS programs are offered by PSA 25 to LA City residents only. The Linkages and Nutrition programs are offered by PSA 19 to LA County residents only.
- **Programs Funded by Proposition A Local Transit Assistance Fund:** Transportation services. This program is offered by PSA 25 to LA City residents only.
- **Program Funded by General Funds:** Linkages<sup>31</sup> and Congregate & Home Delivered Meal<sup>32</sup> Programs. The Linkages program is offered by PSA 19 to LA County residents only.
- **Programs Funded by Aging and Disability Resource Connection:** Currently the Central & South LA ADRC and the Emerging LA Region ADRC.

## **PROGRAMS AND SERVICES COMMUNITY BASED OLDER AMERICANS ACT SENIOR SERVICES**

- IN-HOME SERVICES
  - **Personal Care** – provision of personal assistance, stand-by assistance supervision or cues for persons having difficulties with one or more activities of daily living.
  - **Homemaker** – provision of assistance to persons having difficulty with one or more

---

<sup>27</sup> Title V delivered directly by LA City and contracted out by LA County.

<sup>28</sup> EBP Programs delivered by LA City

<sup>29</sup> EARS program delivered by LA City

<sup>30</sup> Nutrition program delivered by LA County

<sup>31</sup> Linkages services delivered by LA County

<sup>32</sup> Meal Programs delivered by LA City

instrumental activities of daily living.

- **Chore** – the provision of assistance to persons having difficulty with one or more of the following instrumental activities of daily living: heavy housework, yard work or sidewalk maintenance.
- **NUTRITION SERVICES**
  - **Congregate Meals** – a nutritious hot meal is offered to older adults five days a week at over 170 dining sites across LA Region. Meals are provided from five ethnically oriented menus.
  - **Home-Delivered Meals** – a nutritious hot meal is delivered five days a week to older adults who are homebound because of illness, disability, or are otherwise isolated. Meals are provided from five ethnically oriented menus.
  - **Nutrition Education** (Congregate & Home-Delivered Meal) – provides accurate and culturally sensitive nutrition physical fitness, or health (as it relates to nutrition) information and instruction to participants or participants and family caregivers in a group or individual setting overseen by a dietician or individual of comparable expertise.
- **SUPPORTIVE SERVICES**
  - **Case Management** – assistance either in the form of access or care coordinating in circumstances where the older person and/or their family caregivers are experiencing diminished functioning capacities, personal conditions or other characteristics which require the provision of services by formal service providers.
  - **Legal Assistance** – provision of legal advice to a person for counseling and/or representation by an attorney or other person acting under the supervision of an attorney.
  - **Information and Assistance** – provides individuals with current information on opportunities and services available to the individual within their communities, including information relating to assistive technology; assess the problems and capacities of the individuals; links the individuals to the opportunities and services that are available; and ensure (to the extent practical) the individual receives the services needed, and are aware of the opportunities available, by establishing adequate follow-up procedures.
  - **Outreach** – interventions initiated by an agency or organization for the purpose of identifying potential clients, encourages their use of existing services and benefits, and includes advocacy on the client's behalf for services.
  - **Senior Center Activities** – arranges or provides organized social, art/recreational, health, and/or nutritional services for program clients to maintain/enhance their level of functioning.
  - **Visiting** – going to a client's home to provide reassurance and comfort.
  - **Telephone Reassurance** – schedule calls to a client to provide comfort and support.
  - **Community Education/Advocacy** – staff educates groups of older adults, their families, friends, and community organization/facility staff on rights, benefits, and entitlements for older adults either residing at home or living in an institutional setting.

- **Employment** – activities designed to maintain or obtain employment for older adults or to assist them in selecting and entering a second career.
- **Personal Affairs Assistance** – assists older adults to avoid exploitation by providing discount programs, consumer education, and assistance in completing financial forms and service applications.
- **Hotel Alert** – provision of social and nutritional services for the elderly residing in the Central Business District of downtown Los Angeles. This program is offered by PSA 25 only.
- **Medication Management** – provides medication screening and education to older persons and family caregivers to prevent incorrect medication administration and adverse drug reactions.
- **Comprehensive Assessment** – evaluate a person's physical, psychological, and social needs, financial resources, and the strengths and weaknesses of their informal support system and the immediate environment as a basis for determining current functional ability and potential improvement to develop the appropriate services needed to maximize functional independence.

- COMMUNITY BASED TRANSPORTATION SERVICES
  - **New Freedom Transportation Program** – provides Volunteer Driver Mileage Reimbursement (VDMR) and Taxicab Services Program (TSP) to older adults in the community. This program is offered by PSA 19 only.
  - **Proposition A Senior Services** – provides older adults and adults with disabilities with transportation services to attend doctor appointments or trips to the pharmacy. This service fills a service gap due to the large geographical size of the PSA, and the complex, limited nature of the transportation system for older adults. This program is offered by PSA 25 only.

- OLDER AMERICANS ACT SENIOR SERVICES
  - **Health Promotion/Disease Prevention** – provides disease prevention and health promotion services and information at senior centers, at congregate meal sites, through home-delivered meals programs, or at other appropriate sites. A shared service provider is used for both PSAs.
  - **Family Caregiver Support Program** – provides training and education for family members who are responsible for the care of an older family member. Further, conferences are conducted to assist family caregivers in assessing their role and facilitating access to family caregiver resources. Conferences are provided in English and Spanish.
  - **Ombudsman** – provides assistance to residents of long-term care facilities and their family members in resolving *problems* related to the quality of their care. A shared service provider is used for both PSAs.
  - **Elder Abuse Prevention** – designed to increase public education and awareness on those persons/populations at high risk for abuse, how to identify and report abuse and provide community access to prevent abuse and assist family caregivers.

- **Legal Services** – attorneys and paralegals travel to the senior centers to offer senior legal assistance on issues concerning their rights, benefits, and entitlements. A shared service provider is used for both PSAs.
- OLDER CALIFORNIANS ACT SENIOR SERVICES
  - **Health Insurance Counseling Advocacy Program** – provides health insurance counseling and advocacy services to Medicare enrollees and provides education to healthcare consumers on how to advocate for themselves. A shared service provider is used for both PSA's.
  - **Medicare Improvement for Patients and Providers Act** – provides outreach and education to low-income Medicare enrollees.
- COMMUNITY DEVELOPMENT BLOCK GRANT SENIOR SERVICES
  - **Evidence Based Programs** – provide older adults with programs that enhance wellness skills in the areas of self-management, healthier living, physical activity programs, and family caregiver support or memory enhancement. This program is offered by PSA 25 only.
  - **Nutrition** – expands congregate and home delivered meal programs.
  - **Emergency Alert Response System (EARS)** -- EARS is a medical communications and personal device that connects frail, homebound older adults to emergency service 24/7. This program is offered by PSA 25 only.
  - **Linkages** – provides care management to persons with functional impairment and at risk of institutional placement. This program is offered by PSA 19 only.
- DIRECT SERVICES [PSA 25 Only]
  - **Information and Assistance** – older adults can call directly and be referred to a wide array of service providers including agencies that handle potential incidents of elder abuse. In addition to telephone information on local agencies and other services provided to older adults, a directory identifying programs and agencies by local region is available. Service referral is provided to assist Spanish-speaking and Asian language-speaking older adults.
  - **Family Caregiver Support Program** – provides training and education for family members who are responsible for the care of an older family member. Also, conferences are conducted to assist family caregivers in assessing their role and facilitating access to family caregiver resources. Conferences are provided in English and Spanish.
  - **Senior Community Service Employment Program** – eligible participants who are unemployed, 55+ and older, who meet federal low-income guidelines are paid to train twenty hours each week at local partners such as senior centers, libraries, childcare centers, and other nonprofit community service organization. This program offers participating older adults the opportunity to acquire new career skills or build on existing skills while earning an hourly stipend. The goal is to transition participants into unsubsidized employment.
  - **Emergency Alert Response Program** – telecommunication equipment that assists

older adults in the event of an emergency. This program supports homebound older adults who live alone and meet certain federal income guidelines. This is a collaborative effort with the regional case management programs.

- **Serving Our Seniors (SOS)** – collaborative program with the City's Department of Water and Power (DWP), Housing Department, Senior Multipurpose Centers, and sponsoring agencies. DWP representatives are on the alert for signs that an older adult client may be in need of assistance to maintain their independence. On referral, case managers at a local senior center evaluate and address the situation and DWP enrolls older adults in Lifeline programs.
- **LADWP Summer Fan Program** – To help low-income older adults cope during hot summer months, the DWP donates an average of 1500 fans citywide. The senior centers identify seniors in need and distribute the fans at the onset of the summer season.
- **File of Life** – the File of Life program is a collaboration with local government emergency response agencies and Kroger Supermarkets. This program provides critical medical information to emergency personnel during a medical emergency for older adults.
- **Digital Connections** - This CDA program serves to close the gap in the digital divide for older adults by purchasing digital devices, creating an internet service plan, and training.
- **CalFresh / Supplemental Nutrition Assistance Program (SNAP)** - LADOA is collaborating with the California Department of Social Services to help seniors go grocery shopping for healthy food using benefits courtesy of the CalFresh and SNAP programs.

As evidenced by the Purposeful Aging Los Angeles initiative, continued collaboration with partners, contractors, community-based organizations, and County/City departments is a vital component of the AAAs continuous focus on working toward a comprehensive and coordinated system of home and community-based care. In addition to the service delivery system composed of contracts and direct services, focal points play a major role in this endeavor. Focal points provide an avenue for older adults and adults with disabilities to access much needed programs and services, such as information and assistance, care management, and nutrition programs.

Over the next four (4) years, the AAAs will continue to work toward providing comprehensive, coordinated, and effective services in collaboration with its partners. The AAAs priority is to ensure that older adults live with dignity and independence. In doing so, the AAA continues to be sensitive to the needs of the population by exploring new and innovative ways to improve the quality of services.

With the passage of Assembly Bill 1118, the Age-Friendly California Act, California declared itself

an age-friendly state. With the re-approval of the Purposeful Aging Los Angeles (PALA) Initiative, the Los Angeles Region is an age-friendly community that will continue to work and align with the State's age-friendly initiatives. The Masterplan for Aging, that was released on January 6, 2021, outlines five bold goals and twenty-three strategies to build a California for All Ages by 2030. It includes a Data Dashboard on Aging to measure progress and a Local Playbook to drive partnerships that help meet these goals, aiming to create an age-friendly environment not just for today's older adults but for future generations as well.

APPROVED

## **SECTION 4. PLANNING PROCESS & ESTABLISHING PRIORITIES (PSA 19 & 25)**

Between 2016 and 2018, the PALA initiative conducted an extensive survey in nine different languages to 14,105 Angeleno residents. This survey sought to understand the needs and expectations of residents who want to grow older in their communities. The survey was analyzed by experts at leading local academic institutions and stakeholders who developed recommendations that were subsequently prioritized in consultation with 300 older adults. These prioritized recommendations were grouped into eight livability domains and crafted into the Age-friendly Action Plan for the Los Angeles Region 2018-2021 and released in August 2018. Subsequently, in 2022, PALA was approved through 2027.

The priorities set by the PALA process reflect the collective wisdom of stakeholders on what would be useful policy action in these spaces. In many cases, they require action from City and County departments outside the City of Los Angeles Department of Aging (LADDA) and the Los Angeles County Aging and Disabilities Department (AD) the two departments that house the Los Angeles AAAs. Eight working groups were established to convene key stakeholders, including older adults, to make progress on the identified priorities. The PALA action plan was taken into consideration in the planning process for the FY 2024-2028 Joint Area Plan. In addition, PSA 25 conducted a broad-based anonymous survey in 2019 to gather concerns and needs directly from older and dependent adults. The survey, based on the California Department of Aging “Core Survey”, was available both online and on paper. The survey was sent to contracted service providers of both AAAs, senior centers across the City and County, LACCOA members, community partners and stakeholders with a request that they encourage older adults in their network to complete the survey.

The priorities from the PALA initiative are identified below:

1. Outdoor Spaces and Buildings: Ensuring public spaces are safe, accessible, and senior-friendly.
2. Transportation: Enhancing mobility and transit services tailored to seniors.
3. Housing: Increasing affordable, accessible housing options.
4. Social Participation, Respect, and Inclusion: Promoting opportunities for engagement and reducing isolation.
5. Civic Participation and Employment: Creating pathways for older adults to contribute meaningfully.
6. Communication and Information: Improving access to resources and digital literacy.
7. Community Support and Health Services: Strengthening access to healthcare and community-based services such as
8. Emergency Preparedness and Resilience: Advocating for inclusivity and combating ageism.

The AAAs also drew on data from government, academic and civic sources, and internal data on recipients of AAA services in the region. This included reviewing the 2021 to 2022 Census Data and the US Census, American Community Survey.

Both AAAs strive to implement an inclusive and comprehensive planning process to ensure the

needs of the Los Angeles Region older adult residents and family caregivers are being adequately addressed. The planning process includes Public Hearings and a needs assessment for each AAA.

Public Hearings are essential in providing older adults, caregivers, service providers, senior advocacy groups, community leaders, and other relevant stakeholders an opportunity to comment on proposed program changes or service modifications of Older Americans Act Programs. The Public Hearings also provide an opportunity for discussion, public testimony, and written statements. PSA 19 and 25 have been hosting joint Public Hearings since 2015. Six public hearings were jointly held in-person and virtually in English and translated into Spanish and American Sign Language. Public Hearings were conducted in collaboration with the AAAs respective advisory boards. During the Public Hearings, "adequate proportion" was presented, and the AAAs determined the "adequate proportion" of Title III-B funds for priority services by utilizing historical use of the proportion from previous Area Plans and service utilization. This approach ensures that funding allocations are grounded in past trends. To ensure these proportions stay aligned with the community's priorities, the AAA will review and adjust, as needed, these proportions annually, addressing changes in demographics and emerging needs.

The AAAs maintains a robust relationship with its aging network to be aware of the most innovative programs, services, and recent changes in policies. This robust planning process is continually evolving. These services enable older adults to age in place safely and help older individuals remain independent in their homes and communities for as long as possible. Both AAAs will use data-driven strategies, strategic partnerships, and culturally tailored outreach to help meet targeting mandates and serve older individuals with the greatest economic and social need. Both AAA's will work with service providers that will utilize risk assessment tools to identify vulnerable clients and prioritize their needs. Additionally, regular monitoring and stakeholder feedback will ensure continuous improvement and equitable access. Through the ongoing activities of the PALA partnership, the efforts of the AAAs, the advisory boards, service providers, and the community, the Los Angeles Region will become the most age-friendly region in the world.

## **SECTION 5. NEEDS ASSESSMENT & TARGETING (PSA 19 & 25)**

### ***Background***

The California Department of Aging (CDA) partnered with the National Research Center (NRC) at Polco to administer the Statewide Community Assessment Survey for Older Adults (CASOA). NRC used standard scientific statistical methods to ensure the validity and reliability of the survey results. Random selection of households with adults aged 55+ was utilized in this survey. In addition to the random sample "probability" survey, an open participation survey was conducted, in which all older adults 55 years or older were invited to participate. The open participation survey instrument was identical to the probability sample survey. This exploration survey was intended to provide useful information for planning and resource development as well as strengthen advocacy efforts and stakeholder engagement.

The survey structure is consistent with the PALA domains omitting the domain related to Emergency and Resilience. The goal of the assessment is to create empowered communities that support vibrant older adult populations. The Statewide Community Assessment for Los Angeles Region revealed critical information.

### ***Survey Responses***

For Los Angeles County, excluding the City of Los Angeles, the result was as follows:

- 301 completed surveys from an initial pool of 5,000 households
- 355 completed surveys from the open participation survey
- 656 responses were received from both surveys.

For Los Angeles City, the result was as follows:

- 276 completed surveys from an initial pool of 5,000 households and
- 126 completed surveys from the open participation survey
- 402 responses were received from both surveys.

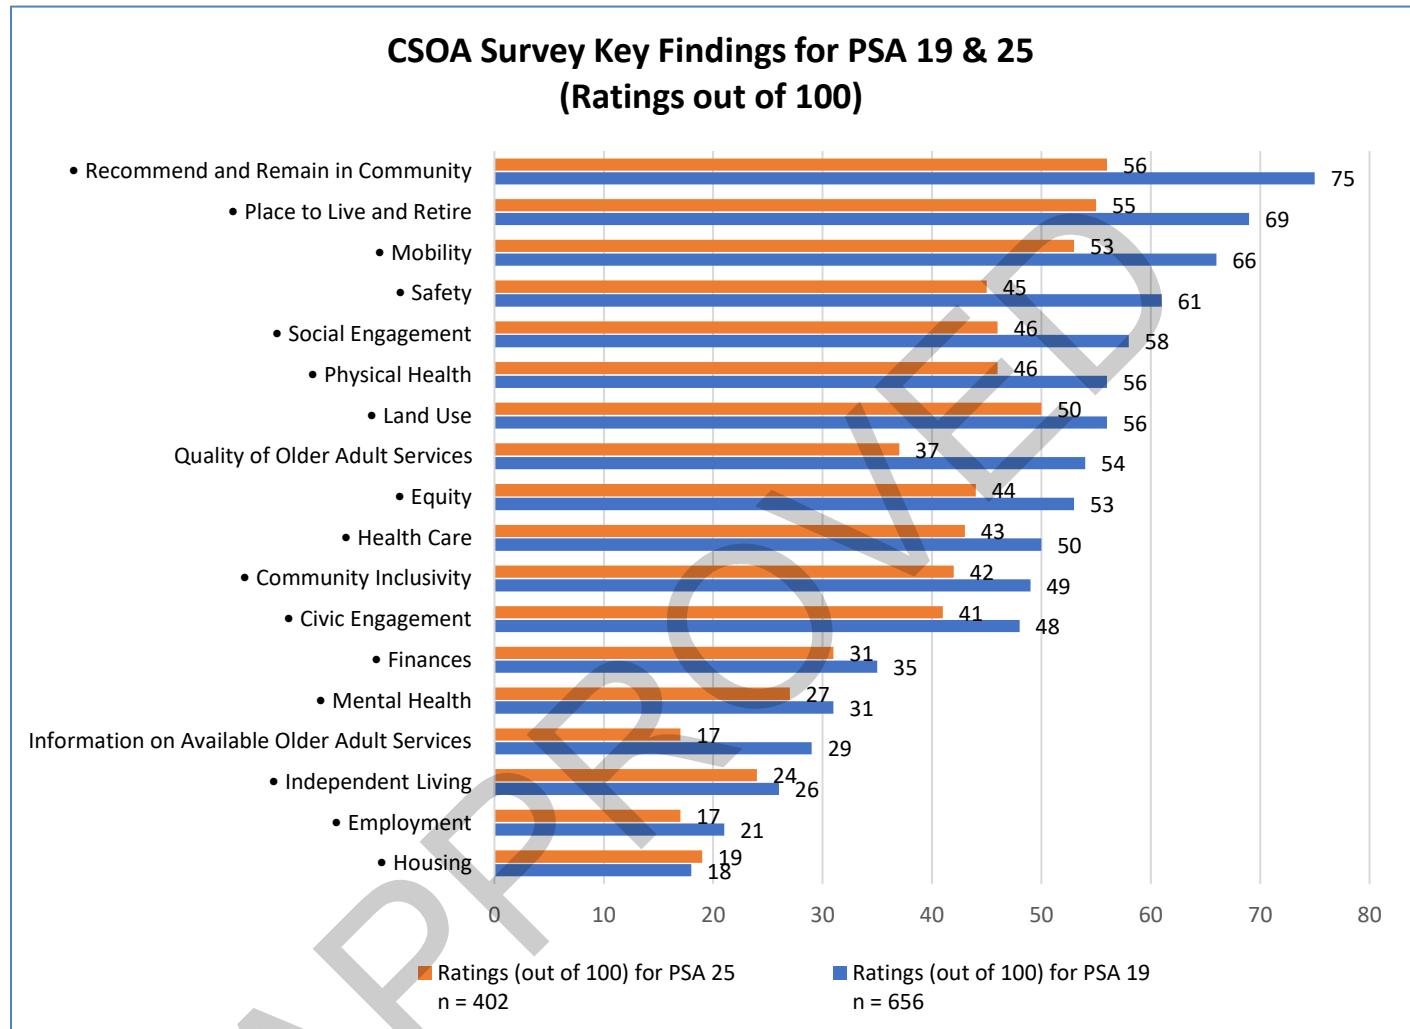

The total number of respondents in Los Angeles Region (both PSA 19 and 25) was 1,056.

### ***Understanding the Survey Findings***

The survey report summarizes how older adults view their community and its success in creating a thriving environment for older adults. Aspects of livability are explored within six Community Livability Dimensions that mirror six of the PALA Livability domains and 18 Community Livability Topics: The Dimensions are: Community Design, Employment and Finances, Equity and Inclusivity, Health and Wellness, Information and Assistance, and Productive Activities. Overall community quality is also assessed.

Domain of Community Livability	Description	Community Livability Topics
 Overall Community Quality	<p>Measuring community livability starts with assessing the quality of life of those who live there, and ensuring that the community is attractive, accessible, and welcoming to residents of all ages.</p>	<ul style="list-style-type: none"> <li>• Place to Live and Retire</li> <li>• Recommend and Remain in Community</li> </ul>
 Community Design	<p>A well-designed community enhances the quality of life for its residents by encouraging smart land use and zoning, ensuring that affordable housing is accessible to all, and providing mobility options to support residents aging in place.</p>	<ul style="list-style-type: none"> <li>• Housing</li> <li>• Mobility</li> <li>• Land Use</li> </ul>
 Employment and Finances	<p>Communities that work to foster sustainable growth, create jobs and workforce training for persons of all ages, and promote equitable economies ensure older adults are able to sustain their financial well-being through retirement and not outlive their life investments.</p>	<ul style="list-style-type: none"> <li>• Employment</li> <li>• Finances</li> </ul>
 Equity and Inclusivity	<p>A community is often greater than the sum of its parts. Having a sense of community entails not only a sense of membership and belonging, but also feelings of safety and trust in the other members of the community.</p>	<ul style="list-style-type: none"> <li>• Equity</li> <li>• Community Inclusivity</li> </ul>
 Health and Wellness	<p>The amenities available in the communities have a direct impact on the health and wellness of residents, and thus, on their quality of life overall.</p>	<ul style="list-style-type: none"> <li>• Safety</li> <li>• Physical Health</li> <li>• Mental Health</li> <li>• Health Care</li> <li>• Independent Living</li> </ul>
 Information and Assistance	<p>Government programs, policies and information assistance can support successful aging initiatives allowing older residents to remain independent contributors to community quality.</p>	<ul style="list-style-type: none"> <li>• Quality of Older Adult Services</li> <li>• Information on Available Older Adult Services</li> </ul>
 Productive Activities	<p>Productivity is the touchstone of a thriving old age. Older adults' engagement and contribution to the community can be determined by their time spent in civic meetings and social activities or providing help to others.</p>	<ul style="list-style-type: none"> <li>• Civic Engagement</li> <li>• Social Engagement</li> <li>• Caregiving</li> </ul>

The key findings of the survey are summarized using the Community Livability Topics in the following chart. The ratings are summaries of several questions that range from 0 as poor, 33 as fair, 67 as good and 100 as excellent. For example, a score of 58 should be interpreted as closer to good than to fair (with the midpoint of the scale, 50, representing equidistance between good and fair).

Source: CDA, CASOA Survey Report, November 2023.

*Implications of the findings for service development, policy making, and advocacy efforts*

The implications for each topic are as follows:

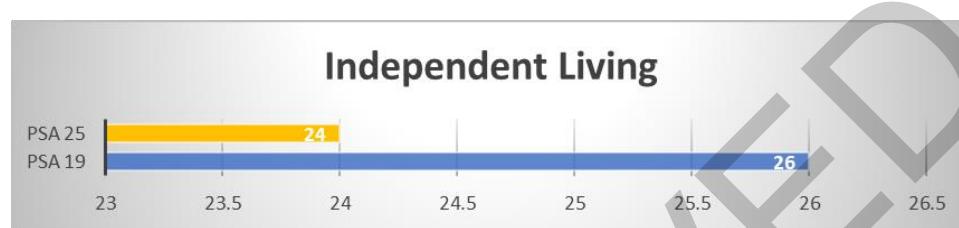

- Housing (18/100 for PSA 19, 19/100 for PSA 25):** The extremely low score signifies a critical need for affordable, accessible, and suitable housing options for older adults. This calls for significant policy efforts and investments in age-friendly housing.

development and maintenance.

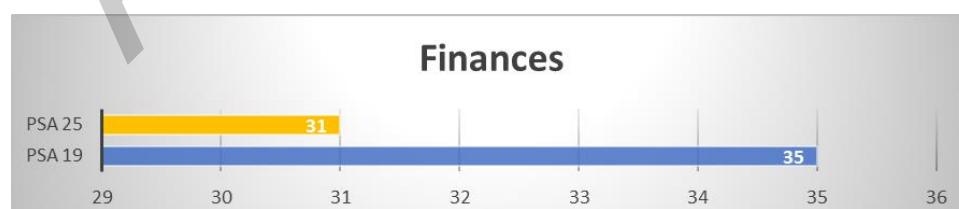

2. **Employment (21/100 for PSA 19, 17/100 for PSA 25):** This score highlights a substantial gap in employment opportunities and resources for older adults, indicating a need for job programs, skill development, and flexible work options tailored to older adults.

3. **Independent Living (26/100 for PSA 19, 24/100 for PSA 25):** A low score in this area suggests major difficulties for older adults in living independently. This implies a need for more support services, healthcare accessibility, and aging-in-place initiatives.

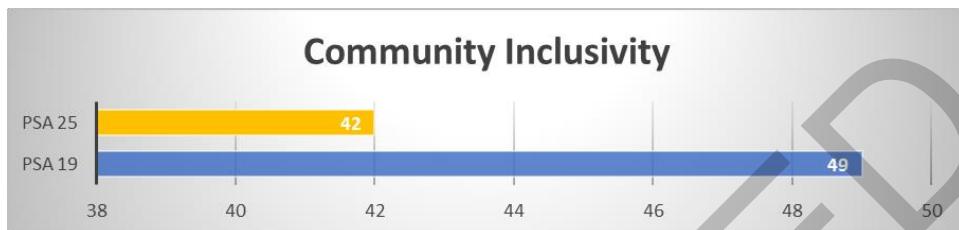

4. **Information on Available Older Adult Services (29/100 for PSA 19, 25/100 for PSA 25):** The low score indicates a lack of awareness or difficulty in accessing information about services for older adults, underscoring the need for better outreach and information dissemination. While both AAAs scored low, one must account that PSA 19 contracts out its I&A to 211LA and PSA 25 delivers directly. The report suggests that targeted I&A by 211LA outperforms services delivered directly by the AAA.

5. **Finances (35/100 for PSA 19, 31/100 for PSA 25):** This score reflects financial challenges faced by older adults, pointing to a need for financial assistance programs, affordable services, and financial planning support for older adults.

6. **Mental Health (31/100 for PSA 19, 27/100 for PSA 25):** The low score here suggests a significant need for accessible mental health services, support networks, and awareness programs to address mental health issues among older adults.

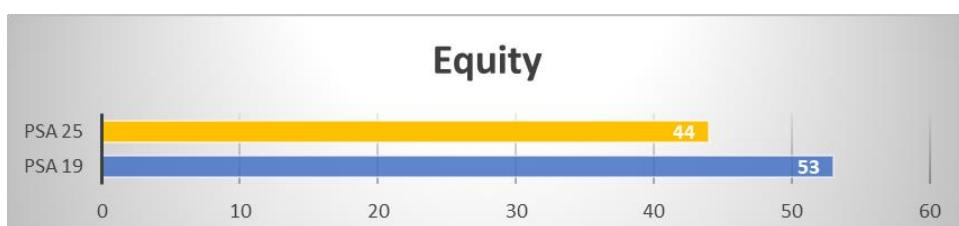

7. **Community Inclusivity (49/100 for PSA 19, 42/100 for PSA 25):** This moderate score implies a need for more inclusive community programs and initiatives that foster a sense of belonging and reduce feelings of isolation among older adults.

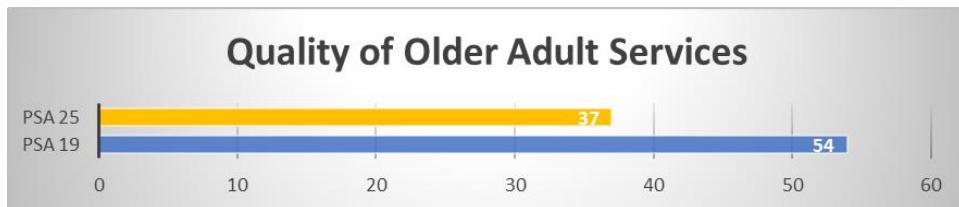

8. **Civic Engagement (48/100 for PSA 19, 41/100 for PSA 25):** The score indicates a need for more opportunities and platforms for older adults to participate in civic matters, contributing their voice and experience to community decisions.

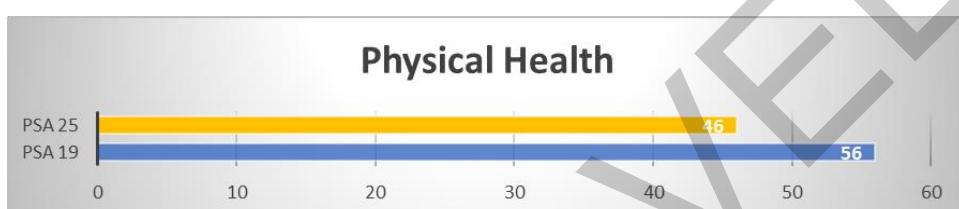

9. **Health Care (50/100 for PSA 19, 43/100 for PSA 25):** This average score suggests a need for continued improvement in healthcare accessibility, affordability, and quality for older adults.

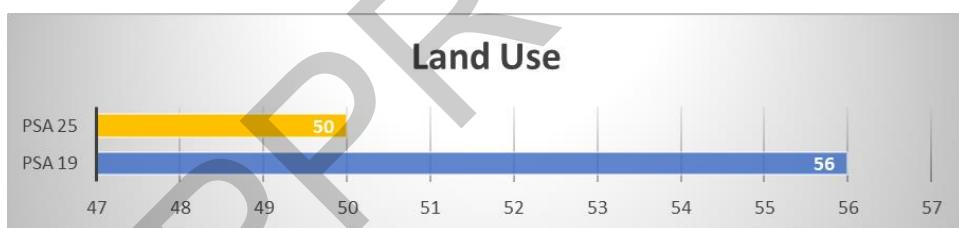

10. **Equity (53/100 for PSA 19, 44/100 for PSA 25):** The moderate score indicates ongoing issues with age-based discrimination or disparities, calling for policies and advocacy focused on promoting age equity.

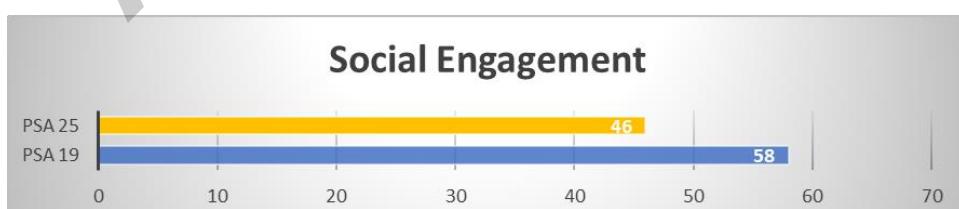

11. **Quality of Older Adult Services (54/100 for PSA 19, 37/100 for PSA 25):** This score suggests that the overall quality of services for older adults is average but could be improved, especially in terms of responsiveness and customization to older adults' needs.

12. **Physical Health (56/100 for PSA 19, 46/100 for PSA 25):** An average score in this area points to a need for enhanced physical health programs, fitness opportunities, and preventive health services for older adults.

13. **Land Use (56/100 for PSA 19, 50/100 for PSA 25):** This score suggests a moderate level of satisfaction with how land is used in the community, implying potential areas for improvement in community planning to better cater to the needs of older adults' needs.

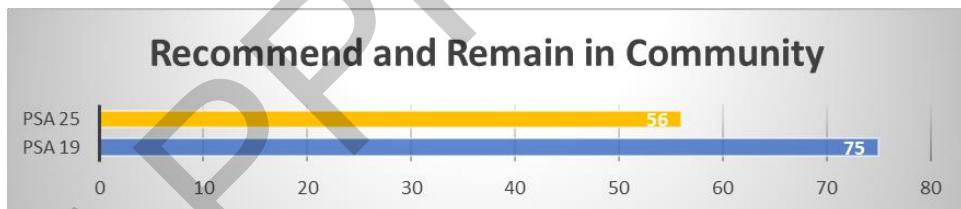

14. **Social Engagement (58/100 for PSA 19, 46/100 for PSA 25):** The relatively higher score indicates a somewhat satisfactory level of social engagement opportunities for older adults, but with room for enhancing social activities and programs.

15. **Safety (61/100 for PSA 19, 45/100 for PSA 25):** A moderate to good score suggests a relatively safe environment, but ongoing efforts in crime prevention and safety measures are still essential.

16. **Mobility (66/100 for PSA 19, 53/100 for PSA 25):** This score indicates a generally positive perception of mobility options, but improvements in public transportation and accessibility for older adults are still beneficial.

17. **Place to Live and Retire (69/100 for PSA 19, 55/100 for PSA 25) and Recommend and Remain in Community (75/100 for PSA 19, 56/100 for PSA 25):** These scores reflect a generally positive view of the community as a place to live and retire, and a willingness to recommend it to others, suggesting a baseline of satisfaction with the overall living conditions for older adults.

In summary, housing, employment, independent living, and information on services are the most pressing areas needing attention, while the community's livability in terms of place to live, recommend, and remain in the community scores relatively higher, indicating a general satisfaction among older adults. These insights should guide service development, policymaking, and advocacy efforts to enhance the livability and quality of life for older adults in the community.

## **Targeting**

The Older Americans Act (OAA) defines “target populations” that the AAAs includes in the planning and delivery of community-based services. Service delivery is targeted to those with the greatest economic or social need. Those with the “greatest economic need” are older adults with service needs resulting from an income level at or below the Federal Poverty Guideline or Elder Economic Index. Second, older adults with the “greatest social need” have a service need resulting from non-economic factors, which include physical and mental disabilities; language barriers; and cultural, social, or geographical isolation, including isolation caused by racial or ethnic status that restricts the ability of an individual to perform normal daily tasks or threatens their capacity to live independently. In 2019, Assembly Bill 2719 revised the definition to include cultural and social isolation caused by sexual orientation, gender identify or gender expression.

These targeted groups also consist of older individuals with any of the following characteristics:

- Alzheimer’s Disease or Related Disorders
- At risk for institutional placement
- Disability
- Frailty
- Homelessness
- Family Caregiver
- Isolated, Neglected, and/or Exploited
- Sexual Orientation, Gender Identity, or Gender Expression
- Limited English Proficiency
- Native American
- Reside in a Rural Area
- Unemployed

The AAAs focus is to serve those with the greatest economic and social needs in addition to older adults with the characteristics identified. Thus, the AAA makes it a priority for all AAA-funded providers to serve this target population. Addressing these issues is primarily done through a network of partners.

The AAAs provide direct services and subcontracts with numerous community-based organizations that are required to conduct targeted outreach and provide services in a culturally sensitive manner. The AAA continuously works toward expanding services in rural areas and identifying methods to reach the target population. AD also administers Adult Protective Services, which assists the AAA and its direct service providers to identify and serve the most vulnerable populations. Family caregivers play a critical role in assisting older adults and individuals with functional impairments to continue to live in their own homes for as long as possible. Thus, the AAA continues to work with its Family Caregivers’ network to provide the much-needed support and services to family caregivers of older adults and grandparents raising grandchildren. The Senior Community Service Employment Program (SCSEP) also remains a priority for the AAA to provide essential services to older adults who are unemployed.

The Los Angeles County AAA is estimating to serve 35,000 clients and of those the following

numbers of lower income minority older individuals for the FY 2024/25:

- Minority clients – 24,000 (69%)
- Rural clients – 1,500 (4%)
- Low-income clients (below poverty level) – 13,600 (39%)

APPROVED

## **SECTION 6. PRIORITY SERVICES & PUBLIC HEARINGS (PSA 19 & 25)**

### **2024-2028 Four-Year Planning Cycle**

#### **Funding for Access, In-Home Services, and Legal Assistance**

The CCR, Article 3, Section 7312, requires the AAA to allocate an “adequate proportion” of federal funds to provide Access, In-Home Services, and Legal Assistance in the PSA. The annual minimum allocation is determined by the AAA through the planning process. The minimum percentages of applicable Title III B funds<sup>2</sup> listed below have been identified for annual expenditure throughout the four-year planning period. These percentages are based on needs assessment findings, resources available within the PSA, and discussions at public hearings on the Area Plan.

Category of Service and the Percentage of Title III B Funds expended in/or to be expended in FY 2024-25 through FY 2027-2028.

#### **Access:**

Transportation, Assisted Transportation, Case Management, Information and Assistance, Outreach, Comprehensive Assessment, Health, Mental Health, and Public Information.

#### **PSA 19:**

2024-25 30 %      25-26       %      26-27       %      27-28       %

#### **PSA 25:**

2024-25 58.5 %      25-26       %      26-27       %      27-28       %

#### **In-Home Services:**

Personal Care, Homemaker, Chore, Adult Day / Health Care, Alzheimer's Day Care Services, Residential Repairs/Modifications

#### **PSA 19:**

2024-25 10 %      25-26       %      26-27       %      27-28       %

#### **PSA 25:**

2024-25 15.5 %      25-26       %      26-27       %      27-28       %

#### **Legal Assistance Required Activities:<sup>3</sup>**

Legal Advice, Representation, Assistance to the Ombudsman Program and Involvement in the Private Bar

#### **PSA 19:**

2024-25 5 %      25-26       %      26-27       %      27-28       %

#### **PSA 25:**

2024-25 5.5 %      25-26       %      26-27       %      27-28       %

<sup>2</sup> Minimum percentages of applicable funds are calculated on the annual Title IIIB baseline allocation, minus Title IIIB administration and minus Ombudsman. At least one percent of the final Title IIIB calculation must be allocated for each “Priority Service” category, or a waiver must be requested for the Priority Service category(s) that the AAA does not intend to fund.

<sup>3</sup> Legal Assistance must include all the following activities: Legal Advice, Representation, Assistance to the Ombudsman Program and Involvement in the Private Bar.

**PUBLIC HEARING:** At least one public hearing must be held each year of the four-year planning cycle. CCR Title 22, Article 3, Section 7302(a)(10) and Section 7308, Older Americans Act Reauthorization Act of 2020, Section 314(c)(1).

The following public hearings were jointly held by the County and the City AAA's.

Fiscal Year	Date	Location	Number of Attendees	Presented in languages other than English? <sup>4</sup> Yes or No	Was a hearing held at a Long-Term Care Facility? <sup>5</sup> Yes or No
2024-2025	January 9, 2024	Willowbrook Senior Citizens Center 12915 S. Jarvis Street Los Angeles, CA 90061	84	Yes	No
2024-2025	January 11, 2024	Bernardi Senior Center 6514 Sylmar Avenue Van Nuys, CA 91401	61	Yes	No
2024-2025	January 16, 2024	East Los Angeles Community Service Center 133 N. Sunol Drive Los Angeles, CA 90063	70	Yes	No
2024-2025	January 17, 2024	San Pedro Service Center 769 W 3rd Street San Pedro, CA 90731	45	Yes	No
2024-2025	January 18, 2024	Antelope Valley Senior Center 777 W. Jackman Street Lancaster, CA 93534	37	Yes	No
2024-2025	January 24, 2024	Long Beach Senior Center 1150 E. 4th Street Long Beach, CA 90802	81	Yes	No
2025-2026					
2026-2027					
2027-2028					

<sup>4</sup> A translator is not required unless the AAA determines a significant number of attendees require translation services.

<sup>5</sup> AAAs are encouraged to include individuals in LTC facilities in the planning process, but hearings are not required to be held in LTC facilities

**The following must be discussed at each Public Hearing conducted during the planning cycle:**

1. Summarize the outreach efforts used in seeking input into the Area Plan from institutionalized, homebound, and/or disabled older individuals.

Six joint public hearings between Los Angeles City and County were held both in-person and on Zoom. The hearings were held on January 9, January 11, January 16, and January 17, January 18, and January 24, 2024. The last two hearings were County only. Having the meetings be both in-person and on Zoom helped outreach efforts for those who are unable to physically attend any of the hearings. To ensure broader accessibility, the public hearings were livestreamed. This was particularly beneficial for homebound individuals and others who were unable to attend in person due to various reasons. Zoom meetings were also recorded to ensure even those who missed the live hearings could access them.

The Public Hearings announcement was published in two languages, in the LA Daily News (in English) and La Opinion (in Spanish) on January 2, 2024. Additionally, information leaflets were distributed to various entities, including the Board offices, County Commissioners, Senior Centers, AD partners, and AAA Service Providers. To enhance outreach, AD also leveraged its website and multiple social media platforms to publicize the events.

To ensure broader accessibility, the public hearings were livestreamed. This was particularly beneficial for homebound individuals and others who were unable to attend in person due to various reasons.

2. Were proposed expenditures for Program Development (PD) or Coordination (C) discussed?  Yes. Go to question #3;  Not applicable, PD and/or C funds are not used. Go to question #4
3. Summarize the comments received concerning proposed expenditures for PD and/or C  
No comments were provided.
4. Attendees were provided the opportunity to testify regarding setting minimum percentages of Title III B program funds to meet the adequate proportion of funding for Priority Services  
 Yes. Go to question #5  
 No, Explain:
5. Summarize the comments received concerning minimum percentages of Title IIIB funds to meet the adequate proportion of funding for priority services.

There were no comments received pertaining to adequate proportion funding for priority services. Concerns were articulated pertaining to the need for additional funding to support Title IIIB services.

6. List any other issues discussed or raised at the public hearing.

- Collaboration between family caregivers and healthcare providers
  - Promote healthcare and provider systems that support family caregivers.
  - Increase respite in LA county so family caregivers can get a break from working 24/7.
  - Leverage some type of existing infrastructure (collaborative way of working together)
- Housing
  - Clearer financial qualification and request to provide resources on how to qualify.
  - Increase in budget for Senior Centers to improve the base standards of long-term living facilities, to increase the number of green space available and the routine maintenance for the living facility.
- Elder Abuse
  - Provide outreach to inform the public how to report it.
- Surveys
  - Should be inclusive.
  - Should have in-person surveys as many adults are not tech savvy.
- Alzheimer's Disease
  - African American and Hispanic communities have a high rate of Alzheimer's Disease and should have more resources especially for minority group.
- Home-Delivered Meals and Social Isolation
  - Though it is good to get food delivered to the doorsteps, seniors do not get to connect with other peers.
  - Suggest transporting seniors to community centers.
- Transportation
  - Make transportation a priority.
  - Provide more vans replacement as senior clients need transportation access to medical appointments, social events, etc.
  - User friendly public transit for those with mobility issues.
  - Provide transportation on routes that are not on main streets for older adults to use for daily activities.
- Legal Services
  - More legal services and accommodation for older adults and victims of scams/fraud
- Ethnic Diversity
  - Outreach target: people-centered rather than county-centered
  - Provide outreach service evaluation to ensure we are reaching the people.
- Community Support
  - All information in one place
    - Seniors have to go to different places for different answers because one center cannot provide everything.
  - Social Participation
    - Inclusive activities that apply to all seniors
  - Flexibility of Services

- Allow older adults to access services available outside of the designated service area based on their zip code since certain sources may be more accessible to them due to their schedule, modes of transportation, and/or area of residence
- Emergency Preparedness
  - There is a need to develop emergency preparedness plans for senior housing facilities and implement plans to prepare for any natural disaster or emergency that may occur.
  - Plans also need to be created for seniors who live in an apartment complex or a house either alone or with a caregiver to ensure preparedness in the event of an emergency.
- Computer Literacy and the Aging Website
  - Some older adults find it difficult to navigate online websites, so they would like the information available online to also be accessible as paper copies
  - Senior would appreciate courses not only on computer literacy but also phone literacy to support older adults on how to use their cellular devices and the different applications available to them which can enrich their everyday lives.
- Social Services Provided by Medicare
  - More Medicare workers need to be accessible to support the older adults in navigating through the Medicare system and the services provided under different plans. Currently, there are brokers available to sell them the services, but the community requires guidance and informational services.
- USDA Nutritional Program
  - Request additional vouchers for the farmers market to purchase fresh produce and food.
- Transparency
  - During the public hearings, it was expressed by the public that they would like to increase the transparency on how the funding received by the government is allocated throughout services provided by the City and their partners/agencies
- Junk Mail
  - Seniors are more susceptible to scams through physical junk mail, there should be a layer of defense to protect them from becoming a victim of fraud.

7. Note any changes to the Area Plan that were a result of input by attendees.

Feedback from public hearing attendees justified the need to expand existing services and adjust unit rates that are used to reimburse sub-recipients for the increasing cost of services. However, this Area plan is prepared with the assumption that Older Americans Act funding will remain about the same and service expansion is not assumed. Therefore, there were no changes to the Area Plan which were the result of the input by attendees.

## SECTION 7. AREA PLAN NARRATIVE GOALS & OBJECTIVES (PSA 19 & 25)

In addition to its responsibilities as Area Agencies on Aging, Los Angeles County and the City of Los Angeles provide a vast array of services and activities outside the scope of the Older Americans Act, which provide necessities and enhances the quality of life for its older adult residents such as water, electricity, waste removal, police, fire, etc. Consequently, the role of both AAA has expanded as it continues to partner with the Mayor, City Council, the Board of Supervisors and other County and City departments to advocate and secure funding, resources and programming that specifically benefit older adults, people with disabilities and their family caregivers.

Consequently, both AAAs, and the LA Region, have broadened their strategic goals and objectives to encompass the eight essential features of an Age-friendly organization as identified and designated by the World Health Organization. Additionally, Los Angeles County was recently designated as an Age-Friendly employer committed to being the best place to work for employees aged 50+. Los Angeles County is the first county-level employer in the United States to be designated Certified Age-Friendly.

The LA Region goals and objectives are based on the following age friendly domains where all activities and programming are processed through a dementia lens:

1. **Outdoor Spaces and Buildings** – accessibility to and availability of clean, safe community centers, parks, and recreational facilities.
2. **Transportation** – safe and affordable modes of private and public transportation, “Complete Streets” types of initiatives, hospitable built environments.
3. **Housing** – wide range of housing options for older residents, aging in place and other home modification programs. Housing that is accessible to transportation and community health services.
4. **Social Participation** – access to leisure and cultural activities; opportunities for older residents to participate in social and civic engagement with their peers and younger people.
5. **Civic Participation and Employment** – promotion of paid work and volunteer opportunities for older residents; opportunities for older residents to engage in the formulation of policies relevant to their lives.
6. **Communication and Information** – promotion of and access to the use of technology to keep older residents connected to their community, friends and family, near and far.
7. **Community Support and Health Services** – access to homecare services, health and mental resources, programs to promote active aging (physical exercise and health habits), services and supports for family caregivers.
8. **Emergency Preparedness and Resilience** – information, education, and training to ensure the safety, wellness, and resilience of seniors in emergency situations.

APPROVED

## Goal 1: Promote Safe, Sustainable, Accessible Outdoor Spaces & Buildings

**Rationale:** The LA Region is committed to creating and maintaining street, facilities, and open spaces that are environmentally friendly, accessible, and available to all residents including special accommodation for older adults and adults with disabilities. To meet this objective, the LA Region will partner with museums, stadiums, studios, convention centers and other tourist attractions in the Los Angeles Region to enhance age-friendly building features and generate awareness of and attention around tourist facilities that have taken steps to become age-friendly.

	Projected Start and End Dates	Type of Activity and Funding Source	Update Status
No Older Americans Act funds are being used to support this goal.			
<p><u>Strategies to support the goal and objectives under this category:</u></p> <p>In collaboration with the LA County Commission on Older Adults, Commission on Disabilities and the LA City advisory Council on Aging, and the LA City Disabilities Commission to collaborate with County and City parks, beaches, marinas, and other public spaces to assist in incorporating age-friendly, accessible, and culturally relevant approaches and expand programming for older adults and adults with disabilities through 6/30/28.</p> <ol style="list-style-type: none"><li>1. Create a rotating schedule for LA City and LA County to visit their respective facilities to create age friendly public space.</li><li>2. Develop shared objectives between the two commissions and two advisory councils by 6/30/28.</li><li>3. Launch the first quarterly meeting by 6/30/25.</li><li>4. Bring awareness of accessibility about each other's public spaces and promote age-friendly public spaces.</li></ol>			

## Goal 2: Promote Accessible and Affordable Transportation Options for Older Adults and Adults with Disabilities

**Rationale:** Reliable and affordable public transportation in conjunction with both private transportation services is essential to ensuring that many older adults maintain their independence and quality of life.

<b>Objective 2.1</b> The LA Region will ensure that current and new public transportation systems reflect the needs of a growing older adult population (including individuals with physical and cognitive needs).	Projected Start and End Dates	Type of Activity and Funding Source	Update Status
Provide transportation to ensure older adults and adults with disabilities have access through accessible transportation to fully participate in the community.	7/1/24-6/30/28	Other (non-OAA)	New
<b>Strategies to support the goal and objectives under this category:</b>			
<ul style="list-style-type: none"><li>In partnership with LA METRO, the LA Region will work with “On the Move Riders” program to provide outreach to older adults regarding available transportation options and training to older adults in using public transportation. The LA Region aims to provide at least two of the following activities within the 5 Supervisory Districts: one-on-one and/or group travel training, informational transit tours, or safety education presentations at Pop-Up events, Transportation Expo, and/or Raised on Records Concert by 6/30/2026.</li></ul>			

## Goal 3: Address Issues of Homelessness and Promoting Affordable Housing

**Rationale:** Los Angeles Region is one of the most unaffordable housing markets in the nation, directly contributing to homelessness among older adults. The older adult population is the fastest growing demographic of the homeless population. The LA Region has declared emergency declarations given the crisis in unhoused persons in the community. Of particular concern is that an estimated half of all new unhoused adults are over the age of 50.

	Projected Start and End Dates	Type of Activity and Funding Source	Update Status

No Older Americans Act funds are being used to support this goal.			
<u>Strategies to support the goal and objectives under this category:</u>			
<ul style="list-style-type: none"><li>• Explore the feasibility of creating a homeless prevention unit and early intervention unit within PSA 19 to serve all county/city residents by 6/30/2028.</li><li>• Coordinate with LA Housing Authority, LACDA, and others, to establish a housing coordination group to assess housing opportunities, conduct outreach efforts, and evaluate progress in meeting housing needs for older adults.</li></ul>			

APPROVED

## Goal 4: Promote Social Participation of Older Adults

**Rationale:** Recent data and studies have shown that social isolation is associated with health risks such as smoking, obesity, depression, and mortality. Programs that encourage social participation improve health outcomes and quality of life.

No Older Americans Act funds are being used to support this goal.	Projected Start and End Dates	Type of Activity and Funding Source	Update Status
<b>Strategies to support the goal and objectives under this category:</b>			
<ul style="list-style-type: none"><li>Explore the expansion of participatory arts and cultural programs for older adults led by professional artists to increase quality of life, address social isolation, increase mastery and positive effects on cognitive and physical health (ex: Music Mends Minds/ art classes)</li></ul>			

## Goal 5: Encourage Civic Participation & Employment

**Rationale:** Volunteerism and civic participation enhance the wellbeing and quality of life of older adults and contribute to the community. The LA Region will establish opportunities for engagement of community leaders and external partners.

No Older Americans Act funds are being used to support this goal.	Projected Start and End Dates	Type of Activity and Funding Source	Update Status

**Strategies to support the goal and objectives under this category:**

- LA COUNTY Elders (LACE) – PSA 19 will create a “Blue Ribbon” working group that will be composed of high value, local influential members of the community such as leaders, celebrities, to engage, create attention and energy and respond to the needs of older adults. The activities include identifying members, recruitment, establishing the work group, and holding one meeting by 6/30/2025.
- Establish a partnership with the Los Angeles Encore Fellows Program and the Executive Service Corps that enables County and City departments to host older adult Fellows Consultants. These partnerships would assist experienced older adult workers who would like to transition to encore careers in the social or government sector, while infusing the County and City with executive-level expertise. The proposed agreement will be completed by 6/30/2028.
- Establish a collaborative working group with the six Workforce Development Boards in the County to develop and implement a regional approach to recruit, train and place older workers in employment and career opportunities, including those available with County and City departments by 6/30/2028.
- Incorporate recruitment strategies for older adults who volunteer through the County Volunteer Program, Mayor’s Volunteer Corps, and other existing City and County volunteer programs; explore a partnership with the Federal Senior Corps to host Senior Corps members at County and City Departments by 6/30/2028.
- Given that all AAA service providers in LA region are extensions of the AAAs, these service providers may already meet the requirement for age friendly employment; thereby, expanding the age friendly employer network.
- Will work with at least three (3) service providers to help them become age-friendly employers for each PSA by 6/30/2028.

## Goal 6: Communication & Information

**Rationale:** Increasing awareness of programs and needs that support older adults, people with disabilities and caregivers living in Los Angeles County. Older adults and adults with disabilities are the most vulnerable population and most difficult to reach to, thereby needing an effective outreach and communications system.

Objective 6.1: Information and Resources Provide easy, uniform and streamlined access to a broad array of services, supports and advocacy for older adults, adults with disabilities and caregivers.	Projected Start and End Dates	Type of Activity and Funding Source	Update Status
<ul style="list-style-type: none"> <li>Provide information, assistance and referrals including follow-up</li> <li>Provide outreach – one on one contact and/or virtual contact to connect people to services</li> <li>Provide Medicare enrollment assistance including assistance with Medicare part D comparisons through the Health Insurance Counseling and Advocacy Program (HICAP)</li> </ul>	7/01/24-6/30/28	Title IIIB Title IIIE ADRC	New
	7/01/24-6/30/28	Title IIIB Title IIIE ADRC	New
	7/01/24-6/30/28	HICAP MIPAA	New
<u>Strategies to support the goal and objectives under this category:</u>			
<ul style="list-style-type: none"> <li>Promote the use of the Aging and Adult Information and Assistance Hotline (800) 510-2020</li> <li>Strengthen the awareness of AAA programs and services by distributing outreach materials at senior centers, health fairs and various community events.</li> <li>Create a countywide no-wrong door network, by making Aging and Disability Resource Connection (ADRC) available throughout the County, building on the foundation of the existing Central and Southern ADRC providers, five Independent Living Centers and 211 LA.</li> <li>Provide at least one community education program event at each of the County &amp; City designated Community and Senior Centers to expand access to Medicare through HICAP &amp; MIPAA, ensuring effective guidance is available to those navigating Medicare and health insurance options by 6/30/2028</li> <li>Obtain designation for the Launch the Access to Technology program to 3,500 residents to combat social isolation by receiving a tablet device, two-year broadband internet connectivity, provide technology support and education, and evaluate the programs' success by 6/30/28.</li> </ul>			

- Under the leadership of PSA 19's Chief Information Officer, will convene a Technology task force, creating a multisector workgroup to address digital inclusion gaps for older adults and adults with disabilities by 6/30/2026.
- Explore the feasibility of creating an L.A. Aging and technology incubator, in partnership with appropriate private entities, to encourage the local and regional development of technologies that promote independence, social connections, wellness, health and management of physical and cognitive changes by 2028. The first activity is to identify potential partners by 6/30/2028
- Establish technology hubs at each of the County's 14 senior/community Centers and at the City's 15 Multipurpose Senior Centers to support the increasing digital demand for access by older adults and others in the community. Technology hubs will serve older adults on how to use their device in at least two senior centers, one in PSA 19 and one in PSA 25 by 6/30/2028.
- Identify a liaison(s) from the Mayor's Office by 6/30/2028.
- Establish an older adult Ambassador program at the senior centers to ensure that older adults are invited to the programs, provide information on the Olympics, and to volunteer to participate.
- Create an Aging and Fitness Council for family caregivers and older adults.
- Engage with the Olympic Arts Festival to ensure the needs and interests of older adults are incorporated into the planning of events and activities.
- Secure final designation for the LA Regional ADRC by 6/30/2028.

## Goal 7: Promote Community & Health Services

**Rationale:** Providing access to health and community support services that promote wellness and active aging enhance the quality of life for older adults and family caregivers. Poor health outcomes go hand in hand with poverty and food insecurity. One of the LA Region's priorities is to reduce food insecurity and improve health outcomes by partnering with healthcare plans and other providers by leading contracting efforts to maximize opportunities for CalAIM, Veterans Directed care Home Program, etc.

<b>Objective 7.1:</b> Provide evidence-based Disease Prevention and Health Promotion (DPHP) classes to promote health and prevent falls.	Projected Start and End Dates	Type of Activity and Funding Source	Update Status
<ul style="list-style-type: none"> <li>At least 4 of the following classes will be offered: Chronic Disease Self Management Program and/or Tomando Control de Su Salud; A Matter of Balance; Arthritis Foundation Walk with Ease; Arthritis Foundation Exercise Program; Diabetes Self Management Program and/or Programa de Manejo Personal de la Diabetes; Chronic Pain Self Management Program</li> </ul>	7/1/24-6/30/28	Title IID	New
<b>Objective 7.2:</b> Provide programs and services to assist unpaid, informal caregivers, including older adults (such as grandparents) aged 55 and older raising children aged 18 and younger (such as children) <ul style="list-style-type: none"> <li>Access: information and assistance and caregiver outreach (contacts)</li> <li>Info services: public information activities and community education (events)</li> <li>Support services: caregiver assessment, case management, support groups, training and counseling (hours)</li> <li>Respite services: in-home supervision and out-of-home day care (hours)</li> </ul>	7/1/24-6/30/28	Title IIIE	New

<ul style="list-style-type: none"> <li>Supplemental services: caregiver adaptations and assistive devices (occurrences)</li> </ul> <p><b>Objective 7.3:</b> provide meals, nutrition counseling and education to ensure that older adults have access to nutritional meals, fresh fruits, and vegetables; as well as information to make healthy choices.</p> <ul style="list-style-type: none"> <li>Congregate Meals</li> <li>Home Delivered Meals</li> <li>Nutrition Counseling</li> <li>Nutrition Education</li> <li>Emergency Food pantry (non OAA funded)</li> <li>Provide education and promote physical Activity</li> </ul> <p><b>Objective 7.4:</b> Socialization and the Prevention of loneliness and isolation – providing services to reduce isolation and provide a human connection for older adults with few or no connections in the community, to alleviate depression and health concerns of those living alone and to provide a check in on older adults at-risk of losing their independence</p> <ul style="list-style-type: none"> <li>Telephone reassurance</li> </ul> <p><b>Objective 7.5:</b> Prevention of Abuse and Protection of Rights of Older Adults – provide programs and services that protect the rights and property of older adults and protect them from abuse.</p> <ul style="list-style-type: none"> <li>Legal assistance regarding public benefits, landlord-tenant disputes, housing rights, elder abuse, powers of attorney, consumer finance, and creditor harassment, and consumer fraud and warranties</li> <li>Community education on rights and benefits</li> <li>Ombudsman Program will</li> </ul>	7/1/24-6/30/28	Title IIIC Cal Fresh Other	New
	7/1/24-6/30/28	Title IIIB	New
	7/1/24-6/30/28	Title IIIB APS Other	New

<p>work to ensure the rights and well-being of individuals residing in long-term care facilities (skilled nursing facilities and board and care facilities) in Los Angeles County.</p> <ul style="list-style-type: none"> <li>• Adult Protective Services will connect individuals in need of long term case management and services with service providers</li> </ul> <p><b>Objective 7.6:</b> Maintaining Independence – Providing access to programs and services that foster independence and help older adults remain at home:</p> <ul style="list-style-type: none"> <li>• Case management</li> <li>• Personal care</li> <li>• Homemaker</li> <li>• Chore</li> <li>• Adult Day Care</li> <li>• Subsidized employment training through the Senior Community Services Employment Program</li> <li>• Options Counseling</li> <li>• Transitions Counseling</li> </ul>	7/1/24-6/30/28	Title IIIB ADRC Title V Other	
<p>Strategies to support the goal and objectives under this category:</p> <ul style="list-style-type: none"> <li>• Establish a working group(s) for regional older adult service providers comprised of County, City, and other public agencies.</li> <li>• Create the Senior Nutrition Coalition by 6/30/2028.</li> <li>• Create social/health Hub to maximize CalAIM and other funding streams.</li> <li>• Support dementia-focused community engagement, programs, and policies by modernizing LA Found.</li> <li>• Engage all County and City agencies to adopt dementia-friendly approaches to customer service etc. by 6/30/2028.</li> <li>• Evaluate the feasibility of implementing a CalSWEC intern program with the APS.</li> </ul>			

- Align city/county data systems in coordination with County Counsel and the CIOs office by developing & implementing strategies for effective data management and sharing within various County departments. The vision would be data storage, analysis, and governance to drive insights and support data decision making.

APPROVED

## Goal 8: Promoting Emergency Preparedness & Resilience Efforts

**Rationale:** The Los Angeles Region is susceptible to natural and man-made disasters. The development and implementation of emergency training and education will ensure the safety, wellness, and resilience of older adults in emergency situations. In collaboration with the OEM, the City EMD and County and City First Responder agencies, the LA Region will develop and implement emergency preparedness strategies that engage older adults and others with functional/ access needs, in preparing and responding to community emergencies.

No Older Americans Act funds are being used to support this goal.	Projected Start and End Dates	Type of Activity and Funding Source	Update Status
<b>Strategies to support the goal and objectives under this category:</b>			
<ol style="list-style-type: none"><li>1. Establish a regional emergency preparedness and response working group to address the unique needs of older adults, adults with disabilities, and family caregivers.</li><li>2. Develop an emergency response system tailored to the needs of older adults and adults with disabilities.</li><li>3. Develop the Continuity of Operations (COOP) plan for the region in coordination and alignment with existing emergency preparedness plans.</li><li>4. PSA 19 will explore the feasibility of purchasing and installing permanent emergency generators at all community and senior centers by assessing evaluating the financial feasibility and potential funding sources for this vital enhancement in emergency preparedness.</li><li>5. Explore and attend national, statewide, and local emergency preparedness training opportunities to further enhance skills and for learning best practices across other agencies.</li><li>6. Implement outreach programs to increase awareness of first responders focusing on the unique emergency-related needs and challenges of older adults and adults with disabilities, ensuring a more informed and sensitive response in such situations.</li><li>7. Create and disseminate essential emergency preparedness resources within the aging network and to service providers, ensuring easy access and comprehensive coverage for those in need.</li><li>8. Expand the City's award-winning program "Go-Kit" bags to the wider LA County region. PSA 19 will secure funding for 1,000 "Go-Kit" bags by 6/30/2028.</li></ol>			

## **SECTION 8. SERVICE UNIT PLAN (SUP) (PSA 19 and PSA 25)**

### **TITLE III/VII SERVICE UNIT PLAN CCR Article 3, Section 7300(d)**

The Service Unit Plan (SUP) uses the Older Americans Act Performance System (OAAPS) Categories and units of service. They are defined in the OAAPS State Program Report (SPR).

For services not defined in OAAPS, refer to the [Service Categories and Data Dictionary](#).

1. Report the units of service to be provided with **ALL regular AP funding sources**. Related funding is reported in the annual Area Plan Budget (CDA 122) for Titles IIIB, IIIC-1, IIIC-2, IIID, and VII. Only report services provided; others may be deleted.

## 2. OAAPS Service Category – “Other” Title III Services

Each **Title IIIB** “Other” service must be an approved OAAPS Program service listed on the “Schedule of Supportive Services (III B)” page of the Area Plan Budget (CDA 122) and the CDA Service Categories and Data Dictionary.

Identify **Title IIIB** services to be funded that were not reported in OAAPS categories. (Identify the specific activity under the Other Supportive Service Category on the “Units of Service” line when applicable.)

### **Title IIIB, Other Priority and Non-Priority Supportive Services**

For all Title IIIB “Other” Supportive Services, use the appropriate Service Category name and Unit of Service (Unit Measure) listed in the CDA Service Categories and Data Dictionary.

- Other **Priority Supportive Services include:** Alzheimer’s Day Care, Comprehensive Assessment, Health, Mental Health, Public Information, Residential Repairs/Modifications, Respite Care, Telephone Reassurance, and Visiting
- Other **Non-Priority Supportive Services include:** Cash/Material Aid, Community Education, Disaster Preparedness Materials, Emergency Preparedness, Employment, Housing, Interpretation/Translation, Mobility Management, Peer Counseling, Personal Affairs Assistance, Personal/Home Device, Registry, Senior Center Activities, and Senior Center Staffing

All “Other” services must be listed separately. Duplicate the table below as needed.

**Other Supportive Service Category:** Alzheimer’s Day Care

**TITLE IIIB and TITLE VII: LONG-TERM CARE (LTC) OMBUDSMAN  
PROGRAM OUTCOMES (PSA 19)**

**2024-2028 Four-Year Planning Cycle**

As mandated by the Older Americans Act Reauthorization Act of 2020, the mission of the LTC Ombudsman Program is to seek resolution of problems and advocate for the rights of residents of LTC facilities with the goal of ensuring their dignity, quality of life, and quality of care.

Each year during the four-year cycle, analysts from the Office of the State Long-Term Care Ombudsman (OSLTCO) will forward baseline numbers to the AAA from the prior fiscal year National Ombudsman Reporting System (NORS) data as entered into the Statewide Ombudsman Program database by the local LTC Ombudsman Program and reported by the OSTLCO in the State Annual Report to the Administration on Aging (AoA).

The AAA will establish targets each year in consultation with the local LTC Ombudsman Program Coordinator. Use the yearly baseline data as the benchmark for determining yearly targets. Refer to your local LTC Ombudsman Program's last three years of AoA data for historical trends. Targets should be reasonable and attainable based on current program resources.

Complete all Measures and Targets for Outcomes 1-3.

**Outcome 1.**

The problems and concerns of long-term care residents are solved through complaint resolution and other services of the Ombudsman Program. Older Americans Act Reauthorization Act of 2020, Section 712(a)(3), (5)]

**Measures and Targets:**

**A. Complaint Resolution Rate (NORS Element CD-08) (Complaint Disposition).** The average California complaint resolution rate for FY 2021-2022 was 57%.

Fiscal Year Baseline Resolution Rate	# Of complaints Resolved	+ # of partially resolved complaints	Divided by the total number of Complaints	= Baseline Resolution Rate	Fiscal Year Target Resolution Rate
2022-2023	5404	N/A	14,798	37%	<u>45</u> % 2024-2025
2023-2024					<u>      </u> % 2025-2026
2024-2025					<u>      </u> % 2026-2027
2026-2027					<u>      </u> % 2027-2028

Program Goals and Objective Numbers: 7

**B. Work with Resident Councils (NORS Elements S-64 and S-65)**

1. FY 2022-2023 Baseline: Number of Resident Council meetings attended: <u>23</u> FY 2024-2025 Target: <u>40</u>
2. FY 2023-2024 Baseline: Number of Resident Council meetings attended _____ FY 2025-2026 Target: _____
3. FY 2024-2025 Baseline: Number of Resident Council meetings attended _____ FY 2026-2027 Target: _____
4. FY 2025-2026 Baseline: Number of Resident Council meetings attended _____ FY 2027-2028 Target: _____
Program Goals and Objective Numbers: <u>7</u>

**C. Work with Family Councils (NORS Elements S-66 and S-67)**

1. FY 2022-2023 Baseline: Number of Family Council meetings attended <u>0</u> FY 2024-2025 Target: <u>2</u>
2. FY 2023-2024 Baseline: Number of Family Council meetings attended _____ FY 2025-2026 Target: _____
3. FY 2024-2025 Baseline: Number of Family Council meetings attended _____ FY 2026-2027 Target: _____
4. FY 2025-2026 Baseline: Number of Family Council meetings attended _____ FY 2027-2028 Target: _____
Program Goals and Objective Numbers: <u>7</u>

**D. Information and Assistance to Facility Staff (NORS Elements S-53 and S-54)** Count of instances of Ombudsman representatives' interactions with facility staff for the purpose of providing general information and assistance unrelated to a complaint. Information and Assistance may be accomplished by telephone, letter, email, fax, or in-person.

1. FY 2022-2023 Baseline: Number of Instances <u>2,979</u> FY 2024-2025 Target: <u>2,000</u>
2. FY 2023-2024 Baseline: Number of Instances _____ FY 2025-2026 Target: _____
3. FY 2024-2025 Baseline: Number of Instances _____ FY 2026-2027 Target: _____
4. FY 2025-2026 Baseline: Number of Instances _____ FY 2027-2028 Target: _____
Program Goals and Objective Numbers: <u>7</u>

**E. Information and Assistance to Individuals (NORS Element S-55)**

Count of instances of Ombudsman representatives' interactions with residents, family members, friends, and others in the community for the purpose of providing general information and assistance unrelated to a complaint. Information and Assistance may be accomplished by telephone, letter, email, fax, or in person.

1. FY 2022-2023 Baseline: Number of Instances <u>5,025</u> FY 2024-2025 Target: <u>2,500</u>
2. FY 2023-2024 Baseline: Number of Instances _____ FY 2025-2026 Target: _____
3. FY 2024-2025 Baseline: Number of Instances _____ FY 2026-2027 Target: _____
4. FY 2025-2026 Baseline: Number of Instances _____ FY 2027-2028 Target: _____
Program Goals and Objective Numbers: <u>7</u>

#### **F. Community Education (NORS Element S-68)**

LTC Ombudsman Program participation in public events planned to provide information or instruction to community members about the LTC Ombudsman Program or LTC issues. The number of sessions refers to the number of events, not the number of participants. This cannot include sessions that are counted as Public Education Sessions under the Elder Abuse Prevention Program.

1. FY 2022-2023 Baseline: Number of Sessions <u>24</u> FY 2024-2025 Target: <u>15</u>
2. FY 2023-2024 Baseline: Number of Sessions _____ FY 2025-2026 Target: _____
3. FY 2024-2025 Baseline: Number of Sessions _____ FY 2026-2027 Target: _____
4. FY 2025-2026 Baseline: Number of Sessions _____ FY 2027-2028 Target: _____
Program Goals and Objective Numbers: <u>7</u>

#### **G. Systems Advocacy (NORS Elements S-07, S-07.1)**

One or more new systems advocacy efforts must be provided for each fiscal year Area Plan Update. In the relevant box below for the current Area Plan year, in narrative format, please provide at least one new priority systems advocacy effort the local LTC Ombudsman Program will engage in during the fiscal year. The systems advocacy effort may be a multi-year initiative, but for each year, describe the results of the efforts made during the previous year and what specific new steps the local LTC Ombudsman program will be taking during the upcoming year. Progress and goals must be separately entered each year of the four-year cycle in the appropriate box below.

Systems Advocacy can include efforts to improve conditions in one LTC facility or can be county-wide, state-wide, or even national in scope. (Examples: Work with LTC facilities to improve pain relief or increase access to oral health care, work with law enforcement entities to improve response and investigation of abuse complaints, collaboration with other agencies to improve LTC residents' quality of care and quality of life, participation in disaster preparedness planning, participation in legislative advocacy efforts related to LTC issues, etc.) Be specific about the actions planned by the local LTC Ombudsman Program.

Enter information in the relevant box below.

<b>FY 2024-2025</b>
<b>FY 2024-2025 Systems Advocacy Effort(s):</b> (Provide one or more new systems advocacy efforts) Work and provide outreach to managed health plans providing coverage to long-term care residents. The health plans pay for resident care and collaboration with the Long-Term Care Ombudsman Program could improve quality of services provided to residents.
<b>FY 2025-2026</b>
<b>Outcome of FY 2024-2025 Efforts:</b>  <b>FY 2025-2026 Systems Advocacy Effort(s):</b> (Provide one or more new systems advocacy efforts)
<b>FY 2026-2027</b>
<b>Outcome of FY 2025-2026 Efforts:</b>  <b>FY 2026-2027 Systems Advocacy Effort(s):</b> (Provide one or more new systems advocacy efforts)
<b>FY 2027-2028</b>
<b>Outcome of 2026-2027 Efforts:</b>  <b>FY 2027-2028 Systems Advocacy Effort(s):</b> (Provide one or more new systems advocacy efforts)

## **Outcome 2.**

Residents have regular access to an Ombudsman. [(Older Americans Act Reauthorization Act of 2020), Section 712(a)(3)(D), (5)(B)(ii)]

### **Measures and Targets:**

**A. Routine Access: Nursing Facilities** (NORS Element S-58) Percentage of nursing facilities within the PSA that were visited by an Ombudsman representative at least once each quarter not in response to a complaint. The percentage is determined by dividing the number of nursing facilities in the PSA that were visited at least once each quarter not in response to a complaint by the total number of nursing facilities in the PSA. NOTE: This is not a count of visits but a count of facilities. In determining the number of facilities visited for this measure, no nursing facility can be counted more than once.

<p>1. FY 2022-2023 Baseline: Number of Nursing Facilities visited at least once a quarter not in response to a complaint <u>171</u> divided by the total number of Nursing Facilities <u>244</u> = Baseline <u>70</u> %            FY 2024-2025 Target: <u>70%</u></p>
<p>2. FY 2023-2024 Baseline: Number of Nursing Facilities visited at least once a quarter not in response to a complaint _____ divided by the total number of Nursing Facilities _____ = Baseline _____ %            FY 2025-2026 Target: _____</p>
<p>3. FY 2024-2025 Baseline: Number of Nursing Facilities visited at least once a quarter not in response to a complaint _____ divided by the total number of Nursing Facilities _____ = Baseline _____ %            FY 2026-2027 Target: _____</p>
<p>4. FY 2025-2026 Baseline: Number of Nursing Facilities visited at least once a quarter not in response to a complaint _____ divided by the total number of Nursing Facilities _____ = Baseline _____ %            FY 2027-2028 Target: _____</p>
Program Goals and Objective Numbers: <u>7</u>

**B. Routine access: Residential Care Communities (NORS Element S-61)** Percentage of RCFEs within the PSA that were visited by an Ombudsman representative at least once each quarter during the fiscal year not in response to a complaint. The percentage is determined by dividing the number of RCFEs in the PSA that were visited at least once each quarter not in response to a complaint by the total number of RCFEs in the PSA. NOTE: This is not a count of visits but a count of facilities. In determining the number of facilities visited for this measure, no RCFE can be counted more than once.

<p>1. FY 2022-2023 Baseline: Number of RCFEs visited at least once a quarter not in response to a complaint <u>280</u> divided by the total number of RCFEs <u>886</u> = Baseline <u>32</u> %            FY 2024-2025 Target: <u>35</u> %</p>
<p>2. FY 2023-2024 Baseline: Number of RCFEs visited at least once a quarter not in response to a complaint _____ divided by the total number of RCFEs _____ = Baseline _____ %            FY 2025-2026 Target: _____</p>

3. FY 2024-2025 Baseline: Number of RCFEs visited at least once a quarter not in response to a complaint \_\_\_\_\_ divided by the total number of RCFEs \_\_\_\_\_ = Baseline \_\_\_\_\_ %

FY 2026-2027 Target: \_\_\_\_\_

4. FY 2025-2026 Baseline: Number of RCFEs visited at least once a quarter not in response to a complaint \_\_\_\_\_ divided by the total number of RCFEs \_\_\_\_\_ = Baseline \_\_\_\_\_ %

FY 2027-2028 Target: \_\_\_\_\_

Program Goals and Objective Numbers: 7

**C. Number of Full-Time Equivalent (FTE) Staff (NORS Element S-23)** This number may only include staff time legitimately charged to the LTC Ombudsman Program. Time spent working for or in other programs may not be included in this number. For example, in a local LTC Ombudsman Program that considers full-time employment to be 40 hour per week, the FTE for a staff member who works in the Ombudsman Program 20 hours a week should be 0.5, even if the staff member works an additional 20 hours in another program.

1. FY 2022-2023 Baseline: 22.04 FTEs FY 2024-2025 Target: 32 FTEs

2. FY 2023-2024 Baseline: \_\_\_\_\_ FTEs FY 2025-2026 Target: \_\_\_\_\_ FTEs

3. FY 2024-2025 Baseline: \_\_\_\_\_ FTEs FY 2026-2027 Target: \_\_\_\_\_ FTEs

4. FY 2025-2026 Baseline: \_\_\_\_\_ FTEs FY 2027-2028 Target: \_\_\_\_\_ FTEs

Program Goals and Objective Numbers: 7

**D. Number of Certified LTC Ombudsman Volunteers (NORS Element S-24)**

1. FY 2022-2023 Baseline: Number of certified LTC Ombudsman volunteers 24 FY 2024-2025 Projected Number of certified LTC Ombudsman volunteers 15

2. FY 2023-2024 Baseline: Number of certified LTC Ombudsman volunteers \_\_\_\_\_ FY 2025-2026 Projected Number of certified LTC Ombudsman volunteers \_\_\_\_\_

3. FY 2024-2025 Baseline: Number of certified LTC Ombudsman volunteers \_\_\_\_\_ FY 2026-2027 Projected Number of certified LTC Ombudsman volunteers \_\_\_\_\_

4. FY 2025-2026 Baseline: Number of certified LTC Ombudsman volunteers _____	FY 2027-2028 Projected Number of certified LTC Ombudsman volunteers _____
Program Goals and Objective Numbers: <u>7</u>	

**Outcome 3.**

Ombudsman representatives accurately and consistently report data about their complaints and other program activities in a timely manner. [Older Americans Act Reauthorization Act of 2020, Section 712(c)]

**Measures and Targets:**

In narrative format, describe one or more specific efforts your program will undertake in the upcoming year to increase the accuracy, consistency, and timeliness of your National Ombudsman Reporting System (NORS) data reporting.

Some examples could include:

- Hiring additional staff to enter data.
- Updating computer equipment to make data entry easier.
- Initiating a case review process to ensure case entry is completed in a timely manner.

The WISE & Healthy Aging Long-Term Care Ombudsman Program will implement enhanced consistency training as part of the All-Ombudsman monthly training meetings. These efforts will be further supported by Regional Supervisors in each region. Focus will be on ensuring staff, volunteers, and interns are all collecting timely and accurate NORS data.

## **TITLE VII ELDER ABUSE PREVENTION** **SERVICE UNIT PLAN (PSA 19)**

The program conducting the Title VII Elder Abuse Prevention work is:

<input checked="" type="checkbox"/>	Ombudsman Program
<input type="checkbox"/>	Legal Services Provider
<input type="checkbox"/>	Adult Protective Services
<input type="checkbox"/>	Other (explain/list)

**Units of Service: AAA must complete at least one category from the Units of Service below.**

Units of Service categories include public education sessions, training sessions for professionals, training sessions for family caregivers served by a Title IIIE Family Caregiver Support Program, educational materials distributed, and hours of activity spent developing a coordinated system which addresses elder abuse prevention, investigation, and prosecution.

When developing targets for each fiscal year, refer to data reported on the Elder Abuse Prevention Quarterly Activity Reports. Set realistic goals based upon the prior year's numbers and the resources available. Activities reported for the Title VII Elder Abuse Prevention Program must be distinct from activities reported for the LTC Ombudsman Program. No activity can be reported for both programs.

AAAs must provide one or more of the service categories below.

NOTE: The number of sessions refers to the number of presentations and not the number of attendees

- **Public Education Sessions** –Indicate the total number of projected education sessions for the general public on the identification, prevention, and treatment of elder abuse, neglect, and exploitation.
- **Training Sessions for Professionals** –Indicate the total number of projected training sessions for professionals (service providers, nurses, social workers) on the identification, prevention, and treatment of elder abuse, neglect, and exploitation.
- **Training Sessions for Caregivers Served by Title IIIE** –Indicate the total number of projected training sessions for unpaid family caregivers who are receiving services under Title IIIE of the Older Americans Act (OAA) on the identification, prevention, and treatment of elder abuse, neglect, and exploitation. Older Americans Act Reauthorization Act of 2020, Section 302(3) 'Family caregiver' means an adult family member, or another individual, who is an informal provider of in-home and community care to an older individual or to an individual with Alzheimer's disease or a related disorder with neurological and organic brain dysfunction.

- **Hours Spent Developing a Coordinated System to Respond to Elder Abuse** –Indicate the number of hours to be spent developing a coordinated system to respond to elder abuse. This category includes time spent coordinating services provided by the AAA or its contracted service provider with services provided by Adult Protective Services, local law enforcement agencies, legal services providers, and other agencies involved in the protection of elder and dependent adults from abuse, neglect, and exploitation.
- **Educational Materials Distributed** –Indicate the type and number of educational materials to be distributed to the general public, professionals, and family caregivers (this may include materials that have been developed by others) to help in the identification, prevention, and treatment of elder abuse, neglect, and exploitation.
- **Number of Individuals Served** –Indicate the total number of individuals expected to be reached by any of the above activities of this program.

APPROVED

**TITLE IIIB and TITLE VII:**  
**LONG-TERM CARE (LTC) OMBUDSMAN PROGRAM OUTCOMES (PSA 25)**

**2024-2028 Four-Year Planning Cycle**

As mandated by the Older Americans Act Reauthorization Act of 2020, the mission of the LTC Ombudsman Program is to seek resolution of problems and advocate for the rights of residents of LTC facilities with the goal of ensuring their dignity, quality of life, and quality of care.

Each year during the four-year cycle, analysts from the Office of the State Long-Term Care Ombudsman (OSLTCO) will forward baseline numbers to the AAA from the prior fiscal year National Ombudsman Reporting System (NORS) data as entered into the Statewide Ombudsman Program database by the local LTC Ombudsman Program and reported by the OSTLCO in the State Annual Report to the Administration on Aging (AoA).

The AAA will establish targets each year in consultation with the local LTC Ombudsman Program Coordinator. Use the yearly baseline data as the benchmark for determining yearly targets. Refer to your local LTC Ombudsman Program's last three years of AoA data for historical trends. Targets should be reasonable and attainable based on current program resources.

Complete all Measures and Targets for Outcomes 1-3.

**Outcome 1. The problems and concerns of long-term care residents are solved through complaint resolution and other services of the Ombudsman Program. Older Americans Act Reauthorization Act of 2020, Section 712(a)(3), (5)]**

**Measures and Targets:**

**A. Complaint Resolution Rate (NORS Element CD-08) (Complaint Disposition). The average California complaint resolution rate for FY 2021-2022 was 57%.**

Fiscal Year Baseline Resolution Rate	# of partially resolved or fully resolved complaints	Divided by the total number of Complaints	= Baseline Resolution Rate	Fiscal Year Target Resolution Rate
2022-2023	2,615	8,016	33%	<u>33</u> % 2024-2025
2023-2024				<u>      </u> % 2025-2026
2024-2025				<u>      </u> % 2026-2027
2026-2027				<u>      </u> % 2027-2028

Program Goals and Objective Numbers: 7

**B. Work with Resident Councils (NORS Elements S-64 and S-65)**

1. FY 2022-2023 Baseline: Number of Resident Council meetings attended <u>13</u> FY 2024-2025 Target: <u>10</u>
2. FY 2023-2024 Baseline: Number of Resident Council meetings attended <u> </u> FY 2025-2026 Target: <u> </u>
3. FY 2024-2025 Baseline: Number of Resident Council meetings attended <u> </u> FY 2026-2027 Target: <u> </u>
4. FY 2025-2026 Baseline: Number of Resident Council meetings attended <u> </u> FY 2027-2028 Target: <u> </u>
Program Goals and Objective Numbers: <u>7</u>

**C. Work with Family Councils (NORS Elements S-66 and S-67)**

1. FY 2022-2023 Baseline: Number of Family Council meetings attended <u>1</u> FY 2024-2025 Target: <u>1</u>
2. FY 2023-2024 Baseline: Number of Family Council meetings attended <u> </u> FY 2025-2026 Target: <u> </u>
3. FY 2024-2025 Baseline: Number of Family Council meetings attended <u> </u> FY 2026-2027 Target: <u> </u>
4. FY 2025-2026 Baseline: Number of Family Council meetings attended FY 2027-2028 Target: <u> </u>
Program Goals and Objective Numbers: <u>7</u>

**D. Information and Assistance to Facility Staff (NORS Elements S-53 and S-54)**

Count of instances of Ombudsman representatives' interactions with facility staff for the purpose of providing general information and assistance unrelated to a complaint. Information and Assistance may be accomplished by telephone, letter, email, fax, or in-person.

1. FY 2022-2023 Baseline: Number of Instances <u>1556</u> FY 2024-2025 Target: <u>350</u>
2. FY 2023-2024 Baseline: Number of Instances <u> </u> FY 2025-2026 Target: <u> </u>
3. FY 2024-2025 Baseline: Number of Instances <u> </u> FY 2026-2027 Target: <u> </u>
4. FY 2025-2026 Baseline: Number of Instances FY 2027-2028 Target: <u> </u>
Program Goals and Objective Numbers: <u>7</u>

**E. Information and Assistance to Individuals (NORS Element S-55)** Count of instances of Ombudsman representatives' interactions with residents, family members, friends, and others in the community for the purpose of providing general information and assistance unrelated to a complaint. Information and Assistance may be accomplished by: telephone, letter, email, fax, or in person.

1.FY 2022-2023 Baseline: Number of Instances <u>2,585</u> FY 2024-2025 Target: <u>1000</u>
2. FY 2023-2024 Baseline: Number of Instances <u> </u> FY 2025-2026 Target: <u> </u>
3. FY 2024-2025 Baseline: Number of Instances <u> </u> FY 2026-2027 Target: <u> </u>
4. FY 2025-2026 Baseline: Number of Instances <u> </u> FY 2027-2028 Target: <u> </u>
Program Goals and Objective Numbers: <u>7</u>

**F. Community Education** (NORS Element S-68) LTC Ombudsman Program participation in public events planned to provide information or instruction to community members about the LTC Ombudsman Program or LTC issues. The number of sessions refers to the number of events, not the number of participants. This cannot include sessions that are counted as Public Education Sessions under the Elder Abuse Prevention Program.

1. FY 2022-2023 Baseline: Number of Sessions <u>5</u> FY 2024-2025 Target: <u>4</u>
2. FY 2023-2024 Baseline: Number of Sessions <u> </u> FY 2025-2026 Target: <u> </u>
3. FY 2024-2025 Baseline: Number of Sessions <u> </u> FY 2026-2027 Target: <u> </u>
4. FY 2025-2026 Baseline: Number of Sessions <u> </u> FY 2027-2028 Target: <u> </u>
Program Goals and Objective Numbers: <u>7</u>

**G. Systems Advocacy** (NORS Elements S-07, S-07.1)

One or more new systems advocacy efforts must be provided for each fiscal year Area Plan Update. In the relevant box below for the current Area Plan year, in narrative format, please provide at least one new priority systems advocacy effort the local LTC Ombudsman Program will engage in during the fiscal year. The system's advocacy effort may be a multi-year initiative, but for each year, describe the results of the efforts made during the previous year and what specific new steps the local LTC Ombudsman program will be taking during the upcoming year. Progress and goals must be separately entered each year of the four-year cycle in the appropriate box below.

Systems Advocacy can include efforts to improve conditions in one LTC facility or can be county-wide, state-wide, or even national in scope. (Examples: Work with LTC facilities to improve pain relief or increase access to oral health care, work with law enforcement entities to improve response and investigation of abuse complaints, collaboration with other agencies to improve LTC residents' quality of care and quality of life, participation in disaster preparedness planning, participation in legislative advocacy efforts related to LTC issues, etc.) Be specific about the actions planned by the local LTC Ombudsman Program.

Enter information in the relevant box below.

**FY 2024-2025****FY 2024-2025 Systems Advocacy Effort(s): (Provide one or more new systems advocacy efforts)**

This year Ombudsman is updating to include a one-page informational flyer with a QR code for those that want a more consolidated version of information. (They will continue to have the brochures which provide more detail.)

Their website has also been launched (<https://wiseombudsman.org/>) and their brochures have been printed.

**FY 2025-2026****Outcome of FY 2024-2025 Efforts:****FY 2025-2026 Systems Advocacy Effort(s): (Provide one or more new systems advocacy efforts)****FY 2026-2027****Outcome of FY 2025-2026 Efforts:****FY 2026-2027 Systems Advocacy Effort(s): (Provide one or more new systems advocacy efforts)****FY 2027-2028****Outcome of 2026-2027 Efforts:****FY 2027-2028 Systems Advocacy Effort(s): (Provide one or more new systems advocacy efforts)****Outcome 2.**

Residents have regular access to an Ombudsman. [(Older Americans Act Reauthorization Act of 2020), Section 712(a)(3)(D), (5)(B)(ii)]

**Measures and Targets:**

**A. Routine Access: Nursing Facilities** (NORS Element S-58) Percentage of nursing facilities within the PSA that were visited by an Ombudsman representative at least once each quarter **not** in response to a complaint. The percentage is determined by dividing the number of nursing facilities in the PSA that were visited at least once each quarter not in response to a complaint by the total number of nursing facilities in the PSA. NOTE: This is not a count of visits but a count of facilities. In determining the number of facilities visited for this measure, no nursing facility can be counted more than once.

1. FY 2022-2023 Baseline: Number of Nursing Facilities visited at least once a quarter not in response to a complaint <u>77</u> divided by the total number of Nursing Facilities <u>144</u> = Baseline <u>53</u> % FY 2024-2025 Target: <u>50%</u>
2. FY 2023-2024 Baseline: Number of Nursing Facilities visited at least once a quarter not in response to a complaint _____ divided by the total number of Nursing Facilities _____ = Baseline _____ % FY 2025-2026 Target: _____
3. FY 2024-2025 Baseline: Number of Nursing Facilities visited at least once a quarter not in response to a complaint _____ divided by the total number of Nursing Facilities _____ = Baseline _____ % FY 2026-2027 Target: _____
4. FY 2025-2026 Baseline: Number of Nursing Facilities visited at least once a quarter not in response to a complaint _____ divided by the total number of Nursing Facilities _____ = Baseline _____ % FY 2027-2028 Target: _____
Program Goals and Objective Numbers: <u>7</u>

**B. Routine access: Residential Care Communities** (NORS Element S-61) Percentage of RCFEs within the PSA that were visited by an Ombudsman representative at least once each quarter during the fiscal year **not** in response to a complaint. The percentage is determined by dividing the number of RCFEs in the PSA that were visited at least once each quarter not in response to a complaint by the total number of RCFEs in the PSA. NOTE: This is not a count of *visits* but a count of *facilities*. In determining the number of facilities visited for this measure, no RCFE can be counted more than once.

1. FY 2022-2023 Baseline: Number of RCFEs visited at least once a quarter not in response to a complaint <u>48</u> divided by the total number of RCFEs <u>686</u> = Baseline <u>7%</u> FY 2024-2025 Target: 25%
2. FY 2023-2024 Baseline: Number of RCFEs visited at least once a quarter not in response to a complaint _____ divided by the total number of RCFEs _____ = Baseline _____ FY 2025-2026 Target: _____

3. FY 2024-2025 Baseline: Number of RCFEs visited at least once a quarter not in response to a complaint \_\_\_\_\_ divided by the total number of RCFEs \_\_\_\_\_ = Baseline \_\_\_\_\_

FY 2026-2027 Target:

4. FY 2025-2026 Baseline: Number of RCFEs visited at least once a quarter not in response to a complaint \_\_\_\_\_ divided by the total number of RCFEs \_\_\_\_\_ = Baseline \_\_\_\_\_

FY 2027-2028 Target:

Program Goals and Objective Numbers: 7

**C. Number of Full-Time Equivalent (FTE) Staff** (NORS Element S-23) This number may only include staff time legitimately charged to the LTC Ombudsman Program. Time spent working for or in other programs may not be included in this number. For example, in a local LTC Ombudsman Program that considers full-time employment to be 40 hours per week, the FTE for a staff member who works in the Ombudsman Program 20 hours a week should be 0.5, even if the staff member works an additional 20 hours in another program.

1. FY 2022-2023 Baseline: 13.66 FTEs

FY 2024-2025 Target: 14 FTEs

2. FY 2023-2024 Baseline:    FTEs FY 2025-2026 Target:    FTEs

3. FY 2024-2025 Baseline:    FY 2026-2027 Target:    FTEs

4. FY 2025-2026 Baseline:    FTEs FY 2027-2028 Target:    FTEs

Program Goals and Objective Numbers: 7

**D. Number of Certified LTC Ombudsman Volunteers** (NORS Element S-24)

1. FY 2022-2023 Baseline: Number of certified LTC Ombudsman volunteers 27 FY 2024-2025 Projected Number of certified LTC Ombudsman volunteers 20

2. FY 2023-2024 Baseline: Number of certified LTC Ombudsman volunteers    FY 2025-2026 Projected Number of certified LTC Ombudsman volunteers   

3. FY 2024-2025 Baseline: Number of certified LTC Ombudsman volunteers    FY 2026-2027 Projected Number of certified LTC Ombudsman volunteers   

4. FY 2025-2026 Baseline: Number of certified LTC Ombudsman volunteers    FY 2027-2028 Projected Number of certified LTC Ombudsman volunteers   

Program Goals and Objective Numbers: 7

### **Outcome 3.**

Ombudsman representatives accurately and consistently report data about their complaints and other program activities in a timely manner. [Older Americans Act Reauthorization Act of 2020, Section 712(c)]

#### **Measures and Targets:**

In narrative format, describe one or more specific efforts your program will undertake in the upcoming year to increase the accuracy, consistency, and timeliness of your National Ombudsman Reporting System (NORS) data reporting.

Some examples could include:

- Hiring additional staff to enter data
- Updating computer equipment to make data entry easier
- Initiating a case review process to ensure case entry is completed in a timely manner.

The WISE & Healthy Aging Long-Term Care Ombudsman Program will develop a case review checklist for supervisors to be utilized. Additionally, Regional supervisors will increase the sample of cases reviewed each month to ensure accuracy in data reporting in addition to ensuring that all case management steps have been taken. All staff and volunteer interns enter data into ODIN to ensure timely and up to date NORS data is collected. A new requirement for any new volunteers recruited will be that they enter their data directly into ODIN monthly. This will be a phased approach.

The agency's new stand along website for the Ombudsman Program allows for reporting parties to make complaints directly through the website. This information goes directly to the Intake Department for prompt processing. The Intake Department sends daily updates to the regional staff about new cases. The Intake Supervisor is reviewing new intakes to ensure adequate information is captured.

Additionally, the program has implemented more frequent All Ombudsman trainings for staff and volunteer ombudsman focusing on topics such as consistency in coding, verification, and case handling protocols.

**TITLE VII ELDER ABUSE PREVENTION**  
**SERVICE UNIT PLAN OBJECTIVES (PSA 25)**

The program conducting the Title VII Elder Abuse Prevention work is:

<input checked="" type="checkbox"/>	Ombudsman Program
<input checked="" type="checkbox"/>	Legal Services Provider
<input type="checkbox"/>	Adult Protective Services
<input type="checkbox"/>	Other (explain/list)

**Units of Service: AAA must complete at least one category from the Units of Service below.**

Units of Service categories include public education sessions, training sessions for professionals, training sessions for caregivers served by a Title IIIE Family Caregiver Support Program, educational materials distributed, and hours of activity spent developing a coordinated system which addresses elder abuse prevention, investigation, and prosecution.

When developing targets for each fiscal year, refer to data reported on the Elder Abuse Prevention Quarterly Activity Reports. Set realistic goals based upon the prior year's numbers and the resources available. Activities reported for the Title VII Elder Abuse Prevention Program must be distinct from activities reported for the LTC Ombudsman Program. No activity can be reported for both programs.

AAAs must provide one or more of the service categories below.

**NOTE: The number of sessions refers to the number of presentations and not the number of attendees**

- 1. Public Education Sessions** –Indicate the total number of projected education sessions for the general public on the identification, prevention, and treatment of elder abuse, neglect, and exploitation.
- 2. Training Sessions for Professionals** –Indicate the total number of projected training sessions for professionals (service providers, nurses, social workers) on the identification, prevention, and treatment of elder abuse, neglect, and exploitation.
- 3. Training Sessions for Caregivers Served by Title IIIE** –Indicate the total number of projected training sessions for unpaid family caregivers who are receiving services under Title IIIE of the Older Americans Act (OAA) on the identification, prevention, and treatment of elder abuse, neglect, and exploitation. Older Americans Act Reauthorization Act of 2020, Section 302(3) 'Family caregiver' means an adult family member, or another individual, who is an informal provider of in-home and community care to an older individual or to an individual with Alzheimer's disease or a related disorder with neurological and organic brain dysfunction.

4. **Hours Spent Developing a Coordinated System to Respond to Elder Abuse** –Indicate the number of hours to be spent developing a coordinated system to respond to elder abuse. This category includes time spent coordinating services provided by the AAA or its contracted service provider with services provided by Adult Protective Services, local law enforcement agencies, legal services providers, and other agencies involved in the protection of older and dependent adults from abuse, neglect, and exploitation.
5. **Educational Materials Distributed** –Indicate the type and number of educational materials to be distributed to the general public, professionals, and caregivers (this may include materials that have been developed by others) to help in the identification, prevention, and treatment of elder abuse, neglect, and exploitation.
6. **Number of Individuals Served** –Indicate the total number of individuals expected to be reached by any of the above activities of this program.

## **TITLE IIIE SERVICE UNIT PLAN PSA (19 and 25)**

### **CCR Article 3, Section 7300(d)**

#### **2024-2028 Four-Year Planning Period**

This Service Unit Plan (SUP) uses the five federally mandated service categories that encompass 16 subcategories. Refer to the CDA Service Categories and Data Dictionary for eligible activities and service unit measures. Specify proposed audience size or units of service for ALL budgeted funds.

Providing a goal with associated objectives is mandatory for services provided. The goal states the big picture and the objectives are the road map (specific and measurable activities) for achieving the big picture goal.

For example: **Goal 3:** Provide services to family caregivers that will support them in their caregiving role, thereby allowing the care receiver to maintain a healthy, safe lifestyle in the home setting.

- Objective 3.1: Contract for the delivery of virtual self-paced family caregiver training modules. Review data monthly to strategize how to increase family caregiver engagement in these modules.
- Objective 3.2: Facilitate a monthly in person support group for family caregivers where they can share success stories and challenges, share information regarding experiences with HCBS. Respite day care will be available for their loved one if needed.
- Objective 3.3: Do caregiver assessments every 6 months to stay connected to the caregiver and knowledgeable about their needs.

## HEALTH INSURANCE COUNSELING AND ADVOCACY PROGRAM (HICAP) SERVICE UNIT PLAN (PSA 19)

### CCR Article 3, Section 7300(d) WIC § 9535(b)

**MULTIPLE PLANNING AND SERVICE AREA HICAPs (multi-PSA HICAP):** Area Agencies on Aging (AAA) that are represented by a multi-PSA, HICAPs must coordinate with their “Managing” AAA to complete their respective PSA’s HICAP Service Unit Plan.

CDA contracts with 26 AAAs to locally manage and provide HICAP services in all 58 counties. Four AAAs are contracted to provide HICAP services in multiple Planning and Service Areas (PSAs). The “Managing” AAA is responsible for providing HICAP services in a way that is equitable among the covered service areas.

**HICAP PAID LEGAL SERVICES:** Complete this section if HICAP Legal Services are included in the approved HICAP budget.

**STATE & FEDERAL PERFORMANCE TARGETS:** The HICAP is assessed based on State and Federal Performance Measures. AAAs should set targets in the service unit plan that meet or improve on each PM displayed on the *HICAP State and Federal Performance Measures* tool located online at:

[https://www.aging.ca.gov/Providers\\_and\\_Partners/Area\\_Agencies\\_on\\_Aging/Planning/](https://www.aging.ca.gov/Providers_and_Partners/Area_Agencies_on_Aging/Planning/)

HICAP PMs are calculated from county-level data for all 33 PSAs. HICAP State and Federal PMs, include:

- PM 1.1 Clients Counseled: Number of finalized Intakes for clients/ beneficiaries that received HICAP services
- PM 1.2 Public and Media Events (PAM): Number of completed PAM forms categorized as “interactive” events
- PM 2.1 Client Contacts: Percentage of one-on-one interactions with any Medicare beneficiaries
- PM 2.2 PAM Outreach Contacts: Percentage of persons reached through events categorized as “interactive”
- PM 2.3 Medicare Beneficiaries Under 65: Percentage of one-on-one interactions with Medicare beneficiaries under the age of 65
- PM 2.4 Hard-to-Reach Contacts: Percentage of one-on-one interactions with “hard-to-reach” Medicare beneficiaries designated as,
  - PM 2.4a Low-income (LIS)
  - PM 2.4b Rural
  - PM 2.4c English Second Language (ESL)
- PM 2.5 Enrollment Contacts: Percentage of contacts with one or more qualifying enrollment topics discussed

HICAP service-level data are reported in CDA’s Statewide HICAP Automated Reporting Program (SHARP) system per reporting requirements.

## HEALTH INSURANCE COUNSELING AND ADVOCACY PROGRAM (HICAP) SERVICE UNIT PLAN (PSA 25)

### CCR Article 3, Section 7300(d) WIC § 9535(b)

**MULTIPLE PLANNING AND SERVICE AREA HICAPs (multi-PSA HICAP):** Area Agencies on Aging (AAA) that are represented by a multi-PSA, HICAPs must coordinate with their “Managing” AAA to complete their respective PSA’s HICAP Service Unit Plan.

CDA contracts with 26 AAAs to locally manage and provide HICAP services in all 58 counties. Four AAAs are contracted to provide HICAP services in multiple Planning and Service Areas (PSAs). The “Managing” AAA is responsible for providing HICAP services in a way that is equitable among the covered service areas.

**HICAP PAID LEGAL SERVICES:** Complete this section if HICAP Legal Services are included in the approved HICAP budget.

**STATE & FEDERAL PERFORMANCE TARGETS:** The HICAP is assessed based on State and Federal Performance Measures. AAAs should set targets in the service unit plan that meet or improve on each PM displayed on the *HICAP State and Federal Performance Measures* tool located online at:

[https://www.aging.ca.gov/Providers\\_and\\_Partners/Area\\_Agencies\\_on\\_Aging/Planning/](https://www.aging.ca.gov/Providers_and_Partners/Area_Agencies_on_Aging/Planning/)

HICAP PMs are calculated from county-level data for all 33 PSAs. HICAP State and Federal PMs, include:

- PM 1.1 Clients Counseled: Number of finalized Intakes for clients/ beneficiaries that received HICAP services
- PM 1.2 Public and Media Events (PAM): Number of completed PAM forms categorized as “interactive” events
- PM 2.1 Client Contacts: Percentage of one-on-one interactions with any Medicare beneficiaries
- PM 2.2 PAM Outreach Contacts: Percentage of persons reached through events categorized as “interactive”
- PM 2.3 Medicare Beneficiaries Under 65: Percentage of one-on-one interactions with Medicare beneficiaries under the age of 65
- PM 2.4 Hard-to-Reach Contacts: Percentage of one-on-one interactions with “hard-to- reach” Medicare beneficiaries designated as,
  - PM 2.4a Low-income (LIS)
  - PM 2.4b Rural
  - PM 2.4c English Second Language (ESL)
- PM 2.5 Enrollment Contacts: Percentage of contacts with one or more qualifying enrollment topics discussed

HICAP service-level data are reported in CDA’s Statewide HICAP Automated Reporting Program (SHARP) system per reporting requirements.

**Justification:** If any of the five main categories are **NOT** being provided please explain how the need is already being met in the PSA. If the justification information is the same, multiple service categories can be grouped in the justification statement. The justification must include the following:

- 1. Provider name and address.**
- 2. Description of the service(s) they provide (services should match those in the CDA Service Category and Data Dictionary)**
- 3. Where is the service provided (entire PSA, certain counties)?**
- 4. How does the AAA ensure that the service continues to be provided in the PSA without the use of Title III E funds**

**Note:** The AAA is responsible for ensuring that the information listed for these organizations is up to date. Please include any updates in the Area Plan Update process.

## **SECTION 10. FAMILY CAREGIVER SUPPORT PROGRAM (PSA 25)**

### **Notice of Intent for Non-Provision of FCSP Multifaceted Systems of Support Services Older Americans Act Reauthorization Act of 2020, Section 373(a) and (b) 2024-2028 Four-Year Planning Cycle**

Based on the AAA's needs assessment and subsequent review of current support needs and services for **family caregivers**, indicate what services the AAA **intends** to provide using Title IIIIE and/or matching FCSP funds for both.

Check YES or NO for each of the services\* identified below and indicate if the service will be provided directly or contracted. **If the AAA will not provide at least one service subcategory for each of the five main categories, a justification for services not provided is required in the space below.**

**Justification:** If any of the five main categories are **NOT** being provided, please explain how the need is already being met in the PSA. If the justification information is the same, multiple service categories can be grouped in the justification statement. The justification must include the following:

1. **Provider name and address.**
2. **Description of the service(s) they provide (services should match those in the CDA Service Category and Data Dictionary)**
3. **Where is the service provided (entire PSA, certain counties)?**
4. **How does the AAA ensure that the service continues to be provided in the PSA without the use of Title IIIIE funds**

**Note:** The AAA is responsible for ensuring that the information listed for these organizations is up to date. Please include any updates in the Area Plan Update process.

Justification:

1. Provider name and address:

County of Los Angeles Department of Public Social Services (DPSS)  
Various locations throughout PSA19

Grandparents As Parents (GAP)

17400 Victory Blvd,  
Van Nuys, CA 91406

Housing and Community Investment Department of Los Angeles  
1200 W 7th St #120,  
Los Angeles, CA 90017

2. Description of the service(s) they provide (services should match those in the CDA Service Category and Data Dictionary):

The City will continue to maintain its current level of kinship care services and not provide "Grandparent/Older Relative Respite Care" and "Grandparent/Older Relative Supplemental Services" because the County of Los Angeles Department of Public Social Services (DPSS) offers kinship programs and services to PSA 25 residents. PSA 25 also collaborates with Grandparents As Parents (GAP), a local non-profit agency that also provides kinship care to PSA 25 residents. Older adults in need of Grandparent Respite Care or Grandparent Supplemental Services are referred to these agencies.

For Family Caregiver Supplemental Services, the Housing and Community Investment Department of Los Angeles offers home adaptations for PSA 25 residents, and the County of Los Angeles offers a registry of qualified homemaker and respite care workers to PSA 25 residents. Furthermore, PSA 25 operates an emergency assistance program, not funded through the OAA, which provides emergency cash to older adults in need of assistance. PSA 25 also provides assistive devices (emergency alert response system devices) to older adults. This program is also not funded by the OAA.

3. Where is the service provided (entire PSA, certain counties)?  
Entire PSA

4. How does the AAA ensure that the service continues to be provided in the PSA without the use of Title IIIIE funds?

The City partners with the Los Angeles County (PSA 19) and nonprofit organizations in providing the aforementioned services.

## **SECTION 11. LEGAL ASSISTANCE (PSA 19)**

### **2024-2028 Four-Year Area Planning Cycle**

This section must be completed and submitted annually. The Older Americans Act Reauthorization Act of 2020 designates legal assistance as a priority service under Title III B [42 USC §3026(a)(2)]<sup>12</sup>. CDA developed *California Statewide Guidelines for Legal Assistance* (Guidelines), which are to be used as best practices by CDA, AAAs and LSPs in the contracting and monitoring processes for legal services, and located at: [https://aging.ca.gov/Providers\\_and\\_Partners/Legal\\_Services/#pp-qq](https://aging.ca.gov/Providers_and_Partners/Legal_Services/#pp-qq)

1. Based on your local needs assessment, what percentage of Title IIIB funding is allocated to Legal Services? **Discuss:**

PSA 19 will allocate 5% of the Title IIIB funding for legal services.

2. How have your local needs changed in the past year(s)? Please identify any changes (including whether the change affected the level of funding and the difference in funding levels in the past four years). **Discuss:**

Our legal services provider, Bet Tzedek, has reported receiving more cases involving elder abuse, including financial elder abuse and real estate title fraud through forgery, undue influence, and diminished capacity experienced by older adults. In addition, an increase in intergenerational family households has contributed to the consistent increase in legal issues involving kinship care and informal caregiving arrangements. For instance, Bet Tzedek has represented undocumented immigrant youth to have their grandparents or other older adult relative caregiver appointed as their legal guardians in probate court. Although we have seen more need in legal assistance and complexities, the demand significantly exceeds available funding, requiring Bet Tzedek to supplement funding through additional sources. We will also evaluate the need to increase these supplemental funding sources to better meet the growing demand.

In early 2023, there was also a dramatic increase in the number of individuals who acutely needed legal services for urgent issues due to the removal of COVID-era “rent protections”. The current legal concerns faced by the seniors in Los Angeles are of greater urgency than typically received.

3. How does the AAA’s contract/agreement with the Legal Services Provider(s) (LSPs) specify and ensure that the LSPs are expected to use the California Statewide Guidelines in the provision of OAA legal services? **Discuss:**

The AAA Legal Services Statement of Work (SOW) specifies that the LSP is expected to follow all applicable Older Americans Act requirements, standards established by the California Department of Aging, and County of Los Angeles Aging and Disabilities Department Memoranda/Directives, which includes the California Statewide Guidelines. The California Statewide Guidelines are also included in the SOW as an attachment. In addition, AAA ensures compliance with guidelines through ongoing program monitoring. The SOW and monitoring tools mirror guideline requirements. Such requirements include but are not limited to staffing, confidentiality, grievance process and voluntary contributions.

4. How does the AAA collaborate with the Legal Services Provider(s) to jointly establish specific priority issues for legal services? What are the top four (4) priority legal issues in your PSA? **Discuss:**

The AAA collaborates with the Legal Services Provider (LSP) through a process of meetings established for discussing ongoing concerns and issues legal services. This collaboration begins with quarterly meetings between the AAA and LSP to assess emerging needs.

Priorities are identified based on the most common legal issues facing AAA clients. The top four (4) priority legal issues in Los Angeles are as follows:

- Government Benefits: This includes assistance with Social Security, SSI, In-Home Supportive Services, and healthcare.
- Housing/Utilities: This includes tenants' rights, real property (including home equity fraud and foreclosures), and utilities.
- Protective Services/Elder Abuse/Defense against Conservatorship: This includes assistance with conservatorship issues, restraining orders, exploitation, and advance planning/autonomy/advance directives.
- Consumer: Older adults consult with Bet Tzedek on debtors' rights issues and harassment by creditors, consumer scams, and identity theft issues.

5. How does the AAA collaborate with the Legal Services Provider(s) to jointly identify the target population? What is the targeted senior population and mechanism for reaching targeted groups in your PSA? **Discuss:**

The AAA has identified the target population of older adults with the greatest economic or social needs by collaborating closely with our LSP through quarterly meetings and coordinated outreach efforts. These meetings help the AAA understand the need for service delivery and focus on priority areas such as economic hardship, housing, protective services and consumer issues. Specific to legal services, greatest economic needs result from an income level at or below the current official Federal Poverty Guideline amounts. Greatest social needs are caused by non-economic factors, which include physical and mental disabilities, language barriers, and cultural, social or geographical isolation, including isolation caused by race or ethnicity, sexual orientation or gender identity, or housing status or mobility issues that restricts the ability of an individual to perform normal daily tasks or threatens the capacity of an individual to live independently.

Several mechanisms are used for reaching the target population. This includes scheduling appointments in advance, providing on site services at locations where older adults congregate, conducting follow up sessions at locations convenient to the older adult, and preparing advance planning clinics.

6. How many legal assistance service providers are in your PSA? **Complete table below.**

Fiscal Year	# of Legal Assistance Services Providers	Did the number of service providers change? If so, please explain
2024-2025	1	No
2025-2026		

2026-2027		
2027-2028		

<sup>12</sup> For Information related to Legal Services, contact Jeremy A. Avila at 916 419-7500 or [Jeremy.Avila@aging.ca.gov](mailto:Jeremy.Avila@aging.ca.gov)

**7. What methods of outreach are Legal Services Providers using? **Discuss:****

Bet Tzedek is conducting outreach through site consultations and community legal education sessions at various designated senior centers. Bet Tzedek is also offering monthly virtual presentations via Zoom. Bet Tzedek can also utilize dedicated outreach workers to disseminate information about its services through community events, libraries, community partners, and media outlets.

**8. What geographic regions are covered by each provider? **Complete table below:****

<b>Fiscal Year</b>	<b>Name of Provider</b>	<b>Geographic Region covered</b>
2024-2025	a. Bet Tzedek b. c.	a. Los Angeles County in its entirety (5 Supervisorial Districts). b. c.
2025-2026	a. b. c.	a. b. c.
2026-2027	a. b. c.	a. b. c.
2027-2028	a. b. c.	a. b. c.

**9. Discuss how older adults access Legal Services in your PSA and whether they can receive assistance remotely (e.g., virtual legal clinics, phone, U.S. Mail, etc.). **Discuss:****

Bet Tzedek provides legal services to older adults through Direct Legal representation, Medical Legal Partnerships, Self-Help Clinics (virtual and in-person), Community Service Sites, Social Work Support for Elder Justice Programming and Outreach Events. Seniors can receive assistance remotely through phone, fax, text messages, U.S. mail and courier services, Online Intake Portal, Video conferencing (Zoom, Teams, or Ring Central), Court kiosks (for Self-Help Clinics based in courthouses), Websites (Bet Tzedek general website and Bet Tzedek Self-Help Conservatorship Clinic website). Where necessary, Bet Tzedek advocates also make home visits to serve home-bound older adults.

**10. Identify the major types of legal issues that are handled by the Title IIIB legal provider(s) in your PSA (please include new legal problem trends in your area). **Discuss:****

There has been an increase in demand for the following legal issues: Medi-Cal, Housing, Private Landlord, Homeowner Protection, Elder Abuse, Advance Directives / Powers of Attorney, Conservatorship.

Legal issues handled by Bet Tzedek include:

Advance Planning

- Powers of Attorney
- Advance Health Care Directives
- Wills
- Living Trusts
- Beneficiary Designations

Elder Abuse

- Elder Abuse Restraining Order
- Elder Financial Abuse Prevention
- Other Related Advocacy

Housing

- Eviction Defense
- Housing Conditions/Tenants' Rights
- Foreclosure Prevention
- Real Estate/Solar/Contractor Fraud
- Homelessness Prevention

Government Benefits/Income Maintenance

- Social Security
- SSI and SSDI
- Medi-Cal
- Cash Assistance Program for Immigrants (CAPI)
- VA Benefits
- Low Income Tax Advocacy

Access To Justice Programs (Self-Help/Pro Per Clinics)

- Self-Help Conservatorship Clinic
- Elder Abuse Restraining Order Clinic

**11. What are the barriers to accessing legal assistance in your PSA? Include proposed strategies for overcoming such barriers. **Discuss:****

Older adults are often isolated from social support networks, making it more difficult to access up-to-date information about their legal rights or find legal service providers. Bet Tzedek addresses these challenges by partnering with senior centers, social service organizations, hospitals, schools, and faith-based networks to reach older adults in need of legal assistance.

Older adults with deteriorating mental capacity may not be able to handle their own

financial and legal affairs and their family members may not have legal authority to act on their behalf or the financial means to provide necessary care. Bet Tzedek provides legal assistance for family caregivers, helping them prepare powers of attorney, petition for conservatorship, and access in-home supportive services under Medi-Cal, thereby securing care and stability for older adults.

Older adults who wish to leave their financial resources to family members do not have the financial means to access private attorneys for estate planning services. As a result, they can fall prey to financial fraud by unscrupulous family members or friends. Bet Tzedek just launched a new Leaving a Legacy program that provides estate planning services to Los Angeles residents. Properly drafted and implemented estate plans give older adults the means to plan for the orderly transfer of assets upon their passing, while providing legal protections during their lifetime, thereby preventing elder financial abuse.

Older Adults who do not speak English as their first language face additional barriers to accessing legal services. Bet Tzedek has attorneys, advocates, and volunteers fluent in Spanish and Russian, among other languages, who can assist non-English-speaking older adults in their native language. For languages our staff and volunteers do not speak, Bet Tzedek utilizes a live phone interpreter service to ensure equal access by all older adults seeking assistance.

**12. What other organizations or groups does your legal service provider coordinate services with? **Discuss:****

Strategic collaborations among legal services organizations, community-based organizations, and local government are critical to addressing the increasingly complex legal challenges faced by older adults. Our legal service provider, Bet Tzedek, works closely with both the Ombudsman and HICAP programs. Depending on the case, Bet Tzedek staff may: (1) coordinate directly with the Ombudsman program to facilitate services in a nursing home setting; or (2) connect individuals to the program through community education and referrals.

To enhance coordination, Bet Tzedek collaborates with WISE & Healthy Aging, the agency that operates the Ombudsman program. Linkage to HICAP is similarly facilitated through education and referral efforts, either during the prescreening process or after an advocate has assessed the client's situation. In addition, Bet Tzedek collaborates with many senior centers and PSA 19-contracted service provider locations to offer on-site legal services to older adults in community-based settings.

These partnerships provide comprehensive support and help address legal matters related to long-term care facilities, elder abuse, housing, public benefits, and Medicare—ensuring the complex needs of older adults are met effectively.

## **SECTION 11. LEGAL ASSISTANCE (PSA 25)**

### **2024-2028 Four-Year Area Planning Cycle**

This section must be completed and submitted annually. The Older Americans Act Reauthorization Act of 2020 designates legal assistance as a priority service under Title III B [42 USC §3026(a)(2)]<sup>12</sup>.

- CDA developed *California Statewide Guidelines for Legal Assistance* (Guidelines), which are to be used as best practices by CDA, AAAs and LSPs in the contracting and monitoring processes for legal services, and located at:

- [https://aging.ca.gov/Providers\\_and\\_Partners/Legal\\_Services/#pp-gg](https://aging.ca.gov/Providers_and_Partners/Legal_Services/#pp-gg)

1. Based on your local needs assessment, what percentage of Title IIIB funding is allocated to Legal Services? **Discuss:**

PSA 25 has met or surpassed its goals of allocating 5.5% of Title IIIB funding to legal services for the past four years.

2. How have your local needs changed in the past year(s)? Please identify any changes (include whether the change affected the level of funding and the difference in funding levels in the past four years). **Discuss:**

Over the course of the last several years, community need has outstripped funding levels. Older individuals are the fastest growing population among the unhoused. For many clients, housing insecurity has been coupled with food insecurity and lack of affordable healthcare. The incidence of elder abuse continues to increase, particularly elder abuse in the form of scams. In addition, as individuals with developmental disabilities have longer lifespans, their care has become far more complicated. Finally, working with any older individual has become more complicated as many clients' present multiple legal issues deeply entwined with social and economic challenges. Our staff members attempt to disentangle and meet legal needs in the context of clients who are frail, have mental health issues, are starting to suffer memory loss, or are recovering from trauma. Lacking funds for on-staff social workers hampers our ability to meet these needs. In all, therefore, there are more clients, more legal issues to address, and addressing them has become more complicated. The need far outstrips funding levels, such that Bet Tzedek is required to supplement OAA funding with funding from other sources, including other public contracts, foundation funds, awards, and donations from private individuals.

3. How does the AAA's contract/agreement with the Legal Services Provider(s) (LSPs) specify and ensure that the LSPs are expected to use the California Statewide Guidelines in the provision of OAA legal services? **Discuss:**

PSA 25 contracts with Bet Tzedek for the provision of OAA legal services. The contractual agreement indicates that Bet Tzedek is expected to use California Statewide Guidelines for Legal Assistance. Bet Tzedek provides legal services through its offices on Wilshire Boulevard and extensive outreach efforts. Bet Tzedek conducted intake appointments on a regular schedule at 15 multipurpose senior centers and community centers located in communities across the city and other outreach services on an as needed basis at several other centers.

4. How does the AAA collaborate with the Legal Services Provider(s) to jointly establish specific priority issues for legal services? What are the top four (4) priority legal issues in your PSA? **Discuss:**

For over four decades, the LADOA has worked collaboratively with its Legal Service Provider (LSP), Bet Tzedek, to identify and establish priority issues for legal services. This is accomplished through the review of monthly and annual reports, data tracking, bimonthly meetings, and joint participation in citywide stakeholder meetings. Additionally, the LADOA instructs the LSP and agencies to maintain consistent direct communication to elevate high priority needs.

The top four legal issues are as follows: 1. Elder Abuse and scams targeting seniors; 2. Housing and landlord tenant issues; 3. Income maintenance, including public benefits and consumer debt issues; and 4. Estate and end-of-life planning as the top four priority legal issues.

5. How does the AAA collaborate with the Legal Services Provider(s) to jointly identify the target population? What is the targeted senior population and mechanism for reaching targeted groups in your PSA? **Discuss:**

Through discussions with our LSP in periodic meetings, as well as our assessments of the needs of our aging community, the AAA has jointly identified its target population. The targeted senior population is age 60 or older with the greatest economic or social need, including seniors with low income, minorities, the frail and disabled, and those in danger of losing their independence. The mechanism used to reach the identified target population is direct referrals from LADOA and from the 15 senior centers covering the City of Los Angeles Aging Service Areas (ASA). Direct referrals from LADOA may be phone calls from clients to LADOA asking for legal help and/or other Los Angeles City Departments detecting possible elder abuse and informing LADOA that the senior client needs help. Requests are then directed to Bet Tzedek. Referrals from LADOA senior centers generally come from case managers who identify senior clients in need of legal help.

6. How many legal assistance service providers are in your PSA? **Complete table below.**

Fiscal Year	# of Legal Assistance Services Providers	Did the number of service providers change? If so, please explain
2024-2025	1	No
2025-2026		
2026-2027		
2027-2028		

7. What methods of outreach are Legal Services Providers using? **Discuss:**

Bet Tzedek provides one-on-one legal consultation services to clients at its offices and multipurpose senior centers and community centers. In addition, Bet Tzedek participates in clinics and senior fairs and provides speakers at information sessions and community education events sponsored by a variety of social service agencies and departments. Bet Tzedek conducts Advance Planning Clinics at various senior centers and outreach sites

to assist seniors in preparing advance health care directives and statutory wills. Bet Tzedek also conducts regular Employment Rights Project Clinic and Legal Name and Gender Marker Change Clinic at our offices. Bet Tzedek operates Self-Help Conservatorship Clinics in several courthouses throughout the County, providing services to seniors and their family caregivers. Bet Tzedek conducts legal appointment schedules at two SOVA Community Food and Resource Program sites in the Los Angeles area and at the Karsh Family Service Center. In addition, it continues to operate a successful medical-legal partnership with Harbor-UCLA Hospital with a special focus on serving patients of their Geriatric Clinic, assisting community members in addressing legal issues affecting their health and well-being. Bet Tzedek also conducts a small claims workshop on a monthly basis in collaboration with law firms, Southwestern Law School, and the Los Angeles County Bar Association's Center for Civic Mediation.

Bet Tzedek's Elder Abuse Prevention Advocate has developed a 4-module community education and empowerment outreach program, titled Safe & Savvy Seniors. This program is designed to reduce vulnerability and prevent abuse and exploitation of older adults, minimize trauma and prevent further victimization of older victims of abuse and fraud, and to provide training and resources for criminal justice stakeholders and social service agencies to improve outcomes for elder abuse survivors in Los Angeles County, with a particular emphasis on targeting low-income Black and Latino communities who have historically been excluded from education on these issues. Modules include a focus on scams and scam prevention, advance planning as a preventive tool, and elder abuse restraining orders and social work support for victims of elder abuse. Since the beginning of the pandemic, presentations have been delivered remotely, which has enabled deeper collaboration with community partners and wider delivery across Los Angeles. The program has transitioned to a hybrid model that allows for both in person and remote options being made available to the community.

Bet Tzedek produces flyers and brochures on a variety of legal topics and publishes and widely distributes several user-friendly guidebooks that are invaluable resources for family caregivers and kinship care providers, seniors, attorneys, social workers, and health care professionals throughout the state. Written by Bet Tzedek staff members, the guidebooks are available in English and Spanish in a hard copy format and are free online on the Bet Tzedek website (<https://bettzedek.org>): *IHSS Companion Guide; The Caregiver Companion, Caring For A Relative's Child; Nursing Home Companion; Assisted Living Companion; and Limited Conservatorship Guide*. Bet Tzedek also publishes a booklet entitled Mental Health Conservatorship – What You Need to Know about LPS CONSERVATORSHIP for a Person with a Mental Health Disability, and a brochure entitled Taking Care of Your Adult Child with Intellectual/Developmental Disabilities, both of which are available for free download from the Bet Tzedek website. In addition, Bet Tzedek has developed written materials to guide older adults seeking Elder Abuse Restraining Orders to file their petitions in the various Los Angeles courthouses. The agency has also developed and distributed a self-help packet to guide older adults seeking to complete advanced health care directives.

8. What geographic regions are covered by each provider? **Complete table below:**

<b>Fiscal Year</b>	<b>Name of Provider</b>	<b>Geographic Region covered</b>

<b>2024-2025</b>	a. Bet Tzedek b. c.	a. City of Los Angeles b. c.
<b>2025-2026</b>	a. b. c.	a. b. c.
<b>2026-2027</b>	a. b. c.	a. b. c.
<b>2027-2028</b>	a. b. c.	a. b. c.

9. Discuss how older adults access Legal Services in your PSA and whether they can receive assistance remotely (e.g., virtual legal clinics, phone, U.S. Mail, etc.). **Discuss:**

Older adults access legal services in a variety of ways, including by calling Bet Tzedek's main line 323-939-0506 and speaking with our intake department, or through the online intake portal on Bet Tzedek's website. Generally, seniors also access legal services at the many multipurpose senior centers in the City, where they can make an appointment with Bet Tzedek, or through the SOVA Community Food and Resource Program sites that the agency visits. Other access points include the medical-legal clinic that Bet Tzedek operates at Harbor-UCLA Hospital, other clinics conducted by Bet Tzedek staff in the community (e.g., Self-Help Conservatorship Clinics at several courthouses, the Elder Abuse Restraining Order Clinic, the Employment Rights Project Clinic, Advance Planning Clinics), and through Bet Tzedek's large referral network throughout the community (e.g., ombudsmen, social workers, case managers, non-profits, social service agencies, government agencies, and local law enforcement officials). During the current pandemic, in compliance with government-issued orders and guidelines issued by the CDC, the agency did not conduct in-person appointments with older adult clients. Instead, intakes and client appointments were conducted remotely. With the change in restrictions, in-person appointments are once again resuming. In addition, the agency continues to work with community partners and LADOA to reach out to older communities through flyers and other efforts. Older adults also obtain information about legal services by calling the Los Angeles Department of Aging (LADOA) Information and Assistance Hotline and going to LADOA's website.

10. Identify the major types of legal issues that are handled by the Title IIIB legal provider(s) in your PSA (please include new legal problem trends in your area). **Discuss:**

The major types of legal issues handled by Bet Tzedek include government benefits (e.g., Social Security, SSI, Medi-Cal, IHSS, CAPI, KinGAP), California Statutory Wills, advance health care directives, consumer debt, debtors' rights, financial elder abuse, housing issues, real estate fraud against seniors, foreclosure prevention, family caregiver rights, conservatorships, guardianships, elder abuse restraining orders, legal issues regarding care for adults with intellectual/developmental disabilities and their aging family caregivers, employment rights, income tax disputes, and small claims issues.

Additionally, through its Holocaust Survivor Services Project, Bet Tzedek sees hundreds of local seniors who are Holocaust survivors. Bet Tzedek remains one of only two

agencies in the US that offers free legal advice and assistance for survivors who are applying for reparations, pensions, and other benefits from Germany and other European countries. Bet Tzedek also integrates its Caregiver/Elder Law services into the Holocaust Survivor Services Project, providing the same wraparound services for Holocaust survivors that other seniors receive from Bet Tzedek.

11. What are the barriers to accessing legal assistance in your PSA? Include proposed strategies for overcoming such barriers. **Discuss:**

The barriers to accessing legal assistance in the City of Los Angeles are the challenges of serving the homebound and those living alone with no support; the hurdles faced in serving the abused; overcoming cultural differences and fears of the older adult immigrant population; the difficulty of grandparents caring for grandchildren in accessing useful information; reaching and communicating to long term care facility residents; language barriers; and lack of access to transportation.

Bet Tzedek uses a cadre of staff, volunteer law clerks, and pro bono attorneys, who make home visits to seniors unable to travel to sites where legal services are made available to the community. The agency uses a client-centered, trauma-informed model to develop trusting relationships with clients, centering their needs and paying careful attention to creating supportive, safe ways to connect. Staff members speak a number of languages and Bet Tzedek draws upon its large corps of volunteers to provide additional assistance in interpreting when clients speak languages not known to staff members. Bet Tzedek publishes easily accessible companion guides on its website, in English and Spanish, on a variety of subjects relevant to seniors (e.g., Caring For A Relative's Child, Nursing Home Companion, and Assisted Living Companion). In August 2012 Bet Tzedek moved its offices to 3250 Wilshire Boulevard, a location chosen because it is conveniently located near the Wilshire/Vermont subway stop (Red and Purple lines) and easily accessible by the Metro Rapid 720 and bus lines 20 and 206.

12. What other organizations or groups does your legal service provider coordinate services with? **Discuss:**

Bet Tzedek coordinates its services and works in close collaboration with a wide variety of social service providers, legal services support centers, non-profits, senior multipurpose centers, medical providers, government agencies, and law enforcement agencies. Bet Tzedek is an active participant in two multi-disciplinary teams—the Los Angeles County Elder Abuse Forensic Center, and the San Fernando Valley Local Elder Abuse Prevention Enhanced Multi-Disciplinary Team—regularly attending meetings and accepting referrals from the teams. Other partners include several dozen community agencies as well as secondary partners such as the Los Angeles Police Department, Los Angeles Sheriff's Department, Los Angeles Department of Consumer Affairs, Legal Aid Foundation of Los Angeles, Public Counsel, Adult Protective Services of Los Angeles County, the Los Angeles City Attorney's Office, the District Attorney's Office of Los Angeles County, and the Los Angeles County Superior Court. Bet Tzedek also has a massive pro bono program in partnership with major law firms which significantly leverages staff resources to serve more seniors in need. Pro bono assistance to Bet Tzedek, including private attorneys and volunteer paralegals, law students, and other community members, typically averages over 50,000 hours per year.

Bet Tzedek coordinates with both the Ombudsman and HICAP programs. Based on case

need, Bet Tzedek staff will either: (1) engage directly with the Ombudsman program to coordinate services at a nursing home; or (2) provide direct linkage to the program through community education and referral. To enhance coordination, Bet Tzedek has an MOU with WISE & Healthy Aging (agency operating the Ombudsman program). Bet Tzedek provides linkage to HICAP through community education and referral. Linkage to the program will occur at either the prescreen level or after an advocate has assessed a client's matter.

APPROVED

## **SECTION 12. DISASTER PREPAREDNESS (PSA 19)**

**Disaster Preparation Planning** Conducted for the 2024-2028 Planning Cycle Older Americans Act Reauthorization Act of 2020, Section 306(a)(17); 310, CCR Title 22, Sections 7529 (a)(4) and 7547, W&I Code Division 8.5, Sections 9625 and 9716, CDA Standard Agreement, Exhibit E, Article 1, 22-25, Program Memo 10-29(P)

1. Describe how the AAA coordinates its disaster preparedness plans, policies, and procedures for emergency preparedness and response as required in OAA, Title III, Section 310 with:
  - local emergency response agencies,
  - relief organizations,
  - state and local governments, and
  - other organizations responsible

PSA 19 Area Agency on Aging (AAA) coordinates its disaster preparedness plans and activities with AAA subrecipients by requiring agencies to have on a file an updated emergency preparedness plan and by providing emergency preparedness resources for each agency. The AAA also plays an integral part in alerting AAA subrecipients of adverse weather conditions as well as any other potential circumstances that may result in a disruption of services. Upon determining the scope of the disaster in terms of its effect on AAA clients, the AAA emergency coordinator will report to the California Department of Aging (CDA) for relay to the State Office of Emergency Services and the Federal Emergency Management Agency. The AAA emergency coordinator will also assist in linking impacted older adults to the nearest Disaster Assistance Center and comply with completing the required CDA reports.

The AAA continues to coordinate its disaster preparedness activities with County of Los Angeles Aging & Disabilities (AD) Department Adult Protective Services (APS) and AD Internal Support Services (ISS) to carry out emergency support functions and non-deferrable services. The AAA places a high commitment on serving the most vulnerable populations in Los Angeles. This includes advocating for older adults and individuals with disabilities to be included in the emergency planning process. Through collaboration with the City of Los Angeles Parks and Recreation, Los Angeles County Departments of Public Health, Public Works, Health Services, Mental Health, Parks and Recreation, and Office of Emergency Management, and the AAA is a member of the Sandbags for Seniors Project. The AAA's participation in these projects has provided essential resources for the AAA to expand emergency preparedness policies for its subrecipients. The AAA recognizes the importance of inclusive planning and is actively exploring opportunities to engage additional target populations, such as tribal communities and organizations. To support this effort, the AAA is collaborating with the Los Angeles County Native American Indian Commission to identify meaningful ways to connect and partner. These efforts aim to ensure comprehensive preparedness strategies that address the needs of all populations within the region.

2. Identify each of the local Office of Emergency Services (OES) contact person(s) within the PSA that the AAA will coordinate with in the event of a disaster (add additional information as needed for each OES within the PSA):

Name	Title	Telephone	Email
Jessie Commer	Emergency Program Manager	Office: 323-980-2263	Jcomer@ceooem.lacounty.gov

3. Identify the Disaster Response Coordinator within the AAA:

Name	Title	Telephone	Email
Michael Gavigan (AAA Emergency Coordinator)	Human Services Administrator I	Office: Cell: (323) 807-8651	Mgavigan@ad.lacounty.gov

4. List critical services the AAA will continue to provide to the participants after a disaster and describe how these services will be delivered (i.e., Wellness Checks, Information, Nutrition programs):

Critical Services	How Delivered?
<b>A. Congregate Meals</b>	<b>A.</b> Depending on the nature of the disaster, the AAA emergency coordinator will coordinate with site directors to ensure alternate arrangements for service delivery
<b>B. Home Delivered Meals</b>	<b>B.</b> All active home-delivered meal clients receive a minimum of 3 shelf-stable meals to consume in the event of a disruption to normal meal services. These meals are provided with instructions.
<b>C Telephone Reassurance</b>	<b>C.</b> Our PSA 19 proactively instructs our AAA service providers to conduct telephone assurance calls to vulnerable participants to ensure safety.

5. List critical services the AAA will provide to its operations after a disaster and describe how these services will be delivered (i.e., Cyber Attack, Fire at your building, Evacuation of site, Employee needs)

Critical Services	How Delivered?
<b>A. Communication to Service Providers</b>	<b>A.</b> PSA 19 informs our AAA service providers of resources during an emergency event that include but not limited to: Alert LA County, LA County food zones, road closures, and emergency survival guide.
<b>B. Continuity of Operations for Nutrition Program</b>	<b>B.</b> Work with contractors to ensure congregate meal and home delivered

	meal recipients continue to receive meals.
<b>C. Remote work and equipment</b>	<b>C. The</b> AAA has the necessary equipment, such as laptops, cell phones, and secure access to the agency's systems via VPNs, to work remotely and ensure continuous operations during a disaster. This includes access to essential software, cloud-based systems for real-time document sharing, and remote communication tools like email and video conferencing. AAA department wide cloud based system are available for all systems including payroll and client management. In addition to remote working at home, AAA has over a dozen alternative work sites throughout the County of Los Angeles.
<b>D</b>	<b>D</b>

6. List critical resources the AAA needs to continue operations.
  - Service Provider, staff and client data
  - Partner agencies, such as, Los Angeles County Department of Public Works, Department of Public Health, Department of Public Works and Office of Emergency Management
  - Aging & Disabilities Senior and Community Centers
7. List any agencies or private/non-government organizations with which the AAA has formal or nonformal emergency preparation or response agreements. (contractual or MOU)
  - Los Angeles County Office of Emergency Management
8. Describe how the AAA will:
  - Identify vulnerable populations:
  - Identify possible needs of the participants before a disaster event (PSPS, Flood, Earthquake, ETC)
  - Follow up with vulnerable populations after a disaster event.

In the event of an emergency, disaster, or disruption in normal service delivery, the AAA identifies vulnerable populations through direct contact with our service providers. In addition, the AAA receives referrals from Adult Protective Services and other agencies that have identified vulnerable population which include other health and human services departments in the Los Angeles region.

The AAA maintains a list of staff and clients through direct contact with service providers. In addition, the AAA receives referrals from Adult Protective Services and other agencies that have identified potential client needs. The AAA issues alerts, such as, PSPS, heat/weather, flood, and Great Shake Out through our networks in the interest of ensuring the communities we serve are informed and prepared for potential emergencies.

The AAA will link these vulnerable populations with the appropriate services and to the nearest Disaster Assistance Center. The AAA will follow-up with service providers to assure adequate services are in place. Furthermore, the AAA works closely with Adult Protective Services to ensure that the most vulnerable populations are being served.

9. How is disaster preparedness training provided?

- AAA to participants and family caregivers
- To staff and subcontractors

The AAA issues notifications of disaster preparedness trainings that are available from the California Department of Aging and other partner agencies to participants and family caregivers through our networks in the interest of ensuring the communities we serve are informed and prepared for potential emergencies.

The AAA issues notifications of disaster preparedness trainings that are available from the California Department of Aging and other partner agencies to staff and contractors through our networks in the interest of ensuring the staff and subcontractors are informed and prepared for potential emergencies.

## **SECTION 12. DISASTER PREPAREDNESS (PSA 25)**

**Disaster Preparation Planning** Conducted for the 2024-2028 Planning Cycle Older Americans Act Reauthorization Act of 2020, Section 306(a)(17); 310, CCR Title 22, Sections 7529 (a)(4) and 7547, W&I Code Division 8.5, Sections 9625 and 9716, CDA Standard Agreement, Exhibit E, Article 1, 22-25, Program Memo 10-29(P)

1. Describe how the AAA coordinates its disaster preparedness plans, policies, and procedures for emergency preparedness and response as required in OAA, Title III, Section 310 with:
  - local emergency response agencies,
  - relief organizations,
  - state and local governments, and
  - other organizations responsible

The LADOA would respond to an emergency incident in the City of Los Angeles through the use of both a Department of Aging Emergency Plan (DAEP) and Continuity of Operation Plan (COOP) (both are updated annually) which covers topics such as employee preparedness and safety; training personnel and testing plans; identification and prioritization of critical functions; contingency plans and operating procedures; and citywide recovery responsibilities. These plans are either activated by the Mayor or decided by the AAA Director given the nature of the emergency incident.

These plans are but one aspect of PSA 25's formal working relationship with the City of Los Angeles Emergency Management Department (EMD) and through EMD, the Mayor's Office and such first responder agencies such as the Los Angeles Police Department and Los Angeles Fire Department. The LADOA is not tasked with and does not act in the capacity of a first responder agency, but works through the City structure set up to manage emergency incidents [the Emergency Operations Center (EOC) run by EMD]. The EOC is activated by the City and as needed, PSA 25 may be requested to participate in EOC operations.

As a result of the COVID-19 health crisis, PSA 25 in mid-March 2020 activated its COOP which has a new annex designed to cover COVID-19 response work. As a result of this COVID-19 COOP annex, the department transitioned to a partial office shutdown with staff telecommuting half time. In addition, in anticipation of the City transitioning to staff using cellphones instead of desk phones, the PSA 25 requested expedited transitioning to cell phone use. This was granted before the end of March 2020, all staff were issued cell phones. This has allowed staff to successfully work from home on the half-time basis.

Also, PSA 25 purchased special software licenses which allowed for staff to access the City based information systems such as the Financial Management System which is used for purchasing and accounting functions; Distributed Time (D-Time) which is used for payroll/labor time entry; and the Client Tracking System (CTS) which PSA 25 uses for tracking service performance data for CDA. The PSA 25 management team has been working seven days a week from Mid-March and PSA 25 Division Heads and line staff have worked hundreds of hours of overtime as well to respond to the COVID-19 crisis. The focus of the response work has been to convert C1 program meals to C2 based meals given that the sub-recipient focal point agencies closed down their Multipurpose Senior Centers (MPCs) and subsequently, Congregate Meals on-site and satellite meals service. In addition, with the partnership of the City's leadership, extra funding and public messaging about expanded C2

meals resulted in thousands of extra I&A queries for older adults to be added to the nutrition program as new clients. This also included adapting new delivery protocols at all junctures of the delivery chain to reduce risk, including but not limited to “no contact drop-off” between drivers and older adult meal recipients.

The PSA 25, as a City department, for non-COVID-19 emergency incidents, would also work and assist with the City’s overall emergency response and recovery efforts as directed by the Mayor. Other PSA 25 long-term disaster plan/activities coordination include:

- Working with various groups/agencies such as the Los Angeles Unified School District, American Red Cross, and the City of Los Angeles Recreation and Parks Department (which is the lead for Mass Care functions). The purpose of these partnerships is to provide technical assistance to agencies responding to disasters or engaged in emergency management planning regarding the special needs of older adults and family caregivers.
- Consistently encourage PSA 25 sub-recipients to enhance their emergency plans (required by their Request for Proposal response) and conduct Evacuation Drills twice a year (with staff, volunteers, participants, and guests) as part of their plans. Also, PSA 25 encourages sub-recipients to provide continuing educational opportunities for older adults to prepare for emergencies. The PSA 25 itself has offered a training program with an emergency go-kit for older adult participants in these focal point-based trainings.
- Improving the internal emergency management response of PSA 25 allowing enhanced availability of staff in a post-disaster situation. Examples of process improvements include providing staff emergency kits in the office; placing emergency kits in field vehicles; use of cellphone bases communications so that staff is while in the field they can stay connect to their supervisors; re-designing staff workshops on how to prepare for emergencies at home, in the office; and re-designing and then distributing Employee Emergency Guides.

PSA 25 is currently coordinating emergency and disaster preparedness efforts with the Southern Californian Indian Center, as well as other local tribal organizations. In the event of an emergency or disaster, the staff support team referenced in this section will provide the needed intervention as expeditiously as possible.

2. Identify each of the local Office of Emergency Services (OES) contact person(s) within the PSA that the AAA will coordinate with in the event of a disaster (add additional information as needed for each OES within the PSA):

Name	Title	Telephone	Email
Crisanta Gonzalez	Division Manager, Community Emergency Management Division, Emergency Management Department, City of	<b>Office:</b> (213) 484-4808	crisanta.gonzalez@lacity.org

	Los Angeles.		
--	--------------	--	--

3. Identify the Disaster Response Coordinator within the AAA:

Name	Title	Telephone	Email
Daniel Kim	Deputy Director	<b>Office:</b> (213)238-3445	daniel.kim@lacity.org

4. List critical services the AAA will continue to provide after a disaster and describe how these services will be delivered (i.e., Wellness Checks, Information, Nutrition programs):

Critical Services	How Delivered?
<b>A.</b> Maintain AAA operations	<b>A.</b> Assess operations (status of staff, office use, systems, working with City staff).
<b>B.</b> Home Delivered Meals	<b>B.</b> Work with service providers, City stakeholders, Community stakeholders, and private vendors to obtain and maintain resources needed for C2 operations.
<b>C.</b> Emergency Alert Response System	<b>C.</b> Work with EARS vendors and City first responders to carry out welfare checks and respond as necessary.
<b>D.</b> Congregate Meals	<b>D.</b> Work with sub-recipients, City stakeholders, Community stakeholders, and private vendors to obtain and maintain resources for C-1 operations.

5. List critical services the AAA will provide to its operations after a disaster and describe how these services will be delivered (i.e., Cyber Attack, Fire at your building, Evacuation of site, Employee needs)

Critical Services	How Delivered?
<b>A.</b> City Vehicles	<b>A.</b> The Department of Aging has city vehicles that can be used to deliver services
<b>B.</b> Disaster Service Workers	<b>B.</b> All city workers are required to take an oath to be disaster service workers in

	time of need, their support can help maintain program operations
<b>C. Equipment to work remotely (cellphones, laptops, digital files, etc.)</b>	<b>C. Employees have the necessary equipment to work remotely to maintain the flow of operations and mitigate disruptions</b>
<b>D</b>	<b>D</b>

6. List critical resources the AAA needs to continue operations.

- Funding to financially support the operations and provide resources to participants
- Support from partners, private vendors, service providers, agencies, and stakeholders to help continue the operation of services
- Vehicles, to continue the home delivered meals program, and to transport participants to our programs for those who are home-bound.
- The City of Los Angeles Emergency Management Department to connect us with first responders

7. List any agencies or private/non-government organizations with which the AAA has formal or nonformal emergency preparation or response agreements. (contractual or MOU)

PSA 25 works with the City of Los Angeles Emergency Management Department, which is the umbrella organization linking the AAA to first responders such as the Los Angeles Police Department and the Los Angeles Fire Department. PSA 25 has multiple but informal working relationships with other agencies and groups, especially with the formation of PSA 25's Purposeful Aging Los Angeles (PALA) Initiative, which links PSA 25 with City departments, community groups, and Los Angeles County entities working on a wide array of older adults and family caregiver issues including emergency preparedness and response needs.

8. Describe how the AAA will:

- Identify vulnerable populations.

PSA 25 will use in-house secured data regarding Emergency Alert Response System and C-2 clients in association with the sub-recipients to identify homebound clients to conduct welfare checks.

- Identify possible needs of the participants before a disaster event (PSPS, Flood, Earthquake, ETC)

Participants have indicated that they need emergency preparedness plans for their long-term care facility/apartment complexes. They also need drills to be practiced so they and their caregivers can prepare for disaster events, and so they are aware of what safety measures to take and what they should carry in their emergency packets.

- Follow-up with vulnerable populations after a disaster event.

After the above-described vulnerable populations identification process, PSA 25 will conduct follow-up queries with the sub-recipients using PSA 25 staff, City stakeholders, Community stakeholders, and private vendors as necessary. For example, as a response

to the COVID-19 crisis, PSA 25 has identified community partners such as Everytable, a private catering vendor, to help provide extra hot meals for delivery to new (numbering in the thousands) and existing C1 clients. Since C1 meals cannot be served on-site, in addition, the EARS vendors would carry out welfare checks on the EARS homebound clients and keep PSA 25 informed of client service needs.

9. How is disaster preparedness training provided?

- AAA to participants and caregivers

The AAA issues notifications of disaster preparedness trainings that are available from the California Department of Aging and other partner agencies to participants and family caregivers through our networks in the interest of ensuring the communities we serve are informed and prepared for potential emergencies.

- To staff and subcontractors

PSA 25 will provide periodic tests, training, and exercises to ensure that staff and subcontractors are prepared and informed for potential emergencies. This is done through periodic testing of the alerts and notification systems, ensuring staff are adequately trained to address any potential emergencies, and periodic exercises to test the implementation of emergency plans.

### **SECTION 13. NOTICE OF INTENT TO PROVIDE DIRECT SERVICES (PSA 19)**

CCR Article 3, Section 7320 (a)(b) and 42 USC Section 3027(a)(8)(C)

If AAA plans to directly provide any of the following services, it is required to provide a description of the methods that will be used to assure that target populations throughout the PSA will be served.

Check if not providing any of the below-listed direct services.

Describe methods to be used to ensure target populations will be served throughout the PSA.

The Los Angeles (LA) County AAA conducts ongoing outreach activities in communities throughout the County to ensure that under-served, low-income, Limited English Proficient, and minority populations are aware of the services available to them. The LA County InfoVans and the Information and Referral Specialists play an integral part in our continuous efforts to inform the public about our services. Staff attend cultural celebrations, health fairs, community forums as well as other activities to reach targeted populations and distribute information on available services.

In addition, as part of the LA Found program, staff will be issuing, consulting, and educating family caregivers on the tracking bracelets to assist family caregivers with locating their loved ones if they go missing. It will help family caregivers reduce the daily ongoing stress and burnout

that occurs when taking care of an individual with a cognitive impairment who wanders. Individuals wearing a device have a higher likelihood of being found quicker, therefore, reducing the potential for injury or death for the older adult and reducing costs in healthcare for the recipient and family caregiver undergoing that situation.

Describe methods to be used to ensure target populations will be served throughout the PSA.

PSA 25 will implement a comprehensive outreach strategy to reach target populations throughout the PSA using different methods of communications such as a digital platform, in person, phone, and through partnerships with agencies and service providers. PSA 25 has a website for the public to navigate the services and resources available. A front desk to answer the mainline and to direct phone calls to the necessary providers is also offered. LADOA also has a Program Management Division with monitors who conduct site visits and data analysis of program outcomes/outputs. Program Monitors support in tracking goals to ensure benchmarks are met; case managers are also provided both by LADOA and agencies to address issues or concerns and develop an action plan to resolve any gaps in the programs provided to improve service delivery.

VACANT	
VACANT	

**Indicate which member(s) represent each of the “Other Representation” categories listed below.**

**Yes No**

- Low Income Representative
- Disabled Representative
- Supportive Services Provider Representative
- Health Care Provider Representative
- Local Elected Officials
- Individuals with Leadership Experience in Private and Voluntary Sectors
- Family Caregiver, including older relative caregiver
- Tribal Representative
- LGBTQ Identification
- Veteran Status

**Explain any “No” answer(s):**

Currently no member represents a tribal group, however, as advisory council member terms expire, PSA 19 will make planned efforts to engage older adults to become advisory council members in all categories to have representation of all categories.

**Explain what happens when the term expires, for example, are the members permitted to remain in their positions until reappointments are secured? Have they been replaced, renewed or other?**

Members are either replaced or reappointed when their terms expire.

**Briefly describe the local governing board’s process to appoint Advisory Council members:**

Los Angeles County Commission for Older Adults (LACCOA) consists of twenty-five (25) members appointed by the Board of Supervisors (Board) and equally apportioned between the five (5) supervisorial districts. Each of the five (5) Supervisors appoint their commissioners. The Los Angeles County Area Agency on Aging recommends two (2) qualified candidates per supervisorial district.

- Health Care Provider Representative
- Local Elected Officials
- Individuals with Leadership Experience in Private and Voluntary Sectors
- Family Caregiver, including older relative caregiver
- Tribal Representative
- LGBTQ Identification
- Veteran Status

**Explain any “No” answer(s):**

PSA 25 seeks and will make planned efforts to engage older adults to become advisory council members in all categories to have representation of all categories.

**Explain any expiring terms – have they been replaced, renewed, or other?**

Briefly describe the local governing board's process to appoint Advisory Council Members:

The Los Angeles Council on Aging (LACoA) is the advisory Council for PSA 25. LACoA is composed of 15 members at large, no more than three of whom shall represent service providers. Additionally, the Mayor and Councilmembers of the City of Los Angeles are encouraged to nominate representatives for their Council District. LACoA represents the diversity of the City's older Adult and Family caregiver population.

Members are appointed by the General Manager of the Los Angeles Department of Aging (LADOA) for a term of one calendar year. In June of each year, existing members, and prospective new members may apply for membership for the following years. Unsolicited applications shall be received and filed for consideration. Members will be deemed to have resigned their membership if they are absent from two consecutive Full Council and/or Standing Committee meetings without giving prior notice.

LACoA will be led by the Chairperson and the Committee Chairpersons for the Standing committees. LACoA members will be asked for their recommendations for Chairperson to be appointed by the General Manager of the LADOA for a term of one year. The LACoA Chairperson will serve no more than two consecutive terms. A Chairperson will be eligible for re-appointment to the position, once, at least, one term has passed.

Standing Committee Chairpersons will be appointed by the LACoA Chairperson in consultation with the General Manager of the LADOA, for a term of one calendar year. Standing Committee Chairpersons serve at the pleasure of the LACoA Chairperson.

Full Council meetings are held on the second Thursday of every other month. LACoA Leadership will meet regularly with the LADOA General Manager. Ad-hoc committees will meet as required. Meetings will take place at the Department of Aging unless alternate locations are previously approved by the LACoA Chairperson and LADOA staff liaison.

## **SECTION 19. ASSURANCES (PSA 19 & 25)**

Pursuant to the Older Americans Act Reauthorization Act of 2020, (OAA), the Area Agency on Aging assures that it will:

### **A. Assurances**

#### **1. OAA 306(a)(2)**

Provide an adequate proportion, as required under Older Americans Act Reauthorization Act of 2020 Section 307(a)(2), of the amount allotted for part B to the planning and service area will be expended for the delivery of each of the following categories of services—

- (A) services associated with access to services (transportation, health services (including mental and behavioral health services) outreach, information and assistance, (which may include information and assistance to consumers on availability of services under part B and how to receive benefits under and participate in publicly supported programs for which the consumer may be eligible) and case management services);
- (B) in-home services, including supportive services for families of older individuals with Alzheimer's disease and related disorders with neurological and organic brain dysfunction; and
- (C) legal assistance; and assurances that the area agency on aging will report annually to the State agency in detail the amount of funds expended for each such category during the fiscal year most recently concluded;

#### **2. OAA 306(a)(4)(A)(i)(I-II)**

- (I) provide assurances that the area agency on aging will -
  - (aa) set specific objectives, consistent with State policy, for providing services to older individuals with greatest economic need, older individuals with greatest social need, and older individuals at risk for institutional placement;
  - (bb) include specific objectives for providing services to low-income minority older individuals, older individuals with limited English proficiency, and older individuals residing in rural areas; and;
- (II) include proposed methods to achieve the objectives described in (aa) and (bb) of subclause (I);

#### **3. OAA 306(a)(4)(A)(ii)**

Include in each agreement made with a provider of any service under this title, a requirement that such provider will—

- (I) specify how the provider intends to satisfy the service needs of low-income minority individuals, older individuals with limited English proficiency, and older individuals residing in rural areas in the area served by the provider;
- (II) to the maximum extent feasible, provide services to low-income minority individuals, older individuals with limited English proficiency, and older individuals residing in rural areas in accordance with their need for such services; and
- (III) meet specific objectives established by the area agency on aging, for providing services to low-income minority individuals, older individuals with limited English proficiency, and older individuals residing in rural areas within the planning and service

area.

4. OAA 306(a)(4)(A)(iii)

With respect to the fiscal year preceding the fiscal year for which such plan is prepared—

- (I) identify the number of low-income minority older individuals in the planning and service area;
- (II) describe the methods used to satisfy the service needs of such minority older individuals; and
- (III) provide information on the extent to which the area agency on aging met the objectives described in assurance number 2.

5. OAA 306(a)(4)(B)

Use outreach efforts that —

- (i) identify individuals eligible for assistance under this Act, with special emphasis on—
  - (I) older individuals residing in rural areas.
  - (II) older individuals with greatest economic need (with particular attention to low-income minority individuals and older individuals residing in rural areas);
  - (III) older individuals with greatest social need (with particular attention to low-income minority individuals and older individuals residing in rural areas);
  - (IV) older individuals with severe disabilities.
  - (V) older individuals with limited English proficiency.
  - (VI) older individuals with Alzheimer's disease and related disorders with neurological and organic brain dysfunction (and the caretakers of such individuals); and
  - (VII) older individuals at risk for institutional placement, specifically including survivors of the Holocaust; and
- (ii) inform the older individuals referred to in sub-clauses (I) through (VII) of clause (i), and the caretakers of such individuals, of the availability of such assistance;

6. OAA 306(a)(4)(C)

Contain an assurance that the Area Agency on Aging will ensure that each activity undertaken by the agency, including planning, advocacy, and systems development, will include a focus on the needs of low-income minority older individuals and older individuals residing in rural areas;

7. OAA 306(a)(5)

Provide assurances that the Area Agency on Aging will coordinate planning, identification, assessment of needs, and provision of services for older individuals with disabilities, with particular attention to individuals with severe disabilities, and individuals at risk for institutional placement with agencies that develop or provide services for individuals with disabilities;

8. OAA 306(a)(6)(I)

Describe the mechanism(s) for assuring that each Area Plan will include information detailing how the Area Agency will, to the extent feasible, coordinate with the State agency to disseminate information about the State assistive technology entity and access to assistive technology options for serving older individuals.

9. OAA 306(a)(9)(A)-(B)

- (A) Provide assurances that the Area Agency on Aging, in carrying out the State Long-Term Care Ombudsman program under 307(a)(9), will expend not less than the total amount of funds appropriated under this Act and expended by the agency in fiscal year 2019 in carrying out such a program under this title;
- (B) funds made available to the Area Agency on Aging pursuant to section 712 shall be used to supplement and not supplant other Federal, State, and local funds expended to support activities described in section 712;

10. OAA 306(a)(11)

Provide information and assurances concerning services to older individuals who are Native Americans (referred to in this paragraph as "older Native Americans"), including—

- (A) information concerning whether there is a significant population of older Native Americans in the planning and service area and if so, an assurance that the area agency on aging will pursue activities, including outreach, to increase access of those older Native Americans to programs and benefits provided under this title;
- (B) An assurance that the Area Agency on Aging will to the maximum extent practicable, coordinate the services the agency provides under this title with services provided under title VI; and
- (C) An assurance that the Area Agency on Aging will make services under the area plan available, to the same extent as such services are available to older individuals within the planning and service area, to older Native Americans.

11. OAA 306(a)(13)(A-E)

- (A) maintain the integrity and public purpose of services provided, and service providers, under this title in all contractual and commercial relationships;
- (B) disclose to the Assistant Secretary and the State agency—
  - (i) the identity of each nongovernmental entity with which such agency has a contract or commercial relationship relating to providing any service to older individuals; and
  - (ii) the nature of such contract or such relationship.
- (C) demonstrate that a loss or diminution in the quantity or quality of the services provided, or to be provided, under this title by such agency has not resulted and will not result from such contract or such relationship;
- (D) demonstrate that the quantity or quality of the services to be provided under this title by such agency will be enhanced as a result of such contract or such relationship; and
- (E) on the request of the Assistant Secretary or the State, for the purpose of monitoring compliance with this Act (including conducting an audit), disclose all sources and expenditures of funds such agency receives or expends to provide services to older individuals;

12. 306(a)(14)

Provide assurances that preference in receiving services under this Title will not be given by the Area Agency on Aging to particular older individuals as a result of a contract or

commercial relationship that is not carried out to implement this title;

13.306(a)(15)

Provide assurances that funds received under this title will be used—

- (A) to provide benefits and services to older individuals, giving priority to older individuals identified in Section 306(a)(4)(A)(i); and
- (B) in compliance with the assurances specified in Section 306(a)(13) and the limitations specified in Section 212;

14. OAA 305(c)(5)

In the case of a State specified in subsection (b)(5), the State agency shall provide assurance, determined adequate by the State agency, that the Area Agency on Aging will have the ability to develop an area plan and to carry out, directly or through contractual or other arrangements, a program in accordance with the plan within the planning and service area.

15. OAA 307(a)(7)(B)

- i. no individual (appointed or otherwise) involved in the designation of the State agency or an Area Agency on Aging, or in the designation of the head of any subdivision of the State agency or of an Area Agency on Aging, is subject to a conflict of interest prohibited under this Act;
- ii. no officer, employee, or other representative of the State agency or an Area Agency on Aging is subject to a conflict of interest prohibited under this Act; and
- iii. mechanisms are in place to identify and remove conflicts of interest prohibited under this Act.

16. OAA 307(a)(11)(A)

- i. enter into contracts with providers of legal assistance, which can demonstrate the experience or capacity to deliver legal assistance;
- ii. include in any such contract provisions to assure that any recipient of funds under division (i) will be subject to specific restrictions and regulations promulgated under the Legal Services Corporation Act (other than restrictions and regulations governing eligibility for legal assistance under such Act and governing membership of local governing boards) as determined appropriate by the Assistant Secretary; and
- iii. attempt to involve the private bar in legal assistance activities authorized under this title, including groups within the private bar furnishing services to older individuals on a pro bono and reduced fee basis.

17. OAA 307(a)(11)(B)

That no legal assistance will be furnished unless the grantee administers a program designed to provide legal assistance to older individuals with social or economic need and has agreed, if the grantee is not a Legal Services Corporation project grantee, to coordinate its services with existing Legal Services Corporation projects in the planning and service area in order to concentrate the use of funds provided under this title on individuals with the greatest such need; and the Area Agency on Aging makes a finding, after assessment, pursuant to standards for service promulgated by the Assistant Secretary, that any grantee selected is the entity best able to provide the particular services.

18. OAA 307(a)(11)(D)

To the extent practicable, that legal assistance furnished under the plan will be in addition to any legal assistance for older individuals being furnished with funds from sources other than this Act and that reasonable efforts will be made to maintain existing levels of legal assistance for older individuals; and

19. OAA 307(a)(11)(E)

Give priority to legal assistance related to income, health care, long-term care, nutrition, housing, utilities, protective services, defense of guardianship, abuse, neglect, and age discrimination.

20. OAA 307(a)(12)(A)

Any Area Agency on Aging, in carrying out such services will conduct a program consistent with relevant State law and coordinated with existing State adult protective service activities for -

- i. public education to identify and prevent abuse of older individuals.
- ii. receipt of reports of abuse of older individuals.
- iii. active participation of older individuals participating in programs under this Act through outreach, conferences, and referral of such individuals to other social service agencies or sources of assistance where appropriate and consented to by the parties to be referred; and
- iv. referral of complaints to law enforcement or public protective service agencies where appropriate.

21. OAA 307(a)(15)

If a substantial number of the older individuals residing in any planning and service area in the State are of limited English-speaking ability, then the State will require the Area Agency on Aging for each such planning and service area -

(A) To utilize in the delivery of outreach services under Section 306(a)(2)(A), the services of workers who are fluent in the language spoken by a predominant number of such older individuals who are of limited English-speaking ability.

(B) To designate an individual employed by the Area Agency on Aging, or available to such Area Agency on Aging on a full-time basis, whose responsibilities will include:

- i. taking such action as may be appropriate to assure that counseling assistance is made available to such older individuals who are of limited English-speaking ability in order to assist such older individuals in participating in programs and receiving assistance under this Act; and
- ii. providing guidance to individuals engaged in the delivery of supportive services under the area plan involved to enable such individuals to be aware of cultural sensitivities and to take into account effective linguistic and cultural differences.

22. OAA 307(a)(18)

Conduct efforts to facilitate the coordination of community-based, long-term care services, pursuant to Section 306(a)(7), for older individuals who -

- (A) reside at home and are at risk of institutionalization because of limitations on their ability to function independently;
- (B) are patients in hospitals and are at risk of prolonged institutionalization; or
- (C) are patients in long-term care facilities, but who can return to their homes if community-based services are provided to them.

23. OAA 307(a)(26)

Area Agencies on Aging will provide, to the extent feasible, for the furnishing of services under this Act, consistent with self-directed care.

B. Code of Federal Regulations (CFR), Title 45 Requirements:

24. CFR [1321.53(a)(b)]

(a) The Older Americans Act intends that the area agency on aging shall be the leader relative to all aging issues on behalf of all older persons in the planning and service area. This means that the area agency shall proactively carry out, under the leadership and direction of the State agency, a wide range of functions related to advocacy, planning, coordination, inter-agency linkages, information sharing, brokering, monitoring and evaluation, designed to lead to the development or enhancement of comprehensive and coordinated community-based systems in, or serving, each community in the Planning and Service Area. These systems shall be designed to assist older persons in leading independent, meaningful and dignified lives in their own homes and communities as long as possible.

(b) A comprehensive and coordinated community-based system described in paragraph (a) of this section shall:

(1) Have a visible focal point of contact where anyone can go or call for help, information or referral on any aging issue;

(2) Provide a range of options:

(3) Assure that these options are readily accessible to all older persons: The independent, semi-dependent and totally dependent, no matter what their income;

(4) Include a commitment of public, private, voluntary and personal resources committed to supporting the system;

(5) Involve collaborative decision-making among public, private, voluntary, religious and fraternal organizations and older people in the community;

(6) Offer special help or targeted resources for the most vulnerable older persons, those in danger of losing their independence;

(7) Provide effective referral from agency to agency to assure that information or assistance is received, no matter how or where contact is made in the community;

(8) Evidence sufficient flexibility to respond with appropriate individualized assistance, especially for the vulnerable older person;

(9) Have a unique character which is tailored to the specific nature of the community;

(10) Be directed by leaders in the community who have the respect, capacity and authority necessary to convene all interested persons, assess needs, design solutions, track overall success, stimulate change and plan community responses for the present and for the future.

25. CFR [1321.53(c)]

The resources made available to the Area Agency on Aging under the Older Americans Act are to be used to finance those activities necessary to achieve elements of a community-based system set forth in paragraph (b) of this section.

26. CFR [1321.53(c)]

Work with elected community officials in the planning and service area to designate one or more focal points on aging in each community, as appropriate.

27. CFR [1321.53(c)]

Assure that services financed under the Older Americans Act in, or on behalf of, the community

will be either based at, linked to or coordinated with the focal points designated.

**28.CFR [1321.53(c)]**

Assure access from designated focal points to services financed under the Older Americans Act.

**29.CFR [1321.53(c)]**

Work with, or work to assure that community leadership works with, other applicable agencies and institutions in the community to achieve maximum collocation at, coordination with or access to other services and opportunities for the elderly from the designated community focal points.

**30.CFR [1321.61(b)(4)]**

Consult with and support the State's long-term care ombudsman program.

**31.CFR [1321.61(d)]**

No requirement in this section shall be deemed to supersede a prohibition contained in the Federal appropriation on the use of Federal funds to lobby the Congress; or the lobbying provision applicable to private nonprofit agencies and organizations contained in OMB Circular A-122.

**32.CFR [1321.69(a)]**

Persons age 60 and older who are frail, homebound by reason of illness or incapacitating disability, or otherwise isolated, shall be given priority in the delivery of services under this part.

## **Older Californians Act (OCA) Modernization Supplemental Summary**

Program Memo 23-13 outlines the funding intent, allowable activities, and distribution of general funds for modernizing the Mello-Granlund Older Californians Act. Funding for these efforts include State General Funds granted in response to the AAAs network's legislative proposal. If the AAA is using the modernization funding to expand the scope of the existing OCA programs and/or fund community-based service programs, the supplemental summary document of the actions being taken at the AAA should be completed. The narrative summary should include programmatic actions being funded and the services provided including Nutrition Modernization programs.

Not Participating in OCA Modernization

**Description of program(s) being funded:**
